Aldermen Suffer But Estimates Now In Line

Anguished cries heard emanating from the city hall this week came from aldermen who saw estimates of their departments ruthlessly slashed to bring estimated expenditures in line with estimated revenue for this year.

To secure a balance, council had to lop off \$191,817 from the estimates originally submitted.

Working all day Monday, council whittled them down until only a mere bagatelle of \$81,000 remained to be slashed. It took five hours of further "figuring" on Wednesday night and the death of many cherished projects to eliminate the \$81,000 excess.

Estimates amounted to \$1,368,115. Estimate revenue is \$1,176,298.

Decision On Hospital Is With Voters

The climax of a concerted campaign to institute Modern Era hospitalization in Penticton will occur on Saturday.

City ratepayers will be asked to vote "yes" or "no" on a proposed \$1,150,000 hospital by-law... and if a preponderance of them vote "yes", a dream of architecture featuring the latest in lay-out and design will take the place of the antiquated thing of wood and plaster which for 38 years has served as the only hospital in Penticton and district.

It has an admirable record of service and more sentimental figures in the local hospital administration scene will be sorry to see its demise. But in an area which has doubled its population during the last decade, the "old-timer" is obviously and pathetically inadequate for the treatment of Penticton's sick and injured. It is worn out, decrepit, ready for a well-earned retirement.

At a recent meeting of the hospital board, a long-time member flipped the 186 pages of a bulging manuscript which constituted the solution to Penticton's hospitalization dilemma.

"Over the years, I've read many specifications," he said, "and these are the most complete I've ever seen."

New Hospital Would Solve Problems

If the by-law gains a "yes" ballot and when the new hospital is ready for operation about 18 months from now, every perplexity now harassing local officials will be eliminated. Improvisation—some of it quite ingenious—and hospital routine dating back to the Great War era will be things of the past, forgotten in an atmosphere of efficiency and ease.

Takes for instance the present practice of supplying oxygen so important to doctors in operations. Now it is provided in the form of unwieldy cylinders wheeled to the operating rooms. In the proposed new hospital, it will be supplied by an intricate oxygen suction piping system with 47 outlets; the machinery consists of two batteries of five cylinders each and is located in the basement.

Consider, too, the provision of another item rather important in the practice of medicine: hot water. "Last winter, we had a tough time getting enough hot water," said hospital administrator E. F. Macdonald. "We were just screaming for it. In the new hospital, it will be supplied by a high pressure boiler plant... and there'll be lots of it at any time."

Waiting List Would Be Eliminated

Construction of a new hospital, Mr. Macdonald pointed out, would "effect other benefits of a dollar-and-cent nature. The influx of labor wouldn't exactly be frowned upon by city merchants... and city fathers. "And," Mr. Macdonald added, "new hospital would employ from 125 to 150 on its staff and its \$950,000 payroll would be one of the biggest in the city. The salary budget for the current hospital is about \$160,000 and 80 persons are employed."

Economic considerations are secondary, however. The major consideration is the fact that "the monstrosity on the hill" just can't provide the best hospital accommodation for the Southern Okanagan Valley. As a matter of fact, there are now 130 persons waiting for admittance in the city. The salary budget for the current hospital is about \$160,000 and 80 persons are employed."

The voters will decide whether or not the same number of potential patients are waiting for treatment late in 1952. No one will be waiting if the hospital by-law is passed.

Ample Service Facilities Provided

In appearance, the edifice destined for construction on Carmi Road resembles a vast Maltese cross of reinforced concrete two storeys high. Equipment in the basement includes boiler room apparatus, the aforementioned oxygen suction piping system and an emergency generator, powered by a gas engine, capable of supplying electricity in cases of failure. There is also a system of ventilation for operating and delivery rooms. An entire wing of the basement will be reserved for storage of pharmaceutical supplies, records, linen, bedspreads and mattresses. Combined with a large kitchen are refrigerating rooms for meat, dairy products, vegetables and garbage, respectively. There is also a cafeteria for the hospital staff.

On the ground floor are office space for the board of directors, hospital administrator, secretary and the stenographic and accounting staff; a doctors' and nurses' lounge; waiting, consultation, X-ray, public health and syringe rooms; a pediatric ward consisting of three four-bed rooms, four two-bed rooms and two isolation rooms and a laboratory, which is in no risk of gaining from satirical puns the synonym "Grand Central Station." An added feature: a concessions stand operated by the Canadian National Institute for the Blind which will supply magazines, cigarettes, fruit and confectionery.

Operating Rooms Abreast Of Times

The first floor is chiefly devoted to maternity and surgery, including in its lay-out one recovery room, four labor rooms and two delivery rooms. There are two major operating rooms and one room for minor operations, a space reserved for central supply, a nursery and a total of 20 beds in public and private wards.

The top floor houses the remainder of the 110 beds in both private and public categories.

That's the general lay-out of the proposed new hospital. Impressive as they are, improvements in hospital procedure which it will provide become even more outstanding when compared to their outdated counterparts existing in the present Penticton hospital of vintage 1913.

"The operating rooms, for example," said Mr. Macdonald, "There will be three of them, all larger, better equipped, better lighted and better ventilated than the one in use now. That oxygen suction system will help, too."

Elevators For Increased Efficiency

Continuing his analysis, Mr. Macdonald pointed out the marked economy in time and labor provided by the nurses' stations, glass-partitioned to afford a view of every corridor; by the central supply rooms with their stores of special drugs and sterilized dressings; the combination of a large kitchen in the basement where the food is prepared and dispensing kitchens in which the food can be arranged to conform with special diets.

Linking the supply of drugs and food in the basement with consumers on three floors will be two passenger elevators, each with a capacity of 4000 pounds, simply controlled by push-buttons and absolutely foolproof. (Continued on Page 5)

ROYALTY WAS FITTINGLY ENTERTAINED in Penticton on Tuesday when the three charming misses pictured above, the Washington State Apple Blossom Festival Queen Lily Jo Hammans, (centre), and princesses Barbara Bell (left), and Odette Hamilton (right), were entertained by the Penticton Peach Festival Association committee. Junior Chamber of Commerce and Board of Trade at dinner held in the Incoala Hotel. Later, the Royal party appeared on the stage of the Capitol theatre. Mayor and Mrs. W. A. Rathbun then entertained the visitors at a coffee party at their home. Accompanying the Blossom Queen and her entourage were Mrs. James Garret, royal chaperon, and Vince Earheart, publicity chairman of the Washington State festival. The three-day festival is scheduled for May 3-5.

Two By-Laws To Be Voted On Saturday

City property-owners will go to the polls Saturday to vote on two by-laws of paramount importance to the progress of Penticton.

Of major significance is the by-law asking for permission of the citizenry to build a \$1,150,000 hospital — at a cost to the city of only \$384,000 — to replace the current antiquated structure which is deemed inadequate for the hospitalization needs of the community.

The other involves amendments to the by-law authorizing the current bus franchise of the Columbia Coach Ways Ltd. and is directed to improvement of transportation service in Penticton and district.

The only polling station is the City Hall on Main street which will remain open from 8 a.m. to 8 p.m. Returning officer for the voting is A. T. Longmore.

Senior High School Students Convene Here This Week-End

Representatives of high schools from points throughout the Okanagan Valley and nearby American centres will gather in Penticton this week-end for the Senior Students' Council.

Beginning Friday with a banquet and dance, the conference will officially open with a business session on Saturday morning.

Guest speaker at the banquet Friday evening to which school board members have been invited will be Mayor W. A. Rathbun. A Turnbull, school inspector, will address the delegates Saturday morning. Topics arranged for discussion by the students are fine arts, social functions, athletics in high schools and the financial aspects of school life.

Similkameen River Takes Three Lives

Prompt action by fellow workers saved the lives of two Cawston sawmill hands last Friday, when the ferry in which they were crossing the swollen Similkameen River, five miles south of Cawston, capsized, drowning their three companions.

Premier Rejects Tax Moratorium For Orchardists

There will be no tax moratorium for Okanagan fruit growers who suffered losses due to the frosts of the 1949-50 winter.

This was the decision made in the legislature Wednesday when a proposal from the opposition benches was defeated by 26 votes to 13.

Premier Byron Johnson declared "we cannot weaken the credit of the Okanagan municipalities by freezing the tax. Such a move would prevent loans from being made for schools, hospitals, and housing."

"No moratorium would better serve the interests of those you are trying to protect," he told the opposition.

Okanagan MLAs voted with the CCF members favoring the freeze.

RETURNED FROM WINTER MEDITERRANEAN CRUISE

Mr. and Mrs. R. W. Craig have returned to Naramata following an extended winter vacation spent mostly in the Mediterranean. They visited in Eastern Canada during the late weeks of last year and then proceeded to Haiti and from there embarked on a winter cruise of the Mediterranean.

The men were returning from work when the manually operated cable ferry was caught in a whirlpool and overturned.

Trapped beneath the craft were Francis Robert, Dagman, 30, of Cawston, whose body was recovered Saturday afternoon; George LeLievre, 26, of Ollalla and Ray Lever, 17, of Cawston.

Mr. LeLievre's father, a widower, is a resident of Penticton. Two seventeen-year-old youths, Ronald Stuart, of Ollalla and Haviland Cook, of Cawston, were swept toward the shore and were finally rescued by men who had previously made the crossing.

One youth was swept onto a sandbar and was taken off to safety. The other was taken from the water.

One of the rescued men stated that the ferry was held firmly by the rigid cable when caught in the eddy. "If the boat had not been on the cable it would have swung round with the current," he said.

The cable was installed last year when the Workmen's Compensation Board ruled that it was unsafe to row the boat across the river.

Search parties comprising workers from the sawmill are still dragging the river in an effort to recover the bodies of the two men.

DEALER CHARGED

A Penticton secondhand dealer was fined \$40 and costs when he appeared before Magistrate G. A. McLelland in police court this week and faced four charges of purchasing articles from persons under the age of 16, contrary to a city by-law.

COTS, PEACHES, CHERRIES HIT BY COLD SNAP

Serious blows were struck at the southern Okanagan's soft fruit crops last night as temperatures dropped to points varying from 18 at Summerland to 21.4 in Penticton and 25 in Oliver.

Justified pessimism was rampant among Penticton soft fruit growers this morning following several hours of extremely low temperatures here which may have killed off a greater portion of the blossoms.

Frost Damage Believed Light At Summerland Experimental Station

Fears for the safety of the soft fruit crop in the Summerland district have been greatly reduced following today's inspection by officials of the Summerland Experimental Station.

Following last night's registered 18 degrees of frost it was thought that widespread damage would be sustained.

A check of the station orchards this morning, revealed that no apparent damage has been sustained by the peach trees.

Cherry buds appear to be dead, the report states, and all apricot blossoms have been killed off.

The cot buds are apparently unharmed.

At present no damage is shown on apple and pear trees.

Last night's temperature at the station is the lowest for many years.

Previous record for April was set on April 17, 1927 when the thermometer read 22 degrees.

Tenders Opened For High School Gym, Auditorium

Penticton will have a \$200,000 gymnasium and auditorium if the recommendations of the school board are accepted by the Department of Education in Victoria.

Tenders for the construction were opened last week and one for \$190,990, submitted by the C. J. Oliver Company, Vancouver, was accepted subject to the approval of the department.

Other tenders submitted were: Howden Construction Company (\$229,500); Kenyon and Company (\$195,194) and the Dalrymple Construction Company (\$205,270.89).

This is the second time that tenders have been called for the project. Previously the plan was shelved when costs proved to be beyond reach of the board's finances.

Officials of the board state that work on the new building will start as soon as the approval of the education department is obtained.

RED CROSS TO HOLD SALE

A rummage sale to realize the \$300 needed to fulfill Penticton Red Cross Society's quota in the national drive for funds will be held on April 28. Persons wishing to donate articles for sale are advised that the Red Cross Centre will be open every afternoon for reception. Mrs. F. Hall heads the committee in charge of arrangements.

A month ago an unexpected fall in temperature after warm weather had brought apricot trees into bloom, dealt a serious blow to the soft fruit and many growers lost their total potential crop.

SUMMERLAND SCOUT GOING TO AUSTRIA

SUMMERLAND — Richard Lewis has received official recognition of the fact that he is one of the five top Boy Scouts in British Columbia and with the honor goes a trip to Salzburg, Austria, scene of the World Scout Jamboree this summer.

The local Boy Scout committee received special word of the selection of the 16-year-old patrol leader last week and congratulations have already been sent to Richard.

RICHARD LEWIS

by the Summerland branch of the Canadian Legion, sponsors of the first Summerland Scout pack.

A veteran of five years' scouting experience, Richard is a King's Scout and holds Class "C" cords, the Bushman's Tongue and 28 Proficiency badges. Another prize in his collection is a silver arrowhead, presented for proficiency in the senior patrol leaders' course.

At the mammoth jamboree bringing together representatives of Scouting movement from points throughout the entire globe, Richard will be one of only 32 Canadians in attendance. He will attend the affair in August, will be (Continued on Page 8)

Civil Defence Co-Ordinator May Be Named

Importance of the Okanagan Valley as the main area to handle evacuees from the coast in the event of a sneak attack by Russian aircraft was stressed by Major General George Stein, provincial co-ordinator of civil defence, at a meeting in Kelowna Tuesday night.

He told a group of civil defence authorities, including Aldermen Wilson Hunt and E. A. Titchmarsh of Penticton, that a deputy co-ordinator would probably be stationed in the Okanagan to direct measures of evacuation. Represented at the gathering were the cities of Kamloops and Revelstoke and others from Endersburg south to Oliver.

Acting on the advice of Major General Stein, the meeting decided to appoint a seven-man central committee to co-ordinate the efforts of civil defence authorities throughout the Interior. Chairman is Reeve C. E. Bentley of Summerland and others appointed were Dr. H. K. Kennedy, representing the provincial health department, and Dr. Huesard, both of Vernon. The other members of the committee, not yet appointed, will represent Penticton, Kelowna, Vernon and either Revelstoke or Salmon Arm. "In a nutshell," explained Alderman Hunt, "the personnel of the committee will not be active in the work of organizing civil defence. But they'll meet once a month to discuss the measures decided upon by other authorities and formulate a program of civil defence for the entire Interior."

A chairman for civil defence will be selected by each town in the Interior and he will, in turn, form his own committee in accordance with the central committee.

"Unorganized territories" — such as Naramata and Kootenay — will also be invited to participate in the scheme.

A BARGAIN IS OFFERED Penticton taxpayers at the polls Saturday. The bargain: the \$1,150,000 hospital depicted above for the price, for Penticton, of \$384,000. Details of what this bargain package contains are told in the story to the left. Beyond this is the fact that, by voting "yes", taxpayers will be wiping out of existence the present hospital which has long since

out-lived its usefulness to the community. Tenders for the new hospital will be called immediately if an affirmative vote is secured and every effort is to be made to have construction far enough advanced before winter sets in to permit of construction to go on unimpeded by weather. It is estimated it will take 18 months before the new hospital is ready for business.

Mr. and Mrs. Claude Smith of Chilliwack were week-end visitors with Mr. and Mrs. J. W. Watson.

Mr. E. Higgins and Mr. Kenneth Higgins from Canim Lake in the Cariboo were visitors last week with Mr. and Mrs. G. J. Winters.

Jr. Hospital Auxiliary Plans To Furnish Hospital Wing

Members of the Junior Hospital Auxiliary went on record Tuesday night as favoring a plan to furnish a wing in the proposed new hospital. Although attendance was rather light, the group was most enthusiastic in its reception of the plan as presented by the president, Miss Elizabeth Sutherland, at a meeting held in the IOOF Hall. It was felt that more than half the money needed was already on hand from past endeavors, placing the objective well in view.

A welcome surprise was reported in the form of a gift cheque for \$50 turned over to the auxiliary from a former American patient in Penticton hospital, Mrs. Catherine Ludlow, one of those injured in a fatal automobile accident near Keremeos last summer, and who was subsequently flown on a stretcher to her home in Chicago, forwarded the gift in appreciation of what she termed the splendid service and friendliness found while hospitalized in Penticton. It is hoped to purchase some specific article with this amount when the project becomes an actuality.

Twenty members were asked to assist the Jaycees getting out the vote for the hospital by-law election on Saturday, Mrs. T. McCarthy is in charge of this committee. Mrs. C. C. Teeple was named as chairman for the group's Cancer drive canvassers, and a new member, Mrs. Pat Cossentine was introduced and welcomed.

"The Sheet", a mimeograph publication put out by the British Columbia Hospital Auxiliaries, containing news briefs of the province's various auxiliaries, was circulated amongst the members. Items of the local group are to be submitted henceforth.

At the conclusion of business, an interesting talk and film on color was enjoyed. This was followed by light refreshments provided by the executive members. Mrs. A. E. Wells being convener, Mrs. W. Arthur was named to head the tea committee for the May meeting.

Art Exhibit By Miss S. Atkinson

Miss Sophie Atkinson, well known English artist, who has been residing at Revelstoke, will hold an exhibition of her paintings in Summerland Friday and Saturday afternoons and lecture there Friday evening at the Oddfellows' Hall.

Noted for her beautiful water colors of Canadian scenes, especially the Canadian Rockies, Miss Atkinson has been showing her canvases in Vernon, Armstrong, Kelowna and Revelstoke recently.

Exhibitions have been held across Canada, from Montreal to Victoria by the talented artist. Her first Canadian exhibit at the Montreal Art Gallery was an outstanding success. Before coming to Canada Miss Atkinson had won wide recognition in England. Her water colors were described by the noted Vancouver painter, Mr. Lawren Harris, as among the finest he has seen.

Christening Held At S. Saviour's

Christine Louise was the names bestowed on the six-months-old daughter of Mr. and Mrs. David Richard when Rev. W. S. Beames officiated at a christening ceremony Sunday afternoon at S. Saviour's Anglican Church.

Miss Anne Richard, fifteen-year-old sister of Christine Louise and Mr. and Mrs. J. Perrie, Poplar Grove, are godparents for the small principal in the baptismal services.

Tea was served at the conclusion of the ceremonies at the home of Mr. and Mrs. Richard, Naramata Road.

MISS MARGARET ROSE SUNDERWOOD

A summer wedding is foretold in the announcement made this week by Mr. and Mrs. John Sunderwood of the engagement of their eldest daughter, Miss Margaret Rose Sunderwood, to Mr. William Raymond Henry, son of the late Mr. and Mrs. P. A. Henry of Vancouver.

Spring Wedding Ceremony Unites Popular City Couple

A lovely spring wedding was solemnized in the Penticton United Church at three o'clock, April 11, when Rev. E. Rands united in marriage Miss Gladys Irene Hockley and Mr. William Herbert Nicholson.

The bride, daughter of Mr. and Mrs. Gordon A. L. Hockley, was given in marriage by her father.

Bestman for the son of Mr. and Mrs. Herbert Nicholson was his brother-in-law, Mr. W. J. Moore.

Ushering guests into the church, beautifully decorated with red tulips and daffodils, were Mr. J. A. Beason and Mr. Herbert Phipps.

Mrs. Harold Davies was soloist accompanied by Mrs. Monica Craig Fisher at the organ.

A frock of delicate lily-white sheer and lace posed over corded silk was chosen by the bride for her wedding. Above-the-elbow-sleeves, a bouffant skirt, snug-fitting bodice with lace bustle effect were features of the beautiful bridal gown. Lace gloves and an illusion net veil mistling from a coronet of seed pearls and rhinestones completed the bride's costume. She carried a bouquet of red roses and orange blossoms and wore the groom's gift, a pearl necklace.

Blue moonstones necklaces, identical frocks of blue and white French organdie with matching flower trimmed picture hats of tulle, were worn by the two bridal attendants, Mrs. D. A. Pollock, sister of the bride, and Mrs. W. J. Moore, sister of the groom.

The bride's bouquet and those carried by her matrons-of-honor were used to center the beautifully appointed bridal table at the reception held in the Alexander room

of the Legion hall. A three-tiered wedding cake and silver candle holders with white tapers completed the table arrangement.

Mr. A. J. Tough proposed the toast to the bride and Mr. Moore, bestman, gave the toast to the attendants.

Navy blue accessories were chosen by the bride's mother to wear with her attractive lighter blue and white printed ensemble.

French blue nylon and lace fashioned into a smart frock and navy blue accessories were worn by the groom's mother.

The bride changed into a Burgundy wine gabardine suit ensemble with grey accessories for travelling on a honeymoon trip to Seattle and Vancouver. The newly wed couple will reside in Penticton.

The bride's bouquet was taken by the young couple to the groom's grandmother, Mrs. George Phipps, senior, who was unable to attend the wedding due to illness.

Of particular interest was the presence at the wedding of Mrs. John Clark, grandmother of the bride, who was celebrating the anniversary of her 70th birthday.

Serviteurs at the reception were Mrs. Ruth Rice, Mrs. Joan Gladish, Mrs. Vera Pollock, Mrs. H. Davies, Miss Janet Rice, Miss Mary Lou Phipps, Miss Delores Erickson, Miss Margaret MacFarland and Miss Irene Faulkner.

Among the many messages of congratulations received by the young couple were those from Mr. Sam Drossos, now in California and Mr. Leslie Hockley of Fernie, cousin of the bride.

Noted British W.I. Executive Visits Valley

A well-known British Women's Institute member, who is on a four-month tour of Canada under the British Imperial Relations Trust, will spend three weeks in B.C.

She is Mrs. F. E. Davis of Barrow-on-Soar, Derbyshire, England, one of two British National Federation W.I. members traveling for the Trust under chairmanship of Lady Reading.

While in the Okanagan Valley last week-end Mrs. Davis was a guest of Mrs. J. H. East of Keremeos, provincial president of the Women's Institute of British Columbia. Accompanied by her hostess she was the honored guest when the executive of the Penticton W.I. entertained at a no-hostess dinner Sunday at the home of Mrs. V. B. Robinson, president of the local Institute.

Speaking informally following the dinner Mrs. Davis told of the 7500 Institutes in England and Wales alone, which were organized under the National Federation of Women's Institutes. Of these, 2000 have been formed since the war. The Institute movement was first taken to England in 1911 by the late Mrs. Alfred Watt, O.B.E. of Canada, chief organizer. The English Institutes have from 60 to 300, members each.

Mrs. Davis told also of Institutes organized in all the Channel Islands. Of particular interest was the description given by the speaker of Denman College near Oxford owned and maintained by the W.I. from small yearly donations made by each local.

Mrs. Elizabeth Christmas, who visited the Okanagan in 1945, is the busy warden arranging a variety of courses for 50 women for a two-week period, who come there for subjects varying from drama through the crafts, literature, public speaking and home management and gardening.

Trips are arranged for the women to Oxford and surrounding towns to round out their full two weeks.

Continuing with her interesting talk Mrs. Davis told how all English Institutes send delegates to the annual meeting at Albert Hall, London, with many thousands in attendance. The work originally intended for the rural areas is eagerly being sought by the townspeople and growing yearly at a tremendous rate.

Mrs. Davis visited Dr. R. Palmer and Mrs. Palmer at the Summerland Experimental Station Monday before proceeding to Alberta to continue her Canadian tour.

The visit of this noted British woman to Canada will add to the impetus of the Institute work and in turn she will take back new ideas to Britain.

Plans For Tea By Evening W.A.

Twenty-seven members were present at the Monday meeting of the Evening Branch of the Women's Auxiliary to S. Saviour's Anglican Church when Mrs. S. Wade, president of the auxiliary, appointed the convener for the "Spring Tea" to be sponsored by the Evening Church group and held June 2.

Mrs. M. W. Bird and Mrs. J. Sampson will be in charge of the tea tables, Mrs. J. D. Southworth assisted by Mrs. R. Knight were appointed for the apron booth supervision, Mrs. W. E. Guerdar and Miss Pat Gwyer, in charge of the candy and Mrs. W. C. Gibb and Mrs. P. Gregory will convene the home cooking.

The Junior Branch of the church will sponsor a plant stall.

Miss Pat Gwyer of the Penticton High School, who was in England last year as an exchange teacher from here, spoke of her trip to the European continent. She was one of 71 teachers conducted on a tour of Belgium, Switzerland, Italy, Germany and France and was on the continent for 22 days during the tour.

Thirteen new members were admitted to the Women's Auxiliary with the Rev. W. S. Beames conducting the service of admission.

Tea was served at the conclusion of the meeting.

Mr. Les Stapleton of Vancouver is visiting his brother-in-law and sister, Mr. and Mrs. K. Hickson.

British Guides to their Canadian sisters and the Log Book has 73 numbered pages.

This Scroll and Log Book is being passed from one division to another so that all Guide movements in Canada may view them and receive the greetings sent.

Mrs. E. A. Titchmarsh, accompanied by a color party of Guides and Brownies from Summerland, will receive the two documents from Mrs. Corisla, division commissioner of the North Okanagan, at a ceremony in Kelowna earlier that day.

After being on display at Summerland they will arrive in Penticton in time for the late afternoon ceremonies.

The two valuable documents will be on display until 9 p.m. at the Red Cross Centre so that all Guides and Brownies and others interested may view them.

Mr. and Mrs. Don Baisille, here from Kelowna to attend the Military Ball, Saturday night, were week-end guests with Mr. and Mrs. O. M. MacInnis.

Guests of Mr. and Mrs. F. J. Daly over the week-end were Mr. O. Nerby, of Toronto, president of the Canadian Acceptance Corporation and Mr. H. Herman of Vancouver.

Mrs. H. Wall left Saturday to attend the annual provincial conference of the Imperial Order Daughters of the Empire taking place this week at the Empress Hotel, Victoria.

Mr. Percy Mather, Mr. Allan Mather, Mr. D. M. McKay, Mr. J. McKay and Mr. L. A. Grove were at the coast last week to participate in the Curling Bouspiel held at Vancouver.

CANDY

Prices Down

The Government cut the tax on candy by 15%...
But Knights Cut Candy Prices as Much As 50%

Knights aren't waiting for new shipments before giving you the benefit of the 15% tax cut! All chocolates in the store are cut in price a minimum of 15% and some popular brands are reduced in price as much as 50%.

What an opportunity! Stock up now for your own "sweet tooth's" sake... and pick up a few extra boxes to solve future Gift problems!

These special prices on our tremendous stocks of Boxed Chocolates will continue right up to Mother's Day but don't wait until all the biggest bargains are gone! Phone or call into Knights right now and have a few pounds of your favorites wrapped up while these low prices prevail!

PENTICTON, B.C.

Girl Guide Documents To Be Presented At Ceremony

Mayor W. A. Rathbun will receive a Scroll and Log Book from Mrs. E. A. Titchmarsh, Girl Guide Division Commissioner for the South Okanagan, at a colorful ceremony Sunday afternoon at 4 p.m. at the entrance to the Red Cross Centre.

The color parties, patrol leaders and secondaries of the Naramata, and three Penticton Girl Guide Companies and the sixers and secondaries of the Naramata and two Penticton Packs will be in attendance at the ceremony.

Last year the Canadian delegates to the Guide World Conference in Oxford, England brought back a beautiful Scroll and Log Book from England.

The Scroll is a greeting of the

British Guides to their Canadian sisters and the Log Book has 73 numbered pages.

This Scroll and Log Book is being passed from one division to another so that all Guide movements in Canada may view them and receive the greetings sent.

Mrs. E. A. Titchmarsh, accompanied by a color party of Guides and Brownies from Summerland, will receive the two documents from Mrs. Corisla, division commissioner of the North Okanagan, at a ceremony in Kelowna earlier that day.

After being on display at Summerland they will arrive in Penticton in time for the late afternoon ceremonies.

The two valuable documents will be on display until 9 p.m. at the Red Cross Centre so that all Guides and Brownies and others interested may view them.

Mr. and Mrs. Don Baisille, here from Kelowna to attend the Military Ball, Saturday night, were week-end guests with Mr. and Mrs. O. M. MacInnis.

Guests of Mr. and Mrs. F. J. Daly over the week-end were Mr. O. Nerby, of Toronto, president of the Canadian Acceptance Corporation and Mr. H. Herman of Vancouver.

APATHY CAN DEFEAT THE BY-LAW

The Herald is of the opinion that few, if any, money by-laws submitted heretofore to the people of Penticton have surpassed in importance the hospital by-law which is to be voted upon Saturday.

No one, in the face of all the evidence, can truthfully dispute the fact that the existing hospital is inadequate to meet the needs of the community today.

No one with vision, looking at the evidences of this city's growth on every hand, can fail to realize the shocking condition which would prevail here, say two years hence, if the hospital by-law were to be defeated.

But herein lies the danger. So obvious is our need for a new hospital that many voters, confident of an affirmative vote, may not trouble to cast their ballots. If too many neglect this duty, the by-law might be defeated.

Every community has its "agin-ers". Every community has those who see no further than the ends of their noses and there are undoubtedly those who will vote against the hospital by-law under the delusion that, in doing so, they are registering a protest against the provincial government's handling of hospital insurance.

Then there are the property owners who feel that they are being asked to shoulder more than a fair share of the tax burden and who almost automatically vote against anything which represents an increase in municipal expenditure.

These are the people who will turn out to vote... regardless of weather and inconvenience. They represent a minority but their collective vote could over-ride the wishes of the majority of the people and defeat the by-law.

This, remember, is a money by-law and a three-fifths majority is required to make it law.

We have no doubt that the by-law will pass and with a handsome majority if the people turn out and vote. But it is

well to remember that apathy could defeat it.

It is because of this danger from the "It's-a-sure-thing-so-why-bother-to-vote?" reasoning that The Herald has campaigned so intensively for the by-law.

Defeat of the by-law is unthinkable. Its defeat would bring much human misery in its wake for—make no mistake—although the by-law deals with cold cash, it is actually one that involves flesh and blood.

The day is rapidly approaching when the best efforts of the hospital staff to provide even corridor room for emergency cases will be defeated simply because there will not be any corridor room available.

The inconveniences of today can easily become the tragedies of tomorrow unless Penticton citizens endorse the by-law Saturday.

This city needs many things but none equals in importance or urgency the city's need for a new hospital.

And the cost, in terms of what an adequate hospital means to the community, is ridiculously small.

Even if cost of repayment of interest and principal were super-imposed upon the tax rate it would only amount to about \$1.20 a year on the taxes of the average property-owner.

Voters who are "agin-ers", or mad at the government, or just grouchy about taxes in general and who might be considering voting against the by-law for these or other reasons, might well ask themselves if they would close their own door to some seriously injured or sick person. The answer is no. Yet anyone who votes against by-law 1065 on Saturday will in effect be turning a back upon the sufferings of neighbors.

A new hospital for Penticton is assured if a big vote is recorded.

Every person entitled to vote should vote and by doing so he will be making sure that the minority tail does not wag the majority dog.

A COSTLY NUISANCE

The Herald doesn't claim to understand all the complexities that enter into the civic works programs and is therefore willing, along with the average resident, to make many a concession as to the difficulties that must be faced at the present time.

But we feel that one point can be stressed with fairness.

We refer to the choking clouds of dust, picked up for the most part from the city's most frequently used business streets—a dreadful and indeed costly nuisance that is injurious to business, disastrous to the name of the community so far as every visitor in concerned, and angers to every resident.

Making every allowance for the complexity of the problem, we nevertheless have the feeling that council could have acted more quickly to abate a good deal of this nuisance at an earlier date. We are forced to the notion that there has been and still is a sort of expediency in policy, that there is perhaps a tendency to refrain from promptly trying to meet the very worst situations because of the fear of resultant pressures everywhere in the city.

If we do this for this block, the authorities appear to be saying to themselves, everybody else will want action too. So nothing is done.

But in this problem, some places are obviously worse than others. Most of the clouds of dirt are thrown up in the

downtown business area where the traffic is heaviest, off Main street. Since the latter is kept up by the government, it shouldn't take council long to note the worst blocks in a relatively few side streets where the city itself has an obligation to the taxpaying property owners.

Without expecting the business property owners themselves to pay for their own oiling (a policy which involves future danger but under which council expediency can be comfortably shielded and which is now being arranged) council can surely locate the worst blocks for dust in the most travelled areas and abate the nuisance at civic cost.

It would be far better for council to honestly face the ratepayers with its opinion as to what blocks in the business area create the greatest and most continuous dust nuisance and to act immediately, out of general revenue at the expense of the corporation as a whole, to allay the nuisance. These routes are not the property of the business men situated along them and who pay proportionate taxes in consideration of their locations. The routes are used by the general public to fling up the dust that settles back over the whole city and everyone in it. And everyone will continue to be disappointed until council brings straight-forward policy to bear on the solution.

Our Town

By Jack Scott

FOR THE EARS

Got to thinking the other day of what a part sound plays in our lives, mostly unconsciously, and how much that is beautiful must be lost to those without hearing.

What would summer be without the sigh of a lazy surf or the high voices of kids in the water or the drone of the bee? Surely something less wonderful. What would life be if we were never again to hear the drumming of the rain on the shingles? Or ice tinkling in a tall drink?

I remember once sitting in a camp in Aldershot, homesick as a lost sparrow, and hearing a program the BBC had put out for the Canadian troops in England. They had recorded a lot of sounds in Canada and one was the sound of a train whistle. I had to blow my nose several times. I suppose you have to miss a sound to know what it means to you.

Train sounds would probably be high on everybody's list of favorites. I think now if I had to pick the most thrilling sound in my memory it would be the sound of a train I heard as a boy.

My father and I had gone camping in the Rockies. One night we pitched our tent at Albert Canyon in a field not more than 40 paces from the tracks. When the transcontinental came through in the early morning it was like it was coming through the tent. The sound just filled up your insides, shattering, crushing, full of terror and joy.

When it receded down the valley with the banshee whistle screaming for a bend my dad whispered across to me from his sleeping bag, "Let's stay here tomorrow night and hear it again." And we did.

Sound itself is a far more potent instrument of fear than sight. If you're a parent you know the flip-flops of the heart when the baby cries suddenly in the night. Or the foreign foot-step creaking on the porch. Or—worst of all—the clangor of a telephone bell at 3 a.m., the terrifying flood to bad news or—miracles!—a wrong number.

It was sound alone that made the V-1 or "buzz-bomb" so much more effective than the British people ever admitted. As a war instrument it was no great shakes, but I watched a lot of stout-hearted Londoners die a little from it and I will never forget the way that persistent sibilant then the silence as it cut out and began its dive. Only the explosion brought relief.

By all odds the worst sound I remember is that of a man weeping. I hope I never hear that again. It came from a man in my platoon in basic training camp. He was older than any of us and, more than that, a fellow with no co-ordination. He was, for example, physically and mentally incapable of marching in step (that most heinous crime of warriors) and he was razed constantly by the cozy young NCO's who were expected to put us soft civilians into shape.

His worst trial was in breaking down and assembling the Bren gun. He would get the parts all hopelessly mixed up and would be fumbling with them, banana-fingered, long after the rest of us had put our guns together. The NCO's barked at him at every session until one day he just put his head down in his arms and started to sob.

There wasn't a sound in that enormous drill hall but his weeping. It was a terrible thing to hear.

I have been thinking of all the sounds I like to hear. You could make a list as long as your arm.

The sizzling sound of trout frying in a pan, for instance, is music for the gods. Or how about the "kok" of a well-hit wood shot or that metallic clunk when a long putt goes down or the bite of skate blades in ice or the sound of canoe paddles dipping in a lake or the crackle of a log fire or the voice of an old friend speaking on the long distance phone or the scream of the gulls.

Trouble with most of us, I suppose, is that we wear too many sounds—the constant blabber of the radio, the crash of traffic and machines, the sound of too many people talking too much, a great avalanche of decibels beating upon the ear-drums.

It leaves us unprepared for the impact of a really beautiful sound—a meadowlark, for example—a sound that comes gift-wrapped in silence.

NEWS FROM Victoria

By J. K. Nesbitt

VICTORIA—Some Coalition MLA's feel W. A. C. Bennett and Mrs. Tilly Rolston should resign their legislative seats and run again.

Perhaps they should; certainly they were elected less than two years ago as Coalitionists. Now they're Independents.

However, last session we didn't hear suggestions that James Mowat should resign and run again.

It was the same with Mr. Mowat as it is with Mrs. Rolston and Mr. Bennett—just the other way round.

James Mowat was elected an Independent; Alberni, in voting for him, voted against Coalition.

Yet, at the first session after the election, Mr. Mowat gave up his independence, which got him elected, and joined Coalition ranks.

The government thought that was fine; when the shoe's on the other foot, as in the Rolston-Bennett case, the government thinks the electors have been fooled.

Harry Perry has come to Victoria to live. The stormy petrel of the Liberal Party wants to be close to the seat of government. When he wants to say something about politics he's going to say it. As president of B.C. Liberal Association he's not going to say any yes-men anybody. Mr. Perry, though one of Coalition himself, has become a bitter enemy of Coalition. He and Premier Johnson aren't good political friends. Mr. Perry claims it's easier to see the King or the Prime Minister of Great Britain than the Premier of B.C. The Premier's office retaliates by saying Mr. Perry never asks for an appointment, just barges in any old time about to see the Premier.

The Johnson-Perry feud goes back to the Liberal convention of 1949. The Premier was determined to oust Art Laing (now an MP) from the presidency because he was against Coalition. The Johnson faction, it was rumored, wanted Donald McDonald of Trail as president. But Harry Perry, thinking a dirty trick had been done Laing, ran for the presidency and won hands down.

So with this former Speaker of the Legislature and Minister of Education out of the capital, the political situation is bound to be mighty interesting.

We have seen men angry in the Legislature, mad, annoyed, irritated. We have seen men lose their tempers. But never for years has anyone seen a man so infuriated as Finance Minister Herb Anscomb when he contemplated what to him are the political treacheries, the knifings, the disloyalties of W. A. C. Bennett and Mrs. Tilly Rolston, who bolted Coalition ranks to become Independents. Because they are Conservatives, they, in the face of their own Conservative Association, with a more ringing blow than they slapped the Premier's face.

On two occasions in the House, the terrifying twin emotions of fury and rage swept uncontrollably through Mr. Anscomb, seized him and gripped him like a vice. Usually he wears a mask in a crisis, but not then. It was almost frightening to see his great frame so seized, his eyes that are normally kind blaze and glare with hatred. It was not amusing; one could not criticize him for it; he had not arranged it; one could only watch him spellbound, wondering how even so huge a body as his could contain the emotional power that was touching his every fibre.

SERVING THE ENTIRE COMMUNITY AS ONE BIG COMMUNITY

When notified of death in a distant city we take immediate charge through our membership in the ASSOCIATED FUNERAL DIRECTORS SERVICE. Our affiliation with members of this professional association enables us to serve the entire nation as One Big Community.

Established moderate fees protect the family finances. The contributory services of competent, dependable funeral directors throughout the country make for efficiency, economy and the family's peace of mind.

Serving everywhere at all hours, every night and day.

BIRTHS

LAIDMAN—Born to Mr. and Mrs. R. G. Laidman at the Penticton Hospital on April 18th, 1951, a son, Charles Forster.

MacLEAN—Born to Mr. and Mrs. Ian MacLean of Brookmere, at the Penticton Hospital on April 12th, 1951, a son, Brian Ian, a playmate for Sharon. Many thanks to Dr. Gibson and Hospital staff.

DEATHS

DAGNON—Accidentally drowned near Castown, B.C. on April 13th, 1951, Francis Robert Dagnon, aged 36 years. Survived by his loving wife, Viola, 3 sons and 2 daughters. Eugene Ralph, Michael Henry, Patrick Dale, Reta May, Teresa Lynn, father and mother, Mr. and Mrs. Francis Dagnon, Okanagan, Wash.; 3 sisters, Mrs. Joe Abbey, Seattle, Wash.; Mrs. Arthur Schiewerke, Elmer City, Wash.; Mrs. Earl Burnett, Okanagan, Wash.; 4 half brothers, D. H. Henson, Roy Henson, T. E. Henson, all of Tacoma, Wash.; J. L. Henson, Okanagan, Wash. Remains will be forwarded to Barnes Funeral Chapel, Okanagan, Wash., where funeral service will take place Friday afternoon, April 20th, at 2:00 p.m. Rev. H. R. Whitmore officiating. Committal Lakeview Cemetery, Penticton. Funeral Home in charge of arrangements.

CLOUGH—Passed away suddenly at his residence in West Sumnerland on April 15th, 1951, Herbert Clough, aged 62 years. Survived by his loving wife, Elizabeth Jane; 1 son, Christopher Clough, West Sumnerland; 2 daughters, Mrs. R. M. Lewis, Osoyoos, B.C. and Mrs. L. O. Osoyoos, Westbank, B.C.; 3 brothers, Edwin and David Penticton; Robert, England; 2 sisters, Miss Allie Clough and Mrs. J. Dowling, England; Funeral service will be held from St. Andrew's United Church, West Sumnerland, on Thursday, April 19th at 2:00 p.m. Rev. H. R. Whitmore officiating. Committal Lakeview Cemetery, Penticton. Funeral Home in charge of arrangements.

IN MEMORIAM

HORNBY—In loving memory of Hannah Glarinda beloved wife of Alfred (Pop) Hornby, who passed away on April 17th, 1946. Fondly remembered by her husband, her daughter, Grace, and son-in-law, Ed Clemens, and her grandchildren, Roy, Irene, and her grandson Calvin Hornby.

REIMOND—In loving memory of our dear wife, mother, grandmother and great grandmother, Johanne Kristine Reimond, who passed away April 19th, 1948. "Not just today, but every day, in silence we remember." Lovingly remembered by husband and family.

CLOSE—In memory of a loving husband, Edwin Close, who passed away April 24th, 1950. "Where is an ache in my heart that yours won't take away, a place in my heart that cannot be filled, 'till there breaks the last and brightest Easter morn, waking up in Christ's own likeness, satisfied." Ever remembered by his wife, Lena Close.

SAUNDERS—In loving memory of our dad and husband, T. E. Saunders of Beaverdell, B.C., who passed away in Penticton, B.C. April 21st, 1946. "Gone is the voice we loved so dear, Silent is the voice we loved to hear, Too far away for sight or speech, Sweet to remember him who once was here, And who, though absent, is just as dear." Ever remembered by your wife and daughters.

ENGAGEMENTS

Mr. and Mrs. John Sandwood of Penticton wish to announce the engagement of their eldest daughter, Margaret Rose to Mr. William Raymond Henry, son of the late Mr. and Mrs. P. A. and Mrs. J. V. Sandwood, who took place early in the summer. Date to be announced later.

Mr. and Mrs. H. L. Warriner of Courtenay, B.C. announce the engagement of their eldest daughter, Nadine Ruth, to George Joseph Bittel, youngest son of Mr. and Mrs. Joseph Bittel, 235 Hastings Ave., Penticton, B.C. The marriage will take place May 19th, 1951 in the North Douglas Pentecostal Tabernacle, Victoria, B.C.

Mr. and Mrs. G. W. Ayers, Regina, Sask. announce the engagement of their daughter, Helen Ruth, to William Robert Chalmers, son of Mr. and Mrs. H. E. Chalmers of Penticton. The wedding will take place on Saturday, May 5th at 7:15 p.m. in Canadian Memorial Chapel, Vancouver. Rev. G. Turpin officiating.

CARD OF THANKS

We would like to thank Dr. Bill White, Dr. John Gibson, the Superintendent, the Matron, and the staff of the Penticton Hospital and friends for their many kindnesses to our daughter and sister Helen Berryman.

The Daly family.

I wish to express my sincere thanks and appreciation to Drs. White and Gibson, nurses and all the staff at Penticton Hospital for their excellent medical care during my wife's illness; also Rev. Beames, relations and friends and neighbors for the many lovely floral tributes, gifts, cards, and letters of sympathy received during my recent and sad bereavement in the loss of my lovely wife Helen. Also many thanks to the orchardists who so very kindly gave their time to carry on my orchard operations for me.

Colin Berryman.

I wish to thank the doctors, nurses and visitors and entire hospital staff for their kindness to me while I was ill in the hospital. "Beautiful hands are they that do the work of the noble god and true." Beautiful feet are they that go Swiftly to lighten another's woe. There are many beautiful hands and feet running 24 hours a day, 7 days a week, in our little hospital on the hill. My grateful thanks Mrs. Clara Walker

LEGALS

THE CORPORATION OF THE CITY OF PENTICTON

Notice is hereby given that a hearing before the Council of The Corporation of the City of Penticton will be held in the City Council Chamber at the City Hall, 101 Main Street, Penticton, B.C., on Monday, May 21st, at 7 p.m. on the following proposed amendment to the Zoning By-law, 1947. Mainly: (1) That a definition of "Tourist Camp Motel" insert be as follows:

(1) "Tourist Camp Motel" shall mean a one or more storey building containing self-contained living apartments or rooms and where fully modern toilet and bath facilities are available. Fully or partly furnished with access thereto from the central hallway with individual entrances from a common patio and which may have a lobby, office or registration desk therein and which is constructed solely with a four hour fire rating in all exterior walls. The lot occupancy of said motel shall not exceed 50 percent of the area of the lot on which it is built. Before any permit is issued for such motel the plans, specifications and area upon which such motel is intended to be constructed must first be approved by the City Council.

(2) That Zoning By-laws be consolidated.

The Council will hold a meeting at the time and place mentioned above to consider the proposed amendment. All persons whose property will be affected by such an amendment may appear in person or by attorney or by petition. A copy of the proposed by-law may be seen at the City Hall.

Dated this 19th day of April, 1951.
H. G. Andrew, City Clerk.

LAND REGISTRY ACT

(Section 161)
IN THE MATTER OF Lot 1, Map 2775, save and except Plan "B"

PROOF having been filed in my office of the loss of Certificate of Title No. 80859P to the above mentioned lands in the name of William E. Borthwick of Penticton, B.C. and bearing date the 5th of August, 1940.

I HEREBY GIVE NOTICE OF my intention at the expiration of one calendar month to issue to the said William E. Borthwick of Penticton, B.C., a Provisional Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

New Hospital

(Continued from Page One)

which will transport two electric containers of heated food—when a patient in the new hospital gets his food, it will be warm and he'll enjoy it.

Dumb waiters will be installed to carry drugs and special diets.

With this machinery, orderlies at the new hospital during its initial period of function might be overjoyed to the extent of several handspins turned in the corridors.

"Yes" Vote All That Is Now Required

And they should be excused. At present, their hands are called out from lengthy sessions of operating hand-pulleys, shamefully out-moded in this Age of Science, to convey the food to the wards from the basement kitchen. The food leaves the kitchen piping hot but, by the time it is set before the patient, its temperature has considerably diminished.

Other improvements: nurses' call and doctors' paging systems; inter-communication dial phones with automatic exchange and switchboard, a battery of 50 lines and switches to permit eight individual conversations at one time; the most modern refrigerating equipment; asphalt roads and driveways around the hospital and parking space for 75 cars.

All this exists, of course, only in the imaginations of progressive hospital authorities and, more important, on the blueprints submitted by Meyer and Mercer, Vancouver architects. But it will become reality if Mr. and Mrs. Penticton turn out in force Saturday and mark the "Yes" portions of their ballots.

\$1,000 FIRE DAMAGE

A truck was damaged to the extent of \$1,000 when sparks from a "black-firing" furnace ignited shavings in the yard of the Canadian Cannery plant here on Friday.

Tires on the truck were completely destroyed.

Officials of the Penticton fire department investigated a fire in the vicinity of a Penticton sawmill last Thursday evening. The blaze proved to be burning rubbish on the Indian reservation.

An Opportunity To Talk Turkey

Farmers from Salmon Arm to Osoyoos and Keremeos will be given an opportunity to offer their recommendations for the projected provincial policy for agriculture at two meetings arranged by the B.C. Federation of Agriculture.

The first is scheduled for 8 p.m. Tuesday, April 24, in the Board Room of B.C. Tree Fruits Limited, Kelowna, and the second will be in Penticton, Tuesday, May 1st at 8 p.m., the meeting place to be announced.

C. E. S. Walls, secretary-manager, B.C. Federation of Agriculture, will be present and will direct these conferences. Hon. H. E. Bowman, Minister of Agriculture, has invited the farmers of the province to give him advice and recommendations, through the medium of the federation, for formulation of a policy for agriculture—something which has not heretofore existed.

Various farm groups have been invited, in notices from Secretary-Manager Walls, to prepare their submissions in written form for these conferences at which they may be explained verbally.

Fifteen or sixteen meetings will be held at strategic centres with Mr. Walls in charge and, when all the submissions are made, they will be co-ordinated in a master submission which will be ratified by the directors of the federation.

"Farmers of British Columbia have complained for years that there has not been a provincial policy for agriculture. Now they have been given a genuine invitation by the Minister of Agriculture to have a constructive part in preparing such policy. It will be their own fault if they do not take advantage of it," said a federation spokesman.

The executive of the British Columbia Fruit Growers' Association and the executive of the B.C. Interior Vegetable Growers' Association have indicated that they will make submissions and it is expected that other groups will do the same.

The meetings will be open to all primary producers although it is expected that the formal submissions will be made by designated representatives from the farm organizations.

Penticton firemen were called out to chimney fires on Winnipeg street and Lakeshore drive last Thursday afternoon. No damage was sustained in either case.

The Duchy Of Cornwall

Cornwall was the first dukedom ever created in England. It was conferred by charter of Edward III, in the Parliament of 1337, upon his son Edward of Woodstock—called in later centuries the Black Prince—with remainder to the eldest sons of the Prince's heirs, those heirs being Kings or Queens of England. The long list of castles and manors named in the charter were intended to provide for the maintenance of the heir-apparent to the throne; and so, through all the changes and chances of history, they have remained to this day.

At present, however, there is no heir-apparent. In these circumstances the charter lays down that the Duchy and its possessions shall revert to the Sovereign until such times as there is an heir to inherit as Duke. When the Civil List was fixed at the beginning of the present reign, the incomes assigned by which "merge" in the Crown. It has been suggested that it might be used to provide Princess Elizabeth with a peerage in her own right, or should be conferred upon Prince Charles.

Though the Duchy is in the King's hand, the title of Duke is treated for the time being like those peerage dignities held by the Sovereign in the law relating to the Duchy which make it dangerous to dogmatize, this course seems legally impossible, even if there were no other objections.

The charter of 1337 is still in force, and keeps the dignity continuously existing, though sometimes, as now, in a kind of abeyance peculiar to itself. It is generally held, therefore, that it is not at the King's disposal to re-grant to a person not within the limitation of the charter. It is true that when the first Duke died in his father's lifetime, the Duchy was granted to his son, who within the year succeeded the throne as Richard II. But in the Prince's case of 1607 the Judges held (perhaps erroneously) that the charter, being granted in Parliament, had the force of statute, and on that interpretation it limits the royal prerogative.

Accordingly, when a similar situation to that of 1376 occurred on the death of Frederick Prince of

Mrs. Syd H. Cornock and daughters, Winnifred and Heather Ann, left Monday for a six months visit to London and Manchester, England.

Mr. and Mrs. James Robinson of West Vancouver were week-end visitors with Mr. and Mrs. G. J. Winter.

Mr. and Mrs. Frank Higgins are expected home tomorrow from a visit to Vancouver.

Mrs. Patrick Coupland returned to Vancouver Friday following a short visit with her brother-in-law and sister, Mr. and Mrs. J. A. Maret.

In And AROUND TOWN

Mrs. J. A. Maret entertained at the tea hour Thursday honoring her sister, Mrs. Patrick Coupland of Vancouver.

Mrs. Robert Lyon, who has been visiting in Vancouver for the past week, arrived home Sunday.

Mrs. Zella McGregor left Sunday for Vancouver, where she left by plane for a holiday visit in England. Travelling across Canada Mrs. McGregor will make brief stopovers at Winnipeg, Toronto and Montreal before leaving the country to arrive in London Saturday night. She will visit until September with her sister, Mrs. P. B. Tustin at Oxfordshire.

Mr. and Mrs. A. E. Warlick, Linda and Mr. Allan Burkholder, who have been visiting in the city during the week, will return to Vancouver tomorrow.

Following a short visit in the city last week Mr. M. P. Pinner, MLA, returned Sunday by plane to Victoria.

Mr. and Mrs. Cyril Onions of Abbotsford were visitors last week with Mr. and Mrs. T. H. Osborne. Mr. Onions was formerly with the Pentiction Branch of the Bank of Montreal and is now attached to the Abbotsford Branch.

Mrs. W. A. Rathbun, Mrs. M. H. Wright, Mrs. H. E. Chalmers and Miss Myrtle Newham motored to Spokane Wednesday. They will return home Friday.

Miss Irene Fraser, Miss Joyce Warrington, Miss Bessie Ann Young, Mrs. N. C. Kincaid, Mr. and Mrs. C. B. Ewart were honored guests Sunday when Mr. N. C. K. Wills of Vancouver invited them to join him and Mr. W. Patterson, of Vancouver, at tea in the Inco Hotel following the baseball game played that day between the Wenatchee team and the Vancouver Caplans.

Mr. and Mrs. E. S. Stephens and three small daughters have returned to Vancouver following a week-end visit with Alderman Frank C. Christian and Mrs. Christian.

Mrs. George Lyall and small daughter, Suzanne, of Vancouver are visiting Mrs. Lloyd's mother, Mrs. Grace Bent.

Mr. and Mrs. Allan Mather have returned from a holiday visit to Vancouver.

Mr. Stewart Lynch and Mr. Bob Lynch, father and brother of Mr. Hugh O. Lynch, will arrive in the city Saturday from Vancouver to make their first visit in the Okanagan Valley. They will be guests of Mr. and Mrs. Lynch during their stay here.

Miss Margaret Manning of Vancouver is a visitor at the home of her parents, Mr. and Mrs. W. G. Manning.

Prior to leaving in the near future to reside in Vancouver, Miss Donna Longmore entertained a number of friends at tea Sunday afternoon at the home of her parents, Mr. and Mrs. A. T. Longmore, Scott avenue.

Mrs. R. W. Kinsman arrived home Saturday from Vancouver where she had been holidaying for the past two weeks.

Mrs. Anita Carnegie, who has been visiting for the winter with her son-in-law and daughter, Mr. and Mrs. Brophy Dunn of Cranbrook, arrived here Saturday to visit her sister, Mrs. E. G. Freese.

Mrs. R. V. White arrived home Saturday from a visit to Vancouver.

Mr. and Mrs. Norman Mitchell of Trail were visitors here last week with Mr. C. Berryman of Poplar Grove.

Mrs. W. F. Gartrell made a brief visit to Vancouver last week.

Mr. and Mrs. W. M. Todd of Kelowna were visitors here last week with Mr. and Mrs. G. S. Berryman of Poplar Grove.

Several visitors from Omak, Okanagan and Tonasket, Washington, were here last week to attend the monthly meeting of Edna Chapter Order of the Eastern Star.

Mrs. S. Bedlow, who has been visiting her son-in-law and daughter, Alderman and Mrs. Frank C. Christian, returned to Vancouver Tuesday.

Silver Spoons As Golf Prizes

Silver spoons will be presented throughout the season to the winners in the competitions held by the members of the Pentiction Ladies' Golf Club.

Mrs. Evelyn Johnston was gold button winner and Mrs. Gwen Hayman the silver button winner following play by 36 members Thursday in their weekly "Ladies' Day".

Mrs. Tim McCarthy won the beginners' Syer Cup during the afternoon.

Attention has been drawn to the play schedule of the "Ladies' Day". The 18 hole golfers tee-off at 1 p.m., the 9 hole players at 1:30 p.m. and those playing 5 holes will start at 2 p.m.

Tea hostesses Thursday were Mrs. Ronnie Carson, Mrs. F. T. Hall, Mrs. Pearl Betts and Mrs. Daines.

Social Evening At Naramata Church

NARAMATA—A successful social was held Friday night in the Naramata Christian Leadership Training School, when the congregation of the United Church and the students and staff of the school spent an enjoyable evening together.

Program numbers included violin solos by Mr. Bill Hendry of Pentiction, piano solos by Miss Ruby Harper, skits by students, songs led by Miss Jean Jamieson and orchestral numbers by Mr. and Mrs. W. C. Duffy.

Mr. W. Nicol, representing the official board of the church, Mrs. S. Stoble, superintendent of the Sunday School and Mr. J. S. Dicken, choir leader, thanked the students of the class of 50-51 for their valuable contribution to the life and work of the Naramata church.

Miss Wournell replied on behalf of the students of the Training School.

Square dancing, refreshments and vespers hour worship completed the evening's good fellowship.

Peach Queens Welcome Apple Blossom Queen

The royal party to reign over proceedings of the Washington State Apple Blossom Festival paid a visit to Pentiction Tuesday night.

Queen Lily Jo Hammans and Princesses Barbara Bell and Odessa Hamilton, accompanied by chaperon Mrs. James Garret and publicity chairman Vince Earheart, were welcomed by Queen Val-Vedette I of the Pentiction Peach Festival, Beverly Ann Young; Queen Val-Vedette II, Joyce Warrington and Queen Val-Vedette III, Irene Fraser, the reigning royalty of Pentiction's Peach Festival.

Mrs. W. A. Rathbun and Mrs. Rathbun, Mr. H. B. Morley, Pentiction's Good Citizen for 1950; Mrs. G. N. Kincaid, chaperon for the Pentiction queens, and representatives of various organizations and service clubs were also present to honor the guests from Washington state.

Hold St. George's Tea At S. Saviour's Saturday

The Senior Branch of S. Saviour's Women's Auxiliary will sponsor its annual St. George's Day tea and sale Saturday in the new lower Parish Hall of the church.

Conveners were appointed and final plans made for the affair at the regular monthly meeting held Thursday.

Mrs. L. C. Conn, president of the auxiliary, will serve as general convenor. Assisting her will be Mrs. R. Pritchard, decorations; Miss A. Wright, tea; Mrs. W. E. Giles, aprons; Mrs. A. Causser, perennials; Miss E. Reid, kitchen; Mrs. D. E. Smyth, tea tickets and Mrs. C. W. Jordan, home cooking.

Following the completion of the tea plans the proposed new constitution of the W.A. was read. Tea was served at the conclusion of the business session by Miss E. Reid and Mrs. G. Quest.

Officials of Central Mortgage and Housing Corporation will meet with City Council on Friday to discuss sidewalk and sewer problems in the wartime housing area.

Miss M. McLeod Heads B. and P. Women's Club

Miss Margaret McLeod was elected president of the Pentiction Business and Professional Women's Club at its annual dinner meeting held in the Inco Hotel Friday.

Others chosen to serve on the executive of this progressive and enterprising women's organization are Miss Grace d'Aoust, vice-president; Miss Olive Creaser, secretary and Miss Lee Ferron, treasurer.

Committee heads selected include Miss Peggy Evans, program; Mrs. Iris Bustin, social; Mrs. Gladys Puddy, legislature; Miss Helena Upgrove, publicity; Miss Mickey Bell, membership; Miss Joan Appleton, R.N., international relations and Mrs. D. Schofield, education.

Dr. E. Thompson, the immediate past president, in giving her report, expressed appreciation for the support given her and the officers during the past year.

Reading of various report indicated a highly successful year just completed by the club.

A panel discussion on problems of employment for older women was a highlight of the interesting program arranged under the chairmanship of Miss Olive Creaser.

Entering into this lively discussion and presenting many interesting angles pro and con were Miss Dora Steuart, Miss Muriel Power, Mrs. Lily Street and Mrs. Joyce Brown.

A committee was appointed to assist in preparing notices to be sent out by the Red Cross to potential blood donors to the Clinic visiting here next month.

The installation of the new slate of officers for the Business and Professional Women's Club will take place at the May meeting.

Dr. E. Thompson, the immediate past president, in giving her report, expressed appreciation for the support given her and the officers during the past year.

Pentiction Players Club To Observe Birthday With Major Presentation

In April of 1949, a group of Pentiction people gathered for the purpose of forming an amateur dramatic club.

It was, in a sense, a revival of the former Pentiction Dramatic Club for present at that meeting were Dr. W. L. LaCroix and Mrs. Mary Dunn served as secretary. Dr. LaCroix at that time was X-Ray specialist at the Pentiction Hospital. His enthusiasm carried all with him and plays were collected, read and studied.

Plats, rights and all the appurtenances necessary for staging plays came up for discussion and finally into being.

April of 1950, the first major production was staged, consisting of three one-act plays: "The Boy Comes Home," "A House Divided" and "Heaven on Earth". Present at this production for adjudication were Mr. Carroll Atkins of Naramata, Mrs. Dorothy Robertson and Mrs. John S. Atkins of Pentiction. Their kindly and constructive criticism was welcomed and most appreciated.

"Heaven on Earth" directed by Rev. Elstead, which went forward to the drama festival, Mr. Ian Dobbie, official adjudicator at Oliver, B.C., where the festival was held, chose "Heaven on Earth" as the winning play of the festival and the cup came to Pentiction. This is a competitive cup retained for the period of one year only.

And so ended successfully the first endeavor of the Pentiction Players Club.

Needless to say, the club benefited greatly by the knowledge and assistance given by members whose previous experience enabled the club to attain this high standard.

With high hopes, the club went into its second year with Mr. Frank Grange as president and Mr. Joslin, Mrs. Phyllis McLean, Mrs. Margaret Welch and Dr. W. Roy Walker forming the executive. In November of 1950, Dr. W. Roy Walker directed and produced "Duet for Two Hands", the major production which opened the season for the club.

Studying of plays and other matters connected with drama were shown covering phases of work in dramatic art. Meetings were held the first and third Mondays of each month.

Great credit goes to the stage crews for their excellent work, the directors for their time and effort and to Mr. Harry Almack, whose marvellous assembling and handling of lights assists so much in all productions.

The club has lost through force of circumstance some of its active members. Among them are Mr. and Mrs. E. E. Lewis, Mr. and Mrs. Bruce Emerson and Miss Margaret Reis, but the club has welcomed others who have joined and swollen the ranks.

The next major production is on April 20th and 21st. At this time Pentiction will compete with Summerland for the play to enter the Drama Festival and an official adjudicator will be on hand. The Pentiction Players Club will present "Sisters Under the Skin", directed by Mrs. Mary Dunn and "The Weir Sisters", directed by Mrs. Bruce Howard.

The Summerland Players will present "Between the Soup and the Savoury".

The Pentiction Club is looking forward to again performing before the same appreciative audience it has had in the past.

Council Will Assist Jaycees In Clean Up

Request of the Junior Chamber of Commerce for the loan of four trucks, with crews, to assist in garbage collection during the annual "clean-up and paint-up week", sponsored by the Jaycees, was transmitted by Mayor W. A. Rathbun into terms of cash on Monday.

That would cost \$544, he told "Wiz" Bryant, the Jaycees' delegate. However, the Mayor assured Mr. Bryant that council would at least do as well as they did last year to assist the Jaycees in their efforts to beautify the city.

Farewell Party For Miss B. Corry

Miss Buntie Corry, who is leaving the first of May to reside in Toronto, was the honored guest at a farewell party given by Mrs. Gordon A. Clarke at the home of Mrs. J. A. Young, Argyle street, Tuesday evening.

An attractive gift and a corsage were presented to Miss Corry by the many guests present. Among them were Mrs. Donald F. Corry, Mrs. N. Dunn, Mrs. J. M. McKay, Mrs. George Simpson, Mrs. R. D. Jeffery, Mrs. George Fyke, Mrs. J. A. Young and the Misses Beverley Ann and Helen Young, Faye McKenzie, Lillian Miller, Joan Rorke, Flo Hembling, Lois Gardner, Pat Martin, Pat MacAshtock, Mary-Lou Davenport and Mary-Anne Riddell.

Assisting Mrs. Clarke as servers were Mrs. Jeffery and Mrs. Fyke.

Five young friends of Jimmy Kincaid were entertained at a show followed by a party at the home of his parents, Mr. and Mrs. N. G. Kincaid, when he celebrated his eleventh birthday Friday, April 13.

Mr. and Mrs. R. W. Knight and Mr. and Mrs. Trevor Beckett returned to Pentiction, Sunday night, after a three week motor tour of California. Included in the 5,300 miles trip were visits to Ensenada, Mexico, Reno, Nevada, and Palm Springs.

Mrs. Neil McElroy is in Victoria this week as the Diamond Jubilee Chapter delegate to the annual provincial conference of the Imperial Order Daughters of the Empire.

Growers Critical But Sign Contract

SUMMERLAND—Members of the Summerland local of the BCFGA voted at their meeting here Friday night in the filled-to-capacity IOOF hall in favor of the three-party contract existing among growers, packing-houses and the B.C. Tree Fruits Ltd.

The ballot was almost unanimous.

There was only one dissenter.

Discussion prior to the voting, however, pointed out the fact that a faction of growers is openly hostile against a recently announced slump in returns for the 1950-51 fruit crop and dissatisfied with measures to eliminate financial difficulties now besetting the industry.

Indicative of skepticism was the opposition voiced against boosting the selling levy from three and a quarter cents to four cents per box. It is a minor increase, considering others absorbed by the industry, but it offered growers a chance to clamor against conditions in general.

THE BEST YET

"This is the best meeting we've had yet this season," said C. A. Barrat, chairman of the B.C. Fruit Board who commenced the meeting and then turned it over to the men selected by the growers—chairman Colin McKenzie and Walter Toews, secretary.

Incidentally, Mr. McKenzie was named delegate to the annual B.C. Fruit Board meeting scheduled for Kelowna next month and will also serve as director of the BCFGA when the organization meets to elect its officers in May.

Asked by J. Y. Towgood to explain the functions of the board of governors, W. R. Powell, Summerland governor, informed the meeting that the policy of Tree Fruits is set by the governors, who are all growers. This board of governors meets once a month but a smaller executive of governors—Albert Millar, Tom Hill and L. G. Butler—meets oftener.

"Each and every governor is vitally interested and is an independent thinker," he added.

"Each one has his say and we put them (sales agency officials) through the wringer occasionally."

I have always thought that it was in consequence of the thoroughness of your sales agency that, between 1940 and 1946, you increased your plantings so tremendously," he declared.

"One of your main problems is trying to push eight million boxes into a six and a half million box market—and its quite a problem."

Mr. Powell referred to the "staggering" figures which currently are 20% of the industry surplus. The half-million-box surplus, present, now doesn't seem very much but "it's an awful lot when there is no place to put it."

"... GOOD POLICY?"

Enquired George Stall: "Who is chairman of the board of governors?"

"A. K. Loyd," replied Mr. Powell.

"Is Mr. Loyd also a paid employee?" queried Mr. Stall.

"Yes, he is."

"Is that a good policy?"

"Generally speaking, I would say not," answered Mr. Powell, "but in this case, you have to consider the personality of the man. With the type of personality Mr. Loyd possesses, I honestly believe it would be very difficult to find a man his equal."

"He has tolerance and the ability to get the best out of men. It is hard to realize his patience. He is chairman of the board of governors and is chosen annually," he explained.

Mr. Powell then swung into discussion of the growers' three-party contract which has been revised and is ready for resigning by all 3600 growers so that the central sales agency may be maintained.

The only major change in the contract is a rise in the selling charge maximum from three and a quarter to four cents per box for apples and two and two-thirds cents per box for soft fruit.

TOO FOOLISH FOR WORDS

Mr. Powell declared his realization that some growers are saying: "I'm not going to sign that contract." He declared such utterances "too foolish for words."

"What will take its place?" he queried. "Yakima would give anything to have a similar deal. You will never get the most out of the markets without central selling and a contract to go with it," he warned.

At another stage he termed the contract "for the benefit and protection of the growers," stating that there is a closer co-operation between the shipping fraternity and grower body today than existed ten years ago when the contract came into force.

The Okanagan Federated Shippers' Association has confirmed the contract this year, he remarked.

Following his perusal of various clauses in the contract, Mr. Powell paused for questions and Mr. Towgood declared that the Summerland local of the BCFGA had spent an entire evening in studying it.

It was moved by Mr. Towgood and seconded by Walter Bleasdale that the meeting endorse and approve the new contract and urge growers to sign it, but this was not passed, before some dissenting voices were heard.

J. Felker declared that the growers' living standard is going down and yet they are being asked to raise the standard of their employees when the contract calls for a rise in selling charges.

QUANTITY DETERMINES COSTS

Mr. Powell replied that the cost of selling does not depend upon the price of the articles but on the quantity. In the case of apples, with the shortage of the soft fruit crop last year, it was found difficult to keep selling costs within the prescribed maximum of the previous contract.

At another point, one grower declared the apples "weren't sold to the Old Country—they were given away," and he enquired if the sales staff placed a selling charge on them.

This brought Reeve C. E. Bentley to his feet to defend central selling as an overall plan for the fruit grower.

But Grower Frank Dickson wanted Tree Fruits on a commission basis so that the sales officials would be on the same footing as the growers.

Mr. Towgood asked this grower if he hired his orchard help on a commission basis and A. G. Des-Brasay, a former BCFGA president and now head of B.C. Fruit Processors Ltd., reminded the growers that operation of the fruit industry is their own business.

Chairman Colin McKenzie thought some growers were looking on the sales agency as a separate entity while, in reality, it is part of the growers' own setup and is controlled entirely by the producers.

THE PSYCHOLOGICAL ANGLE

"I sympathize with that grower," remarked Mr. Powell who realized the psychological angle which arises when the grower is not getting cost of production and employees are receiving steady salaries. But he reminded the audience that the selling charge is one of the smallest charges in the industry.

"Think what it would cost if we went back to the old system of each packinghouse being its own selling agency," urged Eric M. Tait, who reasoned that a staggering figure is being saved the industry in selling costs alone by the central sales scheme.

"Yes, but do you compare prices now with those you got in those days?" asked Mr. Felker, who evidently wasn't satisfied with the answers.

Jack Morrow, Jr., advanced the theory that the commission suggestion had been advanced because a lot of big businesses are worked in that manner today. He suggested that the Tree Fruits sales staff be paid part salary and part commission, then "make them get out and scratch for more merchandise sales."

He admitted, however, that such a system, though it would not necessarily mean more returns to the grower, would have a good psychological effect.

At this stage, the vote on the contract resolution was submitted and passed with only one dissenting hand being raised. A number of growers declined to vote.

CITY HOTEL STAFF CHANGES

The management of the Incola Hotel has announced the appointment of George Preston as manager.

Mr. Preston, employed by the company for the past year, was appointed assistant manager following the resignation of George Scott, in November.

Other staff changes at the hotel include the appointment of Jack Mills as manager of the licensed premises replacing Leo Bower, now manager of the beverage rooms of the B.C. Hotel.

Field profiles have been run on Front street and are now being plotted to establish permanent grades. Grading will be done shortly to clear the way for paving by the Department of Public Works.

CAR DEALER FINED

A Summerland car dealer was fined \$15 and costs in police court today when he appeared before Magistrate G. A. McLelland charged with using dealers' license plates contrary to the Traffic Act.

A fine of \$15 and costs was imposed on a Penticton man when he appeared in police court this week charged with exceeding the speed limit.

Records Smashed At Yale-Cariboo Musical Festival

KAMLOOPS — Records were smashed right and left as the 1951 Yale-Cariboo Musical Festival concluded its 12th session 4-day Festival Friday evening in Ellis Auditorium. Marks set this year in attendance, number of entries, shared trophies, marks and membership ticket sales were without precedent in the Festival's long history. If the number in attendance could be tallied it would be a staggering sum. Packed halls on Wednesday and Friday evenings, well-filled Tuesday and Thursday nights, full house each afternoon and close to 200 at each morning session, tell the attendance story until the treasurer's report is read at the annual meeting of the Festival Association.

If the number of entrants forced to cancel at the last minute, 16 in all, is added to the number who participated, 296, then the entries total 312, dancing 194, vocal and instrumental 109, spoken-verse and drama 53.

Trophies shared numbered 13. Ten were ties, two were divided four ways and one into three.

The highest mark, 90, was given to Lloyd George School Grade 11 choral-speaking class, conducted and trained by Mrs. Catherine Morgan, which won the Kamloops Sentinel Shield on Thursday. But though the highest mark this year, it is not the highest mark in the Festival of recent years. The Kamloops Junior Senior Orchestra holds the highest mark, 91, in the four-year history of the revived Festival. Highest marks obtained this year, grouped together, show trophy-winning categories to be eight in dancing with 89, three in choir with 88, one band 88, three in solo instrumental 87, one orchestral 87, one in spoken-verse 87, two in drama 87.

Scout

(Continued from Page One)

away from home for about two months.

Dr. H. R. McLarty, a leader in Scouting activities in Summerland, explained at a recent meeting of the Canadian Legion that it would cost \$625 to send Richard to Austria. Richard will have to pay some of it and the rest will be provided by the Okanagan South Boy Scout Association and the local Scout troop.

The Boy Scout concert scheduled for May 29 will be devoted entirely to raise funds for Richard's junket.

The jamboree itself won't be too novel for Richard. In 1949, he was one of 14 Summerland youths to attend the first Canadian jamboree in Ottawa. But he has never been to Europe . . . and he can thank devotion to duty and a keen interest in the Scouting movement for his choice as B.C. delegate.

This World Scout jamboree — the seventh, incidentally, — is held once every five years. It will be officially opened on August 3 and will continue until August 12. The Canadians will sail from Montreal on July 18 on the SS Ascania, and will return home on the SS Scythia, which sails from Southampton on August 23.

The Canadian delegates will join at the scene of the jamboree in the Salzammergut area in Austria, which was once an Imperial summer residence, about 10,000 Scouts from all over the world and, on their return, will have an opportunity to witness the Festival of Britain.

PROTEST SUCCESSFUL

Protest of the Retail Merchants' Association against regulations setting the height of awning frames at seven feet six inches above the sidewalk has proved successful. Monday, Aldermen Wilson, Hunt and W. D. Haddon recommended a height of seven feet for awning frames, six feet six inches for side curtains and a clearance of six feet for front curtains. The by-law will be amended.

KING GEORGE AND QUEEN ELIZABETH, accompanied by Princess Margaret, are shown leaving Westminster Abbey after attending pre-Easter service. All members of the Royal family adhered to the custom of carrying bouquets.

Conflicting Reports On Start Of Okanagan Flood Control Project

Conflicting reports are being received from Ottawa and New Westminster, regarding start of work on the Okanagan Flood Control project.

According to a statement made by District Engineer Ken Smith at New Westminster last week, the project will start in the near future.

From Ottawa comes the news that the program is subject to further delays owing to the objections raised by the department of fisheries in the state of Washington.

The Ottawa report was founded on replies to questions asked in the House of Commons by O. L. Jones, MP (COP) Yale.

At present, local flood control officials are in Victoria and it is expected that some clarification of the conflicting reports will be forthcoming next week.

The Canadian officials are prepared to install the ladders and all plans and specifications are being submitted to the American state and federal governments for approval.

Interest of the American fisheries department stems from the dams proposed for Penticton and Okanagan Falls. The department wants fish ladders installed so that the Columbia river salmon will be able to reach their spawning grounds in the tributary streams of the Okanagan lake.

Objections were revealed in parliament when Mr. Jones requested details on the allocations, expenditures, progress and completion date of the project.

Mr. Jones was informed that more than \$1,000,000 had been voted for the scheme since 1949 and of that amount nearly \$2,000 has been used for the drafting of plans and specifications.

He also learned that the tenders will be called as soon as the American and Canadian governments can reach full accord on the plans.

The Penticton dam, in which ladders are to be built, will allow 2,100 cubic feet of water to discharge from the Okanagan lake without threatening this area with floods. The Oliver dam's capacity will be increased to 3,400.

At present the Okanagan river cannot carry more than 800 cubic feet without breaking its banks.

Other plans in the scheme include the straightening of 28 miles of the Okanagan river between Penticton and the border.

The work on Penticton's portion of the river was recently blocked by the refusal of the Indians to surrender the right-of-way for the proposed new path for the river, but an amiable agreement has now been reached.

Off-Centre Paving For Lakeshore Drive Suggested In Council

Before City Council approves a suggestion to pave Lakeshore Drive off-centre and thus permit angle parking, it will learn the reaction of residents in the locality.

This was decided at the meeting of Council Monday night when the idea was advanced by Alderman J. C. Harris who inspected the road with provincial engineer N. M. McCallum.

If the proposal is carried out, a no parking zone will be instituted on the southern side of the street during the months of June, July and August, said Alderman Harris, stating that residents of Lakeshore Drive might balk at this necessity.

If the 24-foot paving strip is offset it will necessitate moving the water main to within 4 feet of the property line so that repairs would not necessitate tearing up the pavement.

Penticton representatives attended the regular meeting of the Okanagan Optometric Association held at Vernon last week-end. Topics of discussion included visual care for school children and welfare patients.

KEREMEOS

Mrs. J. H. East returned on Saturday from the coast, where she has been for two weeks and where, with Mrs. F. E. Davis of Derbyshire England, she attended meetings in the Fraser Valley and on Vancouver Island, lecturing about her European trip. Mrs. East was also accompanied upon her return by Mrs. Davis who, representing the National Federated Women's Institutes of England, Wales, Jersey, Guernsey and the Isle of Man, is on an observation tour of Canada under the sponsorship of Imperial Relations Trust.

Mrs. Davis came to the district via the Hope-Princeton Highway and was shown as much of the valley as was possible during her two-day visit.

At the monthly meeting of the South Similkameen P.T.A. Grade Four of the elementary school was the winner of the fish bowl given each month for the class with the greatest representation of parents present. The members were entertained by a film entitled "The Leningrad Symphony". A spelling "bee" caused much amusement. Mrs. J. C. Clarke gave an interesting resume of her recent trip to Texas.

Mr. and Mrs. H. C. McGuffie spent the week-end in Kelowna as guests of Mr. and Mrs. G. R. Clarke of the Orchard City.

Miss Jean Garrett of Spokane is visiting her parents, Mr. and Mrs. F. E. Garrett.

Mrs. J. Lloyd Armstrong, who resigned some months ago as postmistress here, will leave next Monday to reside in Cloverdale with her sister, Miss E. Green.

Mrs. Armstrong will be missed in the district. For 24 years she has been associated with the local post office, first as assistant to her husband, the late Lloyd Armstrong and after his death, as postmistress.

Mrs. Armstrong has been associated with community work and is an active member of the Order of the Eastern Star, the Order of the Royal Purple and the Ladies Auxiliary to the Canadian Legion, P. W. Stephens, with the RCAF overseas in World War II, takes over his duties as postmaster on April 19.

Mr. and Mrs. E. Cargill Armstrong are leaving for Vancouver, where they will attend the family reunion in celebration of the 35th birthday celebration of Mr. Armstrong's mother, Mrs. George Armstrong, who is well known in this district. Mr. and Mrs. Armstrong will be accompanied to the coast by Mrs. F. C. McCague.

Mr. and Mrs. Kickbush, Mr. and Mrs. Charlie Luxon and F. W. Stephens attended "Open House" Squadron No. 217 of Royal Canadian Cadets in Princeton on Tuesday evening for celebration of the corps' tenth anniversary.

No White Gloves For Assize Judge

VERNON — When Mr. Justice J. O. Wilson opened the Supreme Court of Assize, which began on Monday at 2 p.m., he was not the recipient of "white gloves" indicating a crime-free docket, as originally thought.

Two criminal cases were transferred to the fall assizes. They are: Rex vs. Joseph Oulette, and Rex vs. Walter Wittke and Edward Hobson.

Oulette was originally convicted for the murder of Mah Sing, a Chinese truck gardener, near the airport here in November, 1940. He appealed, won a new trial, but last fall was convicted for the murder of Lee On, Sing's partner. An appeal by the 22-year-old Oulette was denied by the B.C. Appeal Court, one justice dissenting, and he is now appealing to the Supreme Court of Canada.

Wittke and Hobson are facing a charge of being in possession of safe breaking instruments by night. They were previously convicted in the local courts of being in possession of explosives.

Five civil cases were heard this week and two divorce suits, the smallest number in years.

Dust Problem Licked For One Block On Martin

Five Penticton business houses took the dust problem firmly by the throat this week and, on their own initiative purchased a quantity of MC2 which has been laid on Martin street between Nanaimo avenue and Westminster avenue.

Companies concerned in the project are the Sweeney Ltd., Kenyon and Company, A. S. Bell, the Penticton Flower Shop and Valley Motors.

SUMMERLAND — All Luther Leagues in the Okanagan are being invited to a rally in Summerland on Sunday, May 20.

* AWAY, RIO!

Cars In Collision On Summerland Road

A visit to his native Ireland planned by a Summerland resident was postponed by fate Wednesday morning.

W. W. Hemingway set out in his car along the Summerland-Penticton road for Penticton where he intended to buy tickets for his journey scheduled to begin today. On the way, his vehicle swerved into a north-bound automobile and Mr. Hemingway is recovering from severe bruises and shock in the Summerland hospital.

After the impact, Mr. Hemingway's car rolled 30 feet down the bank and overturned twice before coming to rest on its side. The driver was thrown forward with such force that the steering wheel was broken but no glass was smashed in the accident.

Occupants of the other car which was extensively damaged were Thomas Stirling, who suffered facial lacerations in the mishap, and Frank Corbett, both of Vancouver.

Request of C. L. Sharpe to purchase two plots of land, one 9.2 acres the other 10 acres, situated behind the Drive-In Theatre, for \$25 an acre, was referred by council to the land sales committee for investigation and report.

500 Entries Listed For Musical Festival

City musicians are practicing intensively for their participation in the Okanagan Music festival scheduled for Kelowna from April 24 to 28, which already boasts a record

500 entries including 2500 individual performers.

Entries from Penticton include four choirs, the city band and more than 20 dancers. Other dancers and a band will represent Oliver in the competitions. Two bands are coming from Kamloops and Vernon numbers ten choirs and scores of dancers among its entries.

The musical festival will be held in Kelowna's Anglican Church Hall on Sutherland avenue during the morning and afternoon and the new high school auditorium will be the setting for the dancing competition during the day and the musical concert in the evening.

An added feature of the festival this year will be a grand concert on Saturday night representing "Stars of the Festival." The most talented artists will perform.

Bands will be heard Wednesday night and Thursday evening has been reserved for choirs. The adjudicators, Miss Mara McBirney, John Clements and Filmer Hubble, will preside at evening sessions, which will include finals from the afternoon and morning competitions.

To winners of events will be presented 14 scholarships devoted to further tuition in all classes.

Programs for the festival in Penticton at the Harris Music Shop.

Vancouver Board Of Trade Heads Will Visit Here

Two of the top luminaries in the Vancouver Board of Trade will visit Penticton next Thursday morning.

They are Ralph Baker, president, and Reg. T. Rose, executive secretary, who are currently on a tour of Vancouver Island and the Okanagan Valley. Both reputed to be excellent speakers, they are addressing Boards of Trade and Junior Chambers of Commerce in centres on their itinerary.

Earlier plans included their appearance at a special meeting of the Penticton Board of Trade in the evening. A heavy schedule of engagements, however, leaves only enough time for them to breakfast with local board president Dr. W. Roy Walker, secretary Mrs. Hettie Kingsley and other members of the executive.

KINGPINS OF OKANAGAN Inter "A" basketball circles in 1950-51 competition, the Penticton U.C.T.s just missed in their quest for the provincial tiara last month when they lost by only 18 points to the power-packed Vancouver Clover Leafs. In the back row left to right are D. Campbell, W. Hanlon, R. Young, S. Bordin and F. Neads. With coach Andy Bennie in the front row are T. Weeks, captain D. Eshleman and V. Atkins. Missing when the picture was taken were W. Day and J. Boulding.

Perfect Attendance Awards Presented To City Kiwanians

A five-years' perfect attendance pin was awarded to Kiwanian George Lang at the luncheon meeting of the club, Tuesday.

Others who received pins from club president E. W. A. Cooper were Martin Deacon, presented with a three-year pin, and F. Larivee, Howard Logan, J. H. Myers and H. M. Schull who were presented with pins for one year's perfect attendance.

City Garagemen Object To Permit

Members of the Penticton Garagemen's Association turned thumbs down upon the application of Tri-angel Service Station for a 24-hour opening permit.

Objection to the permit was registered by 15 garage operators with only two registering approval. Application of E. R. Knuff of the Penticton Boat Works to sell gas to boats between 7 a.m. and 10 p.m. was approved by the garagemen, 15 signifying approval with none against.

City Council on Monday referred the matter for final decision to the "official concerned" and City Clerk H. G. Andrew, the official concerned, smiled wanly.

Keremeos Will Vote On Beer By The Glass

Keremeos voters are warned that 5 p.m. on May 1 is the deadline for inclusion on the voters' list.

The warning comes in an announcement that a Liquor Control plebiscite will be held in that district on May 15.

The referendum to be presented to the people is in relation to sale of beer by the glass.

Housing Shortage And Secondary Dwellings Problem For Council

Former City School Teacher Dies At Coast

Mrs. K. E. Love, 73, a former Penticton school teacher, died in the Vancouver General Hospital last week.

Mrs. Love lived in the Penticton district for 14 years, teaching at Okanagan Falls for two years before coming to Penticton in 1917. Here Mrs. Love taught at the Poplar Grove school until it was closed in 1921. Then she moved to the Penticton school where she stayed until 1929.

Coming to B.C. in 1913 from her native New Brunswick Mrs. Love taught in many B.C. centres including Olla and Mabel Lake.

Initiated into the Redlands Rebekah Lodge, on the night of its institution in 1918, Mrs. Love remained a member of the Penticton lodge until her death. Last year she was presented with a life membership in the organization.

Predeceased by her husband William and her son William D. Love, M.D., Mrs. Love is survived by two daughters, Mrs. Jennie Meldrum, of Oliver, and Mrs. Agnes Cooper, of Penticton.

Also surviving her are five sisters, Mrs. J. A. Newman, Mrs. G. Clarke and Mrs. E. A. Hartson of Vancouver; Mrs. Alma Hood of New Westminster and Mrs. B. A. MacLeod of Kamloops. Mrs. Love is also survived by a brother, Thomas, in Oregon and six grandchildren.

Funeral services were held in a Vancouver funeral chapel, the Rev. J. E. Whittles officiating. Interment was made last Friday in the IOOF plot in the Mountain View Cemetery, Vancouver.

Mrs. Guilbeault Dies In Quebec

A Penticton resident for more than 40 years, Mrs. U. Guilbeault, died at her daughter's home in Parnham, Que., Tuesday.

Mrs. Guilbeault, who resided in Vernon during her earlier years, came to Penticton in the early part of the century. She lived in this city until she moved to the home of her daughter recently.

Predeceased by her husband, Mrs. Guilbeault is survived by two daughters, Mrs. W. J. Prosley, of Parnham, Que., and Mrs. Gaston Bazille of Tahsis, Vancouver Island. Also surviving her is a son Mervin, of Nelson.

Funeral services will be conducted in Quebec this week.

City Council would very much like to know the extent of the housing shortage in Penticton.

It would like to know what chance there is for a widow of limited means to find a decent home within her capacity to pay.

Council would like to know if a man can find a home for his wife and family within thirty days.

Knowing the answers would help council to decide upon whether to be tough or lenient, whether to enforce a city by-law to the hilt or shut its eyes to violations.

The problem was thrust upon council by a routine check of secondary dwellings by the city's building inspector and subsequent notices served upon occupants to vacate.

First reversion came last week when an appeal was made on behalf of an 80-year-old man who is occupying a secondary dwelling.

Two more appeals were considered by council on Monday and more are expected.

The dilemma arises from a practice of the city permitting home builders to occupy temporary dwellings, usually intended as garages or wood sheds, until homes are built.

It now seems to council that as soon as the temporary dwellings are vacated by the property-owners other people move in.

It was pleaded before council Monday that with so many people looking for shelter it was impossible to turn them away.

Mayor W. A. Rathbun contended the by-law was in the best interests of the people and "quite justified."

Alderman J. G. Harris agreed with the city clerk that the solution would be to prohibit any form of temporary dwelling.

Alderman E. A. Titchmarsh pointed out there were two sides to the question. "Just what is the housing situation? Perhaps there are people trying to make money out of temporary dwellings. On the other hand, the situation might have been created through the pressure of housing shortage. If that is the case then the question should be reviewed."

Investigation was ordered.

Meadow Valley Stock Ass'n Receives Grant

SUMMERLAND—Through a Department of Lands and Forests grant, \$475 will be expended this year by the Meadow Valley Stock Ass'n to improve fences and cut trails on range lands for the improvement of grazing facilities in its area.

Approximately \$300 of this grant will be expended in the Trepanier area, which is included in the association plans for the first time this year.

Mrs. H. C. Klipp, Poplar Grove, was a luncheon hostess last week to twelve members of the Friday Club.

Board Of Trade To Make Housing Survey In City

The Board of Trade will conduct a survey of the city to determine the feasibility of instituting a low-rental housing plan in Penticton. This was decided at the regular meeting of the Board last Thursday in the Canadian Legion hall after a report from A. G. Schell, chairman of the civic affairs committee.

Preliminary negotiations by necessity include a comprehensive survey to determine the need for 100 homes. The survey would then be presented to the provincial government which, if convinced of the real need for a housing project, would relay the request to the Federal government for approval.

The federal authorities would provide the land, streets, sidewalks, lights and sewage facilities amounting to 75 percent of the cost; the provincial government would be responsible for 25 percent.

Mr. Schell suggested formation of a committee to decide on prospective tenants, considering their age, number of dependents and income. It would decide on deserving tenants and the amount of rent each would pay.

Asked for comment, Mayor W. A. Rathbun stated: "It is a very worthwhile program. There is a need for it here... but we have to prove that to government authorities."

Discussing the scheme which demands that losses be shared by dominion, provincial and municipal governments in the ratio of 75 percent, 12½ percent and 12½ percent respectively, Mayor Rathbun cited for sake of example a house amortized at \$52 a month; the tenant would pay \$40, the federal government would contribute \$8 and each of the provincial and municipal governments would pay \$2.

"In the meantime," the mayor added, "the city collects taxes, light and water rates. And accommodation is provided for low-salaried citizens—it is a wonderful thing."

Negotiations would "last for the good part of a year, maybe eight months," the mayor said, suggesting that the Board of Trade begin now the preliminary investigations so that "we start something in 1952."

Quoted president Dr. W. Roy Walker: "I must bring up a subject very close to my heart—will the survey cost us money?"

Mr. Schell replied: "Well, it'll cost us money... or a lot of shoe leather."

Mayor Rathbun then suggested that there would be only a minimum of expense for the Board of Trade, stating that questionnaires could be placed in local newspapers asking potential tenants to provide the necessary information.

"That's all you'd have to do," he added.

months," the mayor said, suggesting that the Board of Trade begin now the preliminary investigations so that "we start something in 1952."

Kamloops Round-Up Shows Big Deficit Over Two-Year Period

KAMLOOPS — Kamloops B.C. Round-up spent \$3,141.61 more than the \$16,727.39 it took in at last year's show, according to an unaudited financial statement made available to a Kamloops Board of Trade special committee this week by J. O. C. Kirby, president of Kamloops Exhibition Association. The 1950 loss brings the deficit for the 1949 and 1950 shows to \$16,401.83. The Round-up owes \$16,630.31 and has on hand, in trust in Mr. Kirby's name, \$228.48.

Exciting Color Films Of Missionary Work To Be Shown Here Wednesday

The motion picture, "To Every Creature," to be shown in Penticton United Church on Wednesday at 8 p.m., will long stand out in memory as a thrilling, true adventure story. Filmed and recorded by Dr. Irwin A. Moon, Director of the Moody Institute of Science, in beautiful natural color, it is another factual, informative film with scenes and sounds from Mexico and South America.

In hopeful contrast to degraded heathen conditions, "To Every Creature" explains modern missionary enterprise with its expanding use of plane and radio communications, New methods, new missionary technicians adept in flying, communications, machine construction and repair, are heralding a more effective era of pioneer missionary work.

This is demonstrated by actual stories of missionaries who narrowly escaped death in the jungle, by the translation of a hitherto unwritten language in two years instead of ten, and by the contrast between conditions at home and on the mission field. Magnificent scenery, a pagan dance of jungle Indians, and heathen lives transformed by the Gospel, are some of the dramatic sequences which have held audiences spellbound throughout Canada and the United States.

On this occasion Dr. Moon's film, "The Bill Bentley Story," will also be shown. A vivid portrayal of missionary work among the Tzeltal Indians of Mexico, the film tells of a young man who gave his life to reduce their language to writing and of two young ladies who are carrying on the work. The public is invited to see these thrilling, human interest films, sponsored by the Penticton Ministerial Association, in the Penticton United Church on Wednesday evening, at 8 o'clock. There will be no admission charge but a free-will offering will be received.

Man Is More Than Chemical Composition

Man's changing attitude to his fellow man through the ages was the theme of an address delivered by the Rev. Ernest Rands, of the United Church, to Kiwanians at the luncheon meeting of the group, Tuesday.

Opening his address Mr. Rands declared that the most important revolution that has taken place in modern times is the revolution that has taken place in the mind of man and has led him to realize that man is a personality and not a pawn in a game or a guinea pig to be experimented upon.

"This revolution started 1900 years ago when Christ spoke of men as individuals. Previously men had been considered implements of labor," he declared.

The clergyman spoke of ancient times when men were treated as cattle and were sold as slaves and, in certain cases, left to die of exposure when they were no longer of use to the community.

The color bar was used as an example to show that the ancient attitudes were not entirely forgotten. He quoted instances, from his own experience, of colored children who were compelled to travel to the white man's school on foot while the white children were provided with transportation. "The final battle has not been won. There are still a few closed citadels, notably those ruled by small groups of women in society," he stated.

Sublimation of one's own feelings was declared by the speaker to be of paramount importance to our way of life. "We must think of the other fellow," said Mr. Rands. "To put one's own feelings first closes the door to service."

The clergyman spoke of the chemical analysis of man that proves that he "contains enough iron to make a nail, enough phosphorus to make 2,200 match heads and enough water to fill a bucket."

"There is more to a man than that. It is not chemical substance that makes men risk their lives for others," he affirmed.

Further reference was made to human relations through the years when Mr. Rands told how families had become tribes and ceased warring upon the others and how, finally, the tribes became nations.

"We have not overcome the final barrier because there is still strife between the nations. We will not overcome that barrier until we have learned to work with our fellow men as personalities. Only then will there be peace and unity," he concluded.

VACCINATION CLINIC
The regular small-pox vaccination clinic will be held in the Red Cross Centre, Monday, April 23, from 2 to 3 p.m. This is one of the services offered by the South Okanagan Health Unit. Dr. H. Zeman, director, will be in attendance.

There are approximately 450,000 words in the English language.

Youth For Christ Rally Held Here

Members of the district Youth for Christ movement jammed the Alexander Room of the Canadian Legion hall Tuesday night for the first rally of their Penticton for Christ campaign.

About 90 guests attended the banquet and program of musical entertainment which featured solos by Mrs. Jean Boyd, Penticton, and Robert Condon, Yakima, a former CBC radio singer, and renditions by a male quartet consisting of Robert Kent, Daniel Starrett, Glen Williams and Kenneth Essler.

Addressing the group after the banquet were main speakers Herbert Tyler, regional director of the Youth for Christ movement from Portland, Oregon, and Ronald King, Penticton director. Also at the gathering were members of the YFC executive, sponsors and workers and representatives from Kelowna and Summerland.

The group later gathered in the Bethel Tabernacle and other rallies

Everybody's Business Schools and the Child

by
Ken
MacKenzie

Some time ago I said I would try to get official figures on the costs of the new schools. Well, Mr. Palmer has very kindly gone over his files to get these for me, and now I almost wish I hadn't bothered, for it is not the easiest thing to write about. However, in the hope that this will be of interest to some of you, I will get along with it. I know that many of these figures have been printed many times already.

To begin with, I was amazed to learn that buildings and equipment in their entirety could not be replaced today for very much under one-and-a-half million dollars. To be sure they did not cost that much to build and equip but today we do not insure against loss on depreciated values, but rather on replacement values. To put this into factual figures, the totals are:

All buildings \$1,309,968.

All equipment \$152,000.

Making a grand total of \$1,461,968.

By the time the School Board completes its present building program, they will be administering a \$2,000,000 business, which is very much yours and mine, in fact, everybody's business. If you have read this far, perhaps you will be interested in a partial breakdown of these figures. Keep in mind that this entire school plant, houses approximately 2000 children, ranging from the primary to the senior matriculation (first year university) students, and includes the very best in special departments. The need is still great though for a good auditorium and especially for a good gymnasium.

The most recent addition, the Carmi Road School was built for are scheduled for tonight and Friday night in the Canadian Legion hall.

a cost of \$132,850. The two high school units together cost almost \$400,000 to build. These units contain modern, practical shops, labs, home economics rooms, commercial department, art rooms, library, etc.

While quoting figures, I might as well add that about \$35,000 will be spent this spring to modernize the two older schools to bring them up to the required standard.

This is a far cry from the schools the pioneers of our area knew. Someday I hope to be able to write the story of the early schools and maybe of some of the occupants. I would welcome help from any who can give it. I hope someone will be able to let me know where the original school was located and maybe we would be surprised if we could learn of its cost.

THANKED BY COUNCIL

E. W. Aldredge and Miss Nora Brown were thanked by City Council on Monday for their work in connection with the industrial pamphlet now being prepared. Alderman P. C. Christian informed council that the material is all compiled and ready for printing.

Kelowna Leads In Number Of Phones

Kelowna leads the three valley cities in the number of telephone listings according to the latest issue of the telephone directory. The Orchard City has a total of 3,462 listings, while Penticton is second with 3,175 and Vernon in third place with 2,958. There are a total of 13,205 listings in the directory.

Other cities and towns are as follows: Summerland, 867; Revelstoke, 858; Salmon Arm, 761; Armstrong, 431; Enderby, 244; Westbank, 172; Lumby, 157; Peachland, 120. Kelowna will switch to automatic telephones early next year, to be followed by Penticton and Vernon.

All airlines of Canada's west and north touch Edmonton.

A brush fire in a bench orchard brought Penticton firemen out at noon Monday. The blaze was extinguished before any damage was done.

Red Cross Mobile Blood Clinic Will Be In Penticton May 1-2

Arrangements are being made for the Red Cross Mobile Blood Donor Clinic to visit Penticton on May 1 and 2. The clinic will be held in the United Church.

The Red Cross requires 40,000 pints during 1951 and an extra 10,000 pints for use of the armed forces. Publication of the PPCLI casualty lists emphasizes the armed forces' needs, while the development of civil defence shows we must be prepared for sudden disaster.

A pint of blood is one donation from one person and it can be repeated under normal circumstances three times per year.

IMPORTANT SERVICE

The Blood Transfusion Service is one of the most important of Red Cross services and it is the object of the Red Cross to ensure that blood of all groups and types is always available for the saving of lives and the relief of suffering. It relies, for its success, on the unselfish contributions of voluntary donors who want to pass on this gift of life and health to their less fortunate fellow-citizens.

100,000 PINTS PER YEAR

Now that the troops are in action against Communist aggressors, the Red Cross Blood Transfusion Service has been asked to take on an additional task. It has been officially appointed, by Order-in-Council, as the agency for the collection and provision of blood and plasma for the Armed Forces and for stockpiling for civilian defence. This means the provision of 100,000 pints of blood per year, over and above that required for our hospital needs.

British Columbia's share of this task is another 10,000 pints of blood added to our normal needs. This is a definite challenge to the Red Cross and an opportunity for our people to do something definite to help our fighting men.

PLASMA SAVED MANY LIVES

During World War II, the people of Canada gave 2,200,000 pints of their blood to be made into plasma and sent overseas for our troops in action. There is no doubt that many thousands of men are alive and well to-day who would otherwise have died from wounds received in action, or in air raids in England, if this gift had not been made.

Many citizens, directors point out, are aware of the need and opportunity for service and fully intend to do something about it. "Intentions are all very well but you cannot transfuse intentions into a wounded man," a spokesman said. "Only one thing will do, and that is human blood. There is no substitute."

TRANSFUSION ONLY HOPE

Every day, in every community in Canada, someone suffers from a traffic or industrial accident, from hemorrhage in childbirth or major surgery, from severe burns or from illness or disease. Blood or plasma transfusion is often the only hope of saving his life. When the Red Cross Blood Transfusion Service operates, everyone who needs blood or plasma is provided with it, relieved from the financial pressure of repayment and the worry of finding replacement donors. Red Cross feels that the saving of lives cannot be measured in dollars and cents.

During 1950, patients in the Penticton Hospital received 374 free blood transfusions. "Should you not receive an appointment card for the clinic, come at any time during clinic hours to suit your convenience," urge Red Cross workers.

Summerland Singers, Players To Present Comedy In Festival

SUMMERLAND Singers and Players Club will present a one-act comedy, "Between the Soup and the Savoury" in the regional drama festival at Penticton on April 25 and 26. Penticton Players are presenting two plays and the winning play from this festival will compete in the South Okanagan zone final at Princeton on May 11. Co-directors of Summerland's play are Jean Towgood and Muriel Greese, with Ivy Mason cast as the kitchen maid, Jean Towgood as cook, and Eve Fisher as the parlour-maid. Doris Williams is in charge of properties.

The long-missing Caple cup, presented by Kenneth and Bice Caple for competition in drama festivals, has been located and will be awarded to the winning play in this regional event at Penticton.

The competition will take place in the Penticton Parish hall.

British Columbia's whale catch—314—in the 1950 season was the biggest since 1938.

ANOTHER VETERAN and one of the top batters in the WIL circuit last season is husky
Dick Sinovic. Dick offered indications of another successful season with the Capilanos
Saturday when he blasted a 400-foot home run in his club's rout of the Wenatchee Chiefs.
An outfielder, Dick was a bright spot in the Caps' line-up in 1950 when he displayed
steady fielding and an uncanny habit of coming through with base knocks in the clutch.

Playing Space In City Parks Is Allocated

Penticton city parks board allocated playing space to city ball groups, when representatives of various organizations met with the commissioners Friday.

The parks and periods are as follows:

Softball Association: the north west diamond in Queen's Park every evening Monday to Saturday inclusive, and Kiwanis Park Monday to Saturday inclusive, with the scheduled games to be played Monday and Friday.

Midget baseball: two diamonds in the south end of Queen's Park Monday to Saturday inclusive after 4 p.m.

W. Moore's Beavers (hardball): the north east diamond in Queen's Park on two nights a week and alternate Sunday afternoons.

The softball association will also be allowed to use King's Park on Sundays after the senior league games are over.

The hardball games will be played on King's Park after 6 p.m. Monday to Saturday inclusive with some games played Sunday afternoons.

Cinder Approach For King's Park Pole Vault Pit

Following a request from the city Kiwanis Club the board of parks commissioners inspected the track at King's Park, Monday, and agreed to authorize the removal of a strip of turf four feet by 120 feet to make way for a cinder approach to the pole vault pit.

A representative of the club met the commissioners Friday, when permission was granted for the club's track meet, planned for May 5.

The original request for cinders included an approach to the broad jump pit. This was refused on the grounds that the pit is too far infield.

PRIZE WINNER

SUMMERLAND — Bertha Peritt of the Summerland high school has won \$10, third prize, in the province-wide essay contest organized by the B.C. division Canadian Cancer Society, as announced on Tuesday, April 17, by R. Bruce Buckfield, president of the B.C. division of the society.

It was the first win for the Wenatchee entry in the four-game series. The Chiefs seemed quite upset about losing the first three games and decided that a barrage of home runs might come in handy in routing their Canadian opposition.

WITH BASES LOADED They banded three of them out of King's Park. And one dispelled the old baseball adage that pitchers can't hit. Treichel, who worked eight laborious innings on the Wenatchee mound, powered a four-bagger with the bases loaded in the seventh inning.

The Chiefs fashioned their prodigious total of hits off the offerings of diminutive Pete Hernandez, who started for the Caps, and rookies Curt Schmidt and Ed. Klapp. The Capilanos managed 12 hits.

In the first inning, it seemed apparent that the Capilanos were heading for their fourth straight win. They got to Treichel for five hits which, combined with a couple of free passes, gave manager Bill Schuster's charges a 7-0 lead. The Chiefs weren't too powerful until the final stages of the contest when they

enjoyed two seven-run innings. In Omak on Saturday, the Capilanos dumped the Wenatchee Chiefs 11-0. Incidentally, a feature of this contest was the home run in the ninth inning by Dick Sinovic which broke up the ball game. With one on and the score tied, the husky outfielder, one of the most potent batsmen in the WIL circuit, poled a 400-footer. The fans are still talking about that one.

The Capilanos will break camp today and will face the Chiefs again in Wenatchee on Friday, this time in earnest. The two teams meet again Saturday and a double-header is slated for Sunday.

Strikes 'n Spares

The Penticton Retreading and the Coffee Annes emerged as City Five Pin champions in the men's and ladies' divisions respectively Friday night in the windup of the bowling finals. Top honors were split between the two Penticton alleys.

Penticton Retreaders representing the Bowl-A-Mor and the Coffee Annes from the Hub won out after the play-off series which was played on both alleys on successive nights. The Bowl-A-Mor men rolled a score of 6407 to cop the H. Geddes cup. The best the Hub could offer was a 6058 score for the six games. The Coffee Annes took home the W. R. Granna trophy after nosing out the

Capilanos Split Honors With Chiefs

The bid of the Vancouver Capilanos for a clean sweep of their pre-season contests against the Wenatchee Chiefs was rather rudely thwarted Sunday when the Chiefs blasted out 10 hits and a 10-11 victory.

It was the first win for the Wenatchee entry in the four-game series. The Chiefs seemed quite upset about losing the first three games and decided that a barrage of home runs might come in handy in routing their Canadian opposition.

WITH BASES LOADED They banded three of them out of King's Park. And one dispelled the old baseball adage that pitchers can't hit. Treichel, who worked eight laborious innings on the Wenatchee mound, powered a four-bagger with the bases loaded in the seventh inning.

The Chiefs fashioned their prodigious total of hits off the offerings of diminutive Pete Hernandez, who started for the Caps, and rookies Curt Schmidt and Ed. Klapp. The Capilanos managed 12 hits.

In the first inning, it seemed apparent that the Capilanos were heading for their fourth straight win. They got to Treichel for five hits which, combined with a couple of free passes, gave manager Bill Schuster's charges a 7-0 lead. The Chiefs weren't too powerful until the final stages of the contest when they

enjoyed two seven-run innings. In Omak on Saturday, the Capilanos dumped the Wenatchee Chiefs 11-0. Incidentally, a feature of this contest was the home run in the ninth inning by Dick Sinovic which broke up the ball game. With one on and the score tied, the husky outfielder, one of the most potent batsmen in the WIL circuit, poled a 400-footer. The fans are still talking about that one.

The Capilanos will break camp today and will face the Chiefs again in Wenatchee on Friday, this time in earnest. The two teams meet again Saturday and a double-header is slated for Sunday.

FIRST HOLE-IN-ONE KELOWNA — The season wasn't even open when the first hole-in-one was turned in for 1951.

Some two hours before the official opening April 8, George Morris copped his tee shot on the 110-yard seventh (water hole). Vouching for the rare dodo were Tex Bennett and N. Suddaby, playing with Morris at the time.

Morris later in the day competed in the mixed match that is part of the opening day ceremonies and, with his partner, Mrs. M. DeMara, came out with the low net. "Got off to a good start," he told well-wishers later. "A hole-in-one sort of gives you something to live up to."

Penticton Herald - SPORTS

Trail Rink Wins Ogopogo Bonspiel

KELOWNA — The Trail rink of W. Ross, skipped by Roy Stone, one of the pre-tourney favorites, captured top honors last week as the third annual Ogopogo Bonspiel of the Kelowna Curling Club drew to a close.

Only unbeaten rink in the 'spiel, the Trailites downed C. J. Bessette, of Kamloops, 15-5 in the final to win the Highland Lassie Trophy handsly. Previously the Ross rink had beaten Shirref of Kelowna, Kinnaird of Vernon, Willis of Kelowna, and Moore of Peachland—the kid rink—in the semi-finals.

Besides taking home the trophy, the Silver City's sole representatives in this year's effort gathered in the first prize of a silver plate each. Joe Landucci, lead; Fred Wendel, second; W. "Scotty" Ross, third; Roy Stone, skip.

The tall skipper, a brother of well-known Reg Stone, also of Trail, was highly enthusiastic about the operations of the local classic and took no credit for winning the major prize. "It was the first time I ever skipped in a bonspiel, so the other boys had to be good," he said.

LOCAL WINNER AGAIN

Arnold Wig maintained the precedent set last year by pulling down one of the events for the local club. He captured Event 5 honors and the Royal Hotel Cup in the all-Kelowna final against Nelson Clow. Wig posted an easy 12-5 win, called off after a three-ender in the eleventh.

Wig rink make-up was: Harold Wightman, George Reed, Milton Wig and Arnold Wig.

Other three events were taken by outside rinks. Syd Seymour, winner of the open event last year, found a winning combination after being dropped into Event 4 and defeated G. E. Eddy of Peachland 13-3 in the final for the Lucky Lager Cup.

The Seymour rink consisted of Smoky Tremley, Seymour, as second this time, Sonny Hall and Dex Lewers, skipping. Second event for the Byron McDonald Memorial Cup was taken by Charlie Hodson of Chilliwack. Hugh Shirref, one of Kelowna's three finalists, was trimmed by Hodson 16-8. Winners were: Harry Turnbull, Bill Porter, Dave Bruce and Hodson.

ONE WAS CLOSE Only close final in the five was that for the third event when it was decided on the twelfth end. Neil McKerracher's final stone gave him a Penticton victory by a 12-11 score over W. Jones of Armstrong.

Helping McKerracher to the U.D.L. Cup and first prize of blankets were Jim Thom, Clarence Powers and Bill McKuistan. Kelowna's record then in the final analysis was three finalists for one winner. Ed Purdy's rink last year became the first KCC four to win an event in the club's own bonspiel.

Opinion among the visiting rinks — there were 28 outside fours out of the 52 in the 'spiel — was that everything was letter-perfect for a club that didn't have a home of its own.

Ice conditions were described as perfect. The draw worked out to everyone's satisfaction. Hospitality was tops. The prizes were well worth trying for.

LAUDS COMMITTEES

Probably the most pleased man in the city — and perhaps the most tired — is Bert Johnston, bonspiel chairman. "It was a good show and I'm sure everyone enjoyed it," he said.

He paid particular tribute for the success of the 'spiel to his draw committee, headed by Pat Doleen, and the ice committee, under

der George S. Sutherland. To many rinks the final day meant a gruelling endurance test. Several had to play two games in succession and the finalists in Event 5 — Clow and Wig — went through five games that day (yesterday).

The team that had the most sentimental backing from the gallery was the youngsters on Peachland's Moore rink. Made up of Don Topham, Graham Gerrie, Bob Busch (formerly of Kelowna who came here from Portland, Ore., for the occasion) and skip Ken Moore, the rink's youthful zeal was more than a match for any experience in their first three games.

But in the semi-finals they came up against the powerful Trail rink who went on to win the bonspiel's laurels. The bonspiel marked fins for the ice season in Memorial Arena. Cooling machines were turned off last night in the first step towards removing the ice in preparation for laying the floor for summer activities.

Roeg's Gallery

By Dave Roegle

"Dave! about your column last week."

"Yes, Bert."

"You forgot something."

"I did?"

"Yes, you were running off about the ball club trying to make two senior teams pay their way and you missed the point."

I agreed that maybe I had, feeling somehow that I was soon going to get said point one way or another.

"Yes" the dealer in frigid meat went on, resorting to flattery, "you neglected to tell the people that read your column that the idea behind this two-team business, besides bringing more baseball to Penticton, is to get as many youngsters as possible playing good, organized ball."

"They should know that."

"They should, but nevertheless you made it sound as if all we're trying to do is make money."

"I did?"

"You did."

"Well shame, shame on me."

"And what's more when it comes to..."

Bert Tidball, president of the Penticton Baseball Club, would like me to tell you that the club is primarily concerned with making good ball players out of our youngsters and can do this better with two teams.

There was a time in Penticton, and not very long ago, when a young fellow's baseball career ended when he left high school, because a bunch of old crooks, held together by adhesive tape and a strong bond of friendship, controlled the senior

Naramata Ball Club Dance To Open Season

Naramata Baseball Club will hold a dance in the Naramata Community Hall tomorrow evening in an effort to defray the costs of the season's operation.

Two-way transportation will run from this drug store at Main street and Naramata avenue for Penticton residents wishing to attend.

Dancing to the Esquires' orchestra will continue from 10 p.m. until 2 a.m.

baseball team. There was only one team and if a fella trying to catch a place on it was really outstanding he could at least sit in the shade of the dugout to watch the games. This was quite an achievement.

Those days are now gone forever and this year's plan is just another step in the right direction. The starting team for the season opener this Sunday is packed with young, eager ball players, as is the other Penticton team in the Okanagan International League.

If somebody could have slipped a six-shooter into the right hand of the Penticton Baseball Club, the club would pump his right hand up and down as if he had just batted his finger on a hot plate. Next game, Chalmers plans on having a pocketful of fire crackers and a cow bell tied to his wrist. Just in case things get dull. Chalmers conducted a two-day umpires school here in Penticton on Saturday and Sunday and passed along some very valuable information to the ten or twelve interested "blind men" who attended.

Penticton And Kamloops Clash In Baseball Opener

The Bunker

By Bogey

A short while ago, members of the club met at the IOOF Hall for the annual meeting and election of officers. At that meeting, a new president was elected in the person of Marvin Syer, one of the most capable and energetic members in the club.

Marvin brings with him a wealth of golfing experience, a personal knowledge and a personality so vital for such a role. In him, we all feel we have made the right choice and feel quite certain with Marvin there to guide us, the club members will flourish. Other directors elected were Russell Jordan, Arthur Marlow, Jim Thom and down as if he had just batted his finger on a hot plate. Next game, Chalmers plans on having a pocketful of fire crackers and a cow bell tied to his wrist. Just in case things get dull. Chalmers conducted a two-day umpires school here in Penticton on Saturday and Sunday and passed along some very valuable information to the ten or twelve interested "blind men" who attended.

A new captain was also named and we don't think a better choice could have been made—we refer of course, to our popular, young club champion Jack Partington. Jack's got lots of "git-it-go" in him and is bound to bring out the best in all of us. Jack's sidekick is Warren Palmer who will also be in there pitching. Mrs. "Moggy" Hall was again elected secretary and we don't think anyone will object to that. "Moggy" is a grand worker for the club and as long as she is in there you may be sure the finances and so forth will be most capably looked after.

Next week we hope to have the full data on the Horne-Latta deal with Kelowna and fully expect to be able to say that it'll be "open house" for all members. But, more of that next week. In the meantime, keep pluggin' away and get that game trimmed down to size. Be sure and turn your cards in—that's the only way we have of properly assessing you.

Say! I see where George Morris of the Kelowna Golf and Country Club bagged himself a hole-in-one on opening day. Now fellows, let's see what we can do. If they can do it, we can do it twice as well!!!

No more for now—this "in between" time is rough on a guy like me trying to get enough news to fill the column half-decently. So, I trust you'll abide with me in this short session. Next week's promises to be very much better.

See you on the Course!

F. W. Flick Heads

Oliver Tennis Club

OLIVER—Annual meeting of the Oliver Tennis Club was held last Thursday in the Masonic Hall when an enthusiastic group laid plans for the 1951 season.

The following will have charge of the affairs of the club for 1951. F. W. Flick, president; Mrs. M. Byrdon, vice-president; G. M. Clayton, secretary-treasurer; Miss E. Gleed and W. D. Macleod, executive members; court chairman, H. F. Hyson; tea chairman, Mrs. P. Hirtle; coaches for junior club, D. Wood and Mrs. H. Ritchie. Publicity will be in the hands of the vice-president.

The club will affiliate with the B.C. Lawn Tennis Association. It is planned to do all possible to encourage junior players and suitable times will be found when the coaches may give instruction to these players, who will be encouraged to compete in tournament play. The winners of the cups in last year's Junior Tournament will be accorded all privileges of senior players in the club. Fees for junior will be at a nominal rate.

Plans have been made to effect some repairs to court fences. It is felt that nothing can be done as yet about improving the playing surface.

Club tournaments will be started early in the season and it is hoped to arrange frequent matches with other valley clubs.

Capitlanes ballplayers, Bob Snyder and Carl Gunnarson were guests at the luncheon meeting of the Penticton Kiwanis Club Tuesday.

TO PRESENT DRAMA

SUMMERLAND — The Summerland Singers and Players Club is presenting on Tuesday, May 1, as its main dramatic production for the season the comedy, "Here Comes Mr. Jordan," under the direction of Lacey Fisher. The highly successful movie version starred Robert Montgomery as Joe Peniston, the prize fighter hero.

THE OKANAGAN MAINLINE BASEBALL LEAGUE

Ready for another season of Okanagan International baseball league competition is the 1951 version of the Penticton Canucks, who copied the pennant last year. Their schedule which begins April 29 at King's Park with Tonasket as the opposition follows:

**THESE
are the Facts !**

1. The simple truth is that present hospital accommodation is only a fraction of what the city and district requirements demand. 130 people were waiting for hospital care on April 7th of this year but COULD NOT BE ADMITTED DUE TO LACK OF ROOM!
2. Present facilities are old, beyond any practical plan of remodeling or repair. A new structure is the only answer.
3. Your present hospital is a FIRE TRAP... authorities have long been fearful of the slightest fire because the old-fashioned frame building is a constant invitation to a serious blaze and possible death and disaster.
4. Much time and money is wasted because of the inconvenience and unsatisfactory working conditions for the staff... steep ramps, narrow aisles, lack of adequate storage facilities are but a few of the many short comings of the present structure.
5. The city stands to get more "new hospital" for its money right now than possibly at any other time... with our expenditure of \$384,000 we will gain a new modern building actually costing over \$1,150,000.00! The disposition of all building funds is handled through the provincial government.
6. It is a fact, too, that because the great need for new facilities is so obvious, some folks will feel the by-law will pass without their assistance... this is not necessarily true because if too many of you think this then the total vote will not be a true expression of feeling... remember, there may be a few who for some selfish or private reasons may not be in favor of the by-law, they will certainly take time out to vote! This is a project affecting everyone in the community perhaps more than any other by-law; for this reason EVERYONE should exercise their franchise on Saturday... DO take time to vote and do VOTE YES!
7. This is not a question of politics, hospital insurance or anything other than the fact that WE DESPERATELY NEED A NEW HOSPITAL! One person out of every three homes will seek admittance this year... if a fevered... what about YOUR family? YOU may be one of the emergency cases! You and your family stand a better chance of surviving serious accidents or sicknesses if this hospital by-law passes on Saturday. These are simple facts.
8. The new modern hospital will provide the necessary facilities to attract specialists in the field of medical practice to come to Penticton. This will mean that many of our local citizens will not be required to leave Penticton for this type of service rendered only in the larger centres.
9. The Polls open at the City Hall at 8 a.m. and close at 8 p.m. Saturday, April 21st. Transportation will be provided to and from the Polls by Phoning 928 — BE SURE TO VOTE.

Kamloops Trade Board Asks For Increased Grant

KAMLOOPS — A four-man delegation from Kamloops Board of Trade, headed by President Don B. Ells, asked City Council last week to give the organization \$2750 this year, an increase of \$750 over last year's grant. The request was made by G. A. Sutherland, chairman of the board's finance committee. Other members of the delegation were Vice-President J. Ziebart and civic affairs committee chairman Ronald White.

The additional \$750 is needed for the printing of a new brochure advertising Kamloops and District. Mr. Sutherland said. Cost of the publication would be \$1500. The previous brochure, now out of print, was rated among the best of such advertising booklets issued in British Columbia, and was distributed practically all over the world.

One-quarter of the other \$2000 of the board's requested grant would be used to finance the year-round Tourist Information Bureau sponsored by the Board of Trade. The rest of the money needed for the tourist bureau's operations comes from the businessmen of Kamloops and those engaged in the tourist-resort business hereabouts. Last year \$2675 was contributed by them.

The remaining \$1500 would be used, Mr. Sutherland said, to help to pay for the board's numerous activities on behalf of the city and its tributary district, not the least of which is acting as host to dignitaries and other important visitors; in short, acting as host and thus relieving the City Council and its treasury.

PASSENGERS WERE TRAPPED for 60 hours in the prairie wastes when blizzards swept 15-foot snowdrifts across the tracks stopping this CNR train 180 miles east of Calgary on its way from Saskatoon. Passengers huddled around the stove in the baggage car to keep warm and were later taken to the nearest town by bus and truck.

Coal Is Still A Major Factor In Keeping Industry Humming

What would happen to Canada's fuel supplies should a world war break out tomorrow?

Despite the growth of oil and natural gas production, any Canadian war effort would be paralyzed without coal, recent surveys show. The modern war machine's hunger for fuel could never be satisfied without huge supplies of coal.

The "U.S. News and World Report" said recently: "In any sizeable war, jet planes will burn fuel so fast that much of the country's crude oil will disappear that way." If this could happen in the United States which produces six million barrels of petroleum a day, it would happen faster in Canada.

As a result of limited operations in an early phase of the Korean war, the U.S. military aviation fuel demand rose overnight from 50,000 to 200,000 barrels a day. With increased use of jets this figure would climb. Jets now use low quality gasoline (of the same type as used in domestic heating) at the rate of 350 gallons per hour. This is almost six times the amount of aviation gasoline used by piston-engine planes.

As more home owners are converting to oil-burning equipment, a greater strain is thrown on the oil industry. Cuts in the domestic use of oil and a reduction in the sale of high octane gasoline to service stations are being urged by U.S. experts.

The outlook for natural gas in the event of war is uncertain. While it has been estimated that supplies can last from 25 to 60 years in North America, the complex gathering and distributing systems recently developed in the U.S. have never been tested either by a severe winter or by an urgent national need.

The Federal Power Commission turned down several applications for permission to build new pipelines because the petitioners failed to prove that they would actually be able to supply the gas they promised to deliver. This supply difficulty, added to the small storage capacity of gas, has resulted in contracts calling for interruptible service. In a national crisis, this trend would be intensified. Canada, its natural pipeline policy yet unsettled, would have to turn even more to coal.

U.S. government officials, looking at other weak spots, have pointed out the danger of an electric power shortage in the event of a national emergency.

Recently, the United States Secretary of the Interior, Oscar L. Chapman, said U.S. expansion of power output by 20,000,000 kilowatt hours, planned for the period 1950-53, would be insufficient for emergencies.

tric power produced by coal is becoming more and more necessary for the war-strained U.S. economy. War expansion of aluminum, magnesium and atomic energy plants is already draining present electric power sources. The superiority of coal over other energy-producing fuels has been emphasized by recent reports of the U.S. Federal Power Commission.

A survey by the commission of 200 power plants, of which 101 were coal-fired steam plants, showed that the coal plants use less thermal units than either oil or gas plants and produced greater thermal efficiency.

It is expected that a major war would result in a speeding up of the work now being done on the production of gasoline from coal. The U.S. Bureau of Mines \$25,000,000 demonstration plant in Missouri has announced that gasoline "in practical quantities" has been produced from coal.

Thus an international war tomorrow would see the coal industry as the only fuel industry able to continue to supply 54 per cent of domestic fuel and to feed industry. Coal could satisfy more and more military demands, thus relieving other fuels of part of their wartime load.

Canada's great coal reserves—there are 46,562 million tons in Alberta alone—ensure that this can be done.

Salmon Pack In 1950 Better Than Average

Canada's 1950 pack of canned salmon was slightly better than recent averages despite a disappointment in the sockeye harvest, the American Can Company reported.

A survey based on container requirements of Pacific Coast packers made by the can manufacturing firm estimated this year's pack in the neighborhood of 1,482,000 cases. The 1949 pack was 1,434,000.

The big disappointment was the Adams River run which, in this cycle year, was expected to produce a record catch of sockeye," stated G. W. Henderson, Canada's district sales manager. "Actually the catch was only a fraction of expectations. In spite of this development the 1950 pack of all types was ahead of last year and considerably better than average."

The run of pink salmon was exceptionally good in several important fishing grounds, Mr. Henderson stated. He said the volume of canned pinks, second to sockeye from the financial standpoint, was also better than average. The pack of the third choice, chum salmon, was also considerably larger than in 1949, he said.

Due to the decline of export markets in the past few years, the salmon canners of British Columbia are continuing to place considerable emphasis on the domestic market and Canadians are eating more of the nutritious product, Mr. Henderson reported.

Jaycees' "Bring Your Boss" Meeting Tonight

Penticton Jaycees will entertain their employers at a "Bring Your Boss Night" this evening in the Legion Hall.

The group will hear an address on "The Importance of Local Government," delivered by Ivor Haddleton who was recently voted the best speaker among this season's crop of Gavel Club orators.

The basis of Canadian prosperity is a high national income distributed with regard to individual contribution to production.

Fingerlings For Okanagan Lake

Some Penticton Fish and Game club members, plus junior forest wardens, assisted Summerland Fish Hatchery Manager Art Higgs last Sunday in liberating Kamloops Trout in Okanagan and Skaha Lakes.

For the past two weeks Mr. Higgs and his assistants have been busy stocking various lakes in the interior but it will "another month before his spring program is completed."

At the finish, Okanagan Lake will have received 60,000 Kamloops Trout fingerlings and Skaha Lake another 50,000. Some 2,000 Kamloops fingerlings are earmarked for Fish Lake this year.

Adherents to the philosophy of Social Credit and other interested persons in Penticton will hear C. A. Kennedy, national organizer for the Social Credit party, on April 23.

Charges, Subsidized B.C. Apples Undercut Ontario Prices, Denied

SUMMERLAND — Charges that subsidized Okanagan Valley apples had depressed apple prices in Ontario were denied by George E. Brown, secretary of B.C. Tree Fruits Ltd. when speaking at a meeting of the Summerland local of the BCFGA last Friday.

Mr. Brown declared that imports from the United States had already depressed the Ontario market before B.C. shipments were sent there. Price levels had already dropped and B.C. apples had not caused the deflation, he asserted.

These apples from the 1950 crop were not subsidized, it was stated. Claims that B.C. apples undercut the Ontario markets and forced down the price of Ontario-grown apples was made in the April 11 issue of the Free Press Weekly Prairie Farmer where Writer "Chesterbloom" in ascertaining factors concerning Ontario's proposed marketing act, quotes S. Murray Clark, Liberal MLA for Essex South, a tobacco grower active in the marketing agency drive.

This Ontario marketing act is designed to provide that marketing agencies, having fixed a minimum price, could enforce such a minimum price on all like produce imported in Ontario from other provinces or countries.

Mr. Clark was quoted as stating that this was only justifiable protection for the Ontario growers and cited the uneconomic price cutting in the apple growing industry in Ontario which has no such organized marketing agency.

"The British Columbia apple growers were subsidized last year," he said, "to the extent of \$2,000,000. One result was that recently the British Columbia apple agencies sent 100 carloads of B.C. Macintosh apples into Ontario at a price f.o.b. British Columbia of \$1 a box. The freight on these apples was \$1.06, making the price in Ontario \$2.06. Before their arrival Ontario Macintosh apples were selling at \$2.75 a box. The apple growers had to cut their price by 75 cents to compete with these subsidized B.C. apples."

Mr. Clark was further quoted as saying the effect of this would be to spur the Ontario apple growers into organizing Ontario agencies to prevent such a future price debacle.

Fruit is produced on a commercial scale in Canada in the provinces of Nova Scotia, New Brunswick, Quebec, Ontario and British Columbia.

Pop Corn Stand Given Approval

Three trips to council meetings finally secured for J. Wheatley approval to operate a pop corn stand at the corner of Wade Avenue and Main Street.

The stand will be placed on property leased from the Hudson's Bay Company Ltd. In this regard Alderman Wilson Hunt informed council that the traffic committee had considered the leasing of this property to provide off-street parking.

The Hudson's Bay Company was prepared to lease at a rental of \$50 a month with the stipulation that the lessee would vacate on one month's notice. The company has not yet decided upon what it will do with the property, Alderman Hunt said.

Mr. Wheatley, who is leasing from the company on the same terms, said he was prepared to co-operate with council in any way if it went ahead with the plan for off-street parking on the property.

The port of Churchill, Man., handled a record number of 20 ships during the brief 1950 shipping season.

ALTHOUGH THE FAMED Dionne quintuplets have all kinds of pets, ranging from kittens to horses, the one that now gives them the most pleasure is "Bambi," a deer they found near their home at Callander, Ont., when he was a "tot" of two months old. The girls, through months of coaxing and patient training, have managed to overcome the deer's natural timidity of human beings, and he is now one of the family.

N. O. Solly Re-Elected President Athletic Club

SUMMERLAND — At the annual meeting of the Summerland Athletic club, held on April 6, N. O. Solly was again selected as president, with Dave Waddell as vice-president, Miss Anne Carey secretary, Cecil Morgan as treasurer and Harry Beaman as member.

The meeting learned that increased memberships in the tennis and badminton clubs point towards a satisfactory season both from a playing and a financial point of view.

School And Civic Leaders Greet Student Delegates

Report Reveals Flood Potential

Weather conditions during the next few weeks will be the determining factor as to whether there will be high water conditions this year. There is a flood potential in the heavy snow packs in B.C. mountains, but that does not necessarily mean floods. Continued warm sunny weather will bring the annual runoff down major river beds without incident. But cool weather could delay the runoff until June. In that case extreme high water could result.

The April report of the water rights branch of the provincial government, reveals the highest snow-water content on record in the snow fields of Columbia, Kootenay and Okanagan areas. But it adds that if the snow melts gradually through April, May and June and precipitation is normal or below normal, the danger will be eliminated.

It was pointed out that a flood potential exists every year and adverse weather conditions during the spring can make this flood potential a reality.

The forecast of inflow to Okanagan Lake for the period April to July, is 450,000 acre feet. The measured inflow the same period last year, 1948 and for the average of the 1940-49 ten-year period is 421,000; 612,000; and 343,000 acre feet respectively.

Water content of the snow pack in the eastern portion of the Okanagan watershed is 104 percent of last year; 130 percent of 1948, and 118 percent of the long term normal. In the western portion, it is 115 percent of 1950; 145 percent of 1948, and 155 percent of the long term normal.

In the vicinity of Vernon, practically all snow is gone below the 2,000 foot level and recedes as one goes south to approximately 3,000 feet at Oliver. All streams have commenced to run and with present weather conditions the runoff is normal for this time of year, it was pointed out. At the end of March, the depth of the snow at the Mission Creek water basin was 70.1 inches, while the water content in the snow was 23.1 inches. Average water content over the past 12 years has been 19.4 inches. At McCulloch, the snow depth at the first of the month was 29.8 inches with a water content of 8.3 inches. Thirteen-year water content average is 6.6 inches.

Permission was granted to Penticton high schools for the use of King's Park for a track meet, planned for Saturday, May 19. The school will also be allowed to use the park for games every Tuesday and Thursday.

"Scotty" Gordon Resigns Legion Executive Post

George "Scotty" Gordon has resigned from the executive of Branch 40 of the Canadian Legion.

At the regular meeting of Legionnaires held in their own hall Monday night, President J. R. Coffin said that he was informed by Mr. Gordon in writing last Saturday of the decision to retire from direction of the local Canadian Legion affairs. The reason for resignation: "Doctor's orders."

A special meeting of Legionnaires was scheduled for Monday night when an election will be held to install a successor to Mr. Gordon. President Coffin also announced that, as a result of recent correspondence with the City Council in

which the Canadian Legion offered its help in finding a way out of the dilemma involving a memorial plaque for the new arena, he will confer with Alderman Wilson Hunt and W. D. Haddleton and attempt to add the feature to the new building.

Also discussed was the proposed development of the West Bench which has gained momentum recently following a statement by Hon. E. C. Carson, Minister of Public Works for the province, that a start would be made soon on the Okanagan flood control project. "Land parcels in the West Bench area are still available for ex-servicemen," Mr. Coffin informed.

Legionnaires appointed six delegates to the provincial convention arranged for Penticton next month. They are Mr. Coffin, J. A. M. Young, H. E. Gough, T. Kirkby, J. H. Hooper and P. E. Evans.

The Legion executive also requested transportation assistance for the

PROGRESS REPORT

Detailed report of progress being made on preparing Penticton Creek channel for the run-off was submitted to council by City Engineer Paul G. W. Walker on Monday. About \$4,000 of the allotted \$10,000 for the work has been expended. Alderman W. D. Haddleton complimented the engineer on the progress being made.

Sick and visiting committee on Wednesday and Saturday afternoons and announced that the Branch will sponsor this year a children's bowling league and an entry in the mid-set baseball league here.

Blue Bonnet margarine is sold in two types — regular economy package with color wafer and also in the famous YELLOW QUIK bag for fast, easy color.

Market Board, Canners Agree On 1951 Prices

The Interior Vegetable Marketing Board has released the following prices as arrived at in meeting held with the canners recently.

Tomatoes. No actual price has as yet been arrived at, but prices will be, at least, \$5 a ton higher than last year.

Tomatoes, juice grade, has been substituted and will be known as "Puree Grade." Tomatoes to be fully colored as for No. 1, free from decay, mould and sunscald, but may be any size.

Minimum prices will be: No. 1, \$32 ton; No. 2, \$22 ton; Puree grade \$27 ton.

Asparagus. The following prices have been agreed upon: No. 1 grade, five inches in length, 20c per pound; No. 2 grade, six inches in length, 25c per pound; Utility A seven inches in length, 22c per pound; Utility B ten inches in length, 16c per pound.

These prices show a helpful increase over 1950 and canners will take every pound they can get.

Beans. A slightly different system of grading and pricing has been set up this year in an attempt to build up the industry of growing and canning this crop.

Prices are: \$92.50 a ton for a grade containing sizes 1-4 inclusive.

Under forest management, it is possible to take a harvest from the woods and still leave a growing forest.

Uncharted Shore

Parks Board Policy Rules Sicomous Park "Ornamental"

Penticton's Sicomous Park, when seeded and planted, will be used only as an ornamental park. Outdoor events will be detailed for Queen's Park.

This was the policy established by the city parks board, Friday, when the Gyo Club requested the use of the park for the July 1 celebrations. The group planned to use the park for a dance following the baseball game in King's Park that the group will sponsor as part of the Dominion Day celebrations.

Permission was granted the club for the use of the King's Park and the secretary was advised to inform the club of the policy regarding Sicomous Park.

"Story Of Penticton" Continues In Demand

Board of Trade members learned at their meeting last Thursday night in the Canadian Legion hall that their publicity booklet entitled "The Story of Penticton" are being disposed of at the rate of 100 a month.

H. LeRoy, Jr., chairman of the tourist and publicity committee, reported that the books are now being distributed through 20 outlets and that the books yenevnt - uao that his committee is now working on a scheme which "might dispose of 2000 of them at one time." He will report on the scheme at a later meeting.

GRANT DENIED

Application of the Board of Trade for a grant to the travel bureau was rejected by City Council on Monday following recommendation of the public relations committee which was detailed to study the application and report back to council.

Bus Franchise By-Law Backed By Trade Board

Okanagan Valley Horticultural Society Formed

An Okanagan Valley Horticultural Society, designed to co-ordinate dates of flower shows throughout the valley, was organized at a meeting in Kelowna last week. Representatives from Salmon Arm, Vernon, Kelowna, Summerland and Penticton attended the meeting.

Flower shows, jointly sponsored by the cities and towns will be held in various centres on a rotation basis. Summerland show has been designated as the valley show for 1951. Another objective is the pooling of competent judges for individual shows held during summer months.

In attendance were H. C. S. Collett, W. Todd, T. C. McLaughlin, Kelowna; J. C. Carne and Mrs. Barton, Salmon Arm; W. T. Barentsook and S. Hamilton, Vernon; M. Oswell and H. Barritt, Penticton, and E. H. Bennett and Dr. James Marshall, Summerland.

About 50 members of the Board of Trade meeting in the Canadian Legion Hall last Thursday night gave their full support to proposed amendments to the bus franchise of the Columbia Coach Ways Ltd. which will be placed before the electorate in the form of a by-law on Saturday.

Their unanimous decision followed a report from Fred Pyc, substituting for A. Marlowe as chairman on the highways and transportation committee, and a lengthy address by Mayor W. A. Rathbun, who voiced City Council's agreement with the institution of changes.

Asked by president Dr. Roy Walker if he considered the changes justified, Mayor Rathbun stated: "At the time the franchise was granted, City Council was not permitted to grant changes without going to the people for ratification."

He said that the City Council realized it was impossible to keep the bus company operating by expending monies that should have been reserved for depreciation.

"Bus companies in Kelowna and Vernon had trouble. They folded up before further concessions could be made," he said.

After a careful examination of the operations of the company, he lauded its management and service and hoped that the city of Penticton would support the by-law.

Mr. Pyc stressed in his report that the changes in franchise would not mean curtailment of services. As a matter of fact, he said, they would provide extension of service within city limits and the Naramata bus company could transport Pentictonites on runs outside the city.

"The city will benefit by the change," he concluded.

"No Shanty Town" Says Parks Board

Shops were taken, Friday, by the city parks board to prevent the municipal trailer camp from becoming a "shanty town".

Following a letter from the operator of the camp, Mrs. E. Carter, asking that the ruling of a 21 days maximum stay should be waived at her discretion, the commissioners ruled that the by-law should be strictly obeyed.

Mrs. Carter asked that W. G. Penticton, presently occupying space at the camp, should be allowed to remain in the camp until he can sell his trailer and find a house.

The board was sympathetic but firm. "There is a danger that granting a request of that sort would open the doors for the start of a shanty town," commissioners declared.

British Columbia Distillery Co. Ltd.

announces its expansion program

Destiny has dealt a favoured hand to British Columbia. Rich in natural resources, fortunate in the wisdom and faith of its early pioneers, the province has set a record for progress and prosperity. The growth of British Columbia's leading industries gives testimony to this progress.

Since 1904, when it first began operation, the British Columbia Distillery Company Limited has been closely integrated with British Columbia's industrial life, has matched the pace of rapid development that is symbolic of Canada's Pacific province.

The British Columbia Distillery Company Limited has greatly increased its facilities over the past few years and has built up its stocks to keep pace with the rapidly growing demand for its products both at home and in the markets of the world.

Now the company is pleased to announce a distinguished selection of BC Canadian Rye Whiskies... BC Double Distilled, BC Export, BC Reserve and BC Special... and a fine London Dry Gin... BC Sterling.

The company is proud that its expansion program enables it to play an increasingly important role in the development of the community... more jobs... larger payrolls... greater purchasing power... which provides a better living for all British Columbians.

Baking's Easier, Speedier
with Wonderful New Fast Rising Dry Yeast!

CINNAMON BUNS

Measure into large bowl, 1 c. lukewarm water, 2 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min., THEN stir well. Scald 1 c. milk and stir in 1/2 c. granulated sugar, 1/4 tsp. salt, 5 tbs. shortening; cool to lukewarm. Add to yeast mixture and stir in 2 well-beaten eggs. Stir in 3 c. once-sifted bread flour; beat until smooth. Work in 3 c. more once-sifted bread flour. Knead until smooth and elastic; place in greased bowl; brush top with melted butter or shortening. Cover and set in warm place, free from draught. Let rise until doubled in bulk. While dough is rising, combine 1/2 c. brown sugar (lightly pressed down), 3 tps. ground cinnamon, 1 c. washed and dried seedless raisins. Punch down dough and divide into 2 equal portions; form into smooth balls. Roll each piece into an oblong 1/4" thick and 16" long; loosen dough. Brush with melted butter or margarine. Sprinkle with raisin mixture. Beginning at a long edge, roll up each piece loosely, like a jelly roll. Cut into 1" slices. Place just touching each other, a cut-side up, in greased 7x round layer-cake pans (or other shallow pans). Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 25-35 minutes. Serve hot, or reheated.

● No more taking chances with perishable yeast cakes that have lost their leavening power! New Fleischmann's Fast RISE Yeast keeps full strength and active right till the moment you use it. Needs NO refrigeration—keeps safely in your cupboard. Try its marvellous results in your next baking.

Order a month's supply!

The Women's World

RECIPE HINTS

Here's a birthday cake with a candle for each guest rather than for each year! A fortune or verse is attached to each candle, and when you cut the cake, let the fortunes fall where they may!

Birthday Cake

One cup shortening, 2 cups sugar, 4 eggs, unbeaten, 3 cups sifted flour, 1/2 tsp. salt, 3 tsp. baking powder, 1 cup milk, 1 tsp. vanilla, boiled frosting, tinted pink, 3 dried figs, chopped fine, 1/2 cup seedless raisins, 1/4 cup finely chopped dates, 1/4 cup broken pecans or walnuts, 1/4 cup finely chopped maraschino cherries.

Cream shortening and sugar. Add eggs, one at a time, beating well after each addition. Mix and sift flour, salt and baking powder.

Combine milk and vanilla. Add flour mixture alternately with milk to egg mixture. Pour into two greased and floured 9-inch layer cake pans. Bake in moderate oven, 375 degrees F., 35 to 40 minutes. Cool 5 minutes in pans. Remove from pans to cake racks. Prepare boiled frosting, tint pale pink. Combine fruits and nuts and add about half of this mixture to one-third of the frosting; spread between layers. Frost top and sides with remaining plain frosting; garnish with wreath of remaining fruits and nuts. Decorate with sift flour, salt and baking powder, small candles.

Members Women's Institute Entertained By Speakers

Hospital administration and cost was the subject of Mr. E. F. MacDonald's timely address when he was the guest speaker at the regular monthly meeting of the Penticton Women's Institute held at the Red Cross Centre last week.

Mr. MacDonald answered several questions pertaining to the proposed new hospital.

Following his informative talk, Mrs. V. B. Robinson, president of the Institute, thanked the speaker for his interesting address.

Another delightfully interesting and entertaining item on the afternoon program was the story of early days in Penticton as related by Mrs. H. H. Whitaker, an Institute member and resident of Penticton for the past 46 years.

Mrs. Whitaker recalled her first glimpses of Penticton, how beautiful the lake and mountains looked, the latter being covered with yellow sunflowers; and the lovely violets that were growing all over the corner where Front and Main streets now meet. It is hoped Mrs. Whitaker will continue with her reminiscence of the early pioneer days at some future meeting of the Women's Institute.

At the brief business session preceding the program letters were read from the mother of the two adopted English girls, thanking the Institute members for their continued support. They were also thanked for the two quilts and clothing received by the girls.

Mrs. J. Tribe, secretary, was appointed as delegate to the Southern Okanagan district Women's Institute convention, to be held at East Kelowna, May 22.

Mrs. C. G. Bennett gave a report on a recent meeting she attended for the organization of a local council of women.

Several members volunteered to assist in the current campaign for funds conducted by the Canadian Cancer Society.

The next regular meeting of the Women's Institute will be held at the Red Cross Centre May 8, when visitors and friends will be welcome. Tea was served at the conclusion of the business session.

When cooked correctly, vegetables are a rich source of vitamins and minerals. Cooking water should be boiling before vegetables are added. Remember, most vegetables are at their best color and flavor when cooked in a small amount of water. Cook them quickly and save their cooking juice for soups, stews, or gravy.

A cord of seasoned wood will give as much heat as a ton of coal, and leave about one-quarter the amount of ash.

Mrs. John Jones Is Elected Executive Member WCTU

Mrs. John Jones, president of the Penticton Women's Christian Temperance Union, was elected as vice-president of the district at the 41st annual convention of the WCTU held in Kelowna, April 10 and 11.

Delegates from Kamloops, Vernon, Winfield, Kelowna, Peachland, West Summerland, Penticton, New Westminster and Vancouver were in attendance.

Representing Penticton at the Temperance Union conference were Mrs. V. Parker and Mrs. Jones as official delegates and Miss L. Boggs, secretary of the local Union. Mrs. J. Finley of Kelowna was the delegate of the Kaleden branch.

Mrs. R. H. Boyer, Vancouver, provincial president, opening the proceedings with greetings from Vancouver District, said: "Such a meeting is an inspiration for the entire province you carry the banner in the Okanagan."

Mrs. W. Campbell, Vernon, turned in her brief report as corresponding secretary for the District Union.

Mrs. Simpson, Vancouver, told of her visit to El Paso, Texas. In that state, she said, there are 123 places in which to buy liquor. The women there plan to have a dry state. They sent greetings to British Columbia. She spoke of a colored woman there whose temperance work was among men and in the prisons who said "we would like your women to pray for our work and we will pray for your work."

Miss Frances Giberson, district president, WCTU told the meeting how Judge J. Gibelman had stated that it took more to mend an alcoholic than to educate a child, and quoted "Fret not because thy place is small, Be faithful where thou art."

Mrs. James Lade, Vancouver, president of the World's WCTU, who acted as ovator when she rose to address the convention, brought loving greetings from national headquarters and proceeded to report on the World's WCTU convention in Hastings, England, June 1950. She said when the conducted tour, of which she had been a member, reached the Old Country they received a warm welcome. They visited Ireland, Scotland, and Hastings, England, where a thousand delegates from forty different countries assembled; the Mayor of Hastings, who himself is a total abstainer; extended a cordial welcome to the convention, and during the week of sessions he caused all the saloons in his area to remain closed, a compliment which was greatly appreciated by the visiting ladies. It now remains to be seen what the Mayor of Vancouver will do when the WCTU world convention meets in Vancouver in June 1953.

Continuing, Mrs. Lade reported a reception was tendered by the Lord Mayor of London when delegates were the honored guests of the City of London: The Lord Mayor said he was very interested in the work of the World's Women's Christian Temperance Union, and still more interested in the fact that the president of the World's Union was a Canadian; and from Vancouver, because he had presented the mayor to Vancouver when the late Gerry McGee was mayor of the coast city.

Later, when the picture of the 1000 delegates was to be taken, the Lord Mayor asked that he might stand with the Canadians in the monster group.

A reception was tendered by the House of Lords at Parliament Buildings on the terrace, along side the river Thames. It was the first time a reception had been given by the House of Lords to a women's organization. Five members of the House of Lords attended. Long tables had been set up, Mrs. Lade, the speaker, being at the table presided over by Lord Ammon; Lord Astor had been prevented from attending through sickness; Lord Choyd, Lord Darwin and Lord Rochester were present.

Lord Choyd told how his mother trained him to total abstinence as a lad on his mother's knee, from which he had never swerved. Lord Darwin favored total abstinence, while Lord Ammon said the Women's Christian Temperance Union have a big job to do but "God is with them". Greetings were extended to the National World's executive.

Mrs. Lade also told of her attendance at the Dominion WCTU convention held in the Montreal Armoury in September 1950. The executive officers were invited to sign the "Golden Book" in the Montreal City Hall; this was the first time for a Women's Organization to sign the exclusive register.

Proceeding, Mrs. Lade said the Roman Catholic Churches have many thousands in their congregations who are pledged to total abstinence.

Mrs. R. H. Boyer, Vancouver, (presiding) addressed the gathering and said: "Jesus is our unfailing source of strength. Sinners are saved by grace and our association humbly acknowledges Him as our Guide". Further, she remarked "No person has power in prayer unless they practice this divine exercise. Our Saviour went to the Cross while Peter, James and John, being tired, slept. Our Saviour was left alone, sensing death, when great power came to Him. We too must have something of this same power to accomplish the vast work which in

ours to do" said the speaker.

The final morning session of the conference was opened by Mrs. Mino of Summerland with devotions, reading from Psalm 46, which she termed the "Crusaders Psalm" she said, each day brings something new one else but we can do. Each day we have both a duty and an opportunity.

Mrs. P. O. Gerrie, Peachland, reported the Sunday School Temperance lessons were being taught in many church Sunday Schools. 38 papers had been written in a competition held by the District Union and of these the 12 receiving highest marks were entered in the provincial contest, and from there 10 essays were selected and sent to the national contest at Toronto.

During the course of the proceedings a telegram was received from the secretary of the World's WCTU in Toronto which read "Greetings and sincere wishes for an inspirational convention. It is announced that the world's WCTU convention will be held at Vancouver, June 3 to 10, 1953."

Mrs. Parker, Penticton, chairman of the resolutions committee, brought in a number of recommendations which received the close scrutiny of members; among these was one calling attention to the deplorable habit of parents leaving their very young children unattended at home and in cars while they went to the beer parlor.

Attention was also directed to the new regulation by the bus company which permits the smoking of cigarettes in any part of the bus. Members protested that this is a source of annoyance and discomfort to passengers who dislike smoke.

Commendation was expressed of the school principals and teachers for their active interest in the cause of temperance.

The slate of officers for the ensuing year is Mrs. Mino, Summerland, president; Mrs. Jones, Penticton, vice-president; Mrs. Burgoyne, Kamloops, treasurer; Mrs. Milne, West Summerland, corresponding secretary; Mrs. Carlson, Winfield, recording secretary and Mrs. Millar, Trout Lake, Mrs. Reiswig, Winfield, executive members.

The Recipe Corner

BEST BRAN MUFFINS

2 tablespoons shortening
3/4 cup molasses
1 egg
1 cup bran
3/4 cup milk
1 cup sifted flour
2 1/2 teaspoons baking powder
1/2 teaspoon salt

Blend shortening and molasses thoroughly; add egg and beat well. Stir in bran and milk. Stir until most of the moisture is taken up. Sift flour with baking powder and salt; add to first mixture stirring only until flour disappears. Fill greased muffin pans 2/3 full and bake in moderately hot oven (400° F.) about 30 minutes.
Yield: 8 or 9 2 1/2-inch muffins.

The jayliver, jeweled neck ornament, is being revived by New York jewelry designers. The original jayliver was a courtly neck bow, worn by Louise de la Valliere, sweetheart of young Louis XIV at the 17th century Paris court. The modern version is a brooch-pendant of baguette and round diamonds set in platinum and palladium. Designed for convertibility, the piece can be worn as a brooch or attached to a necklace or chain in the jayliver fashion.

HBO CHAIRMAN VISITOR HERE

J. Elmer Wood, chairman of the Hudson's Bay Company Canadian Committee, visited the Penticton store Tuesday. Mr. Wood, who is also president of the Monarch Life Assurance Company, was making a routine tour of Hudson's Bay Company property.

Scott Fitzgerald); Patch, Thirty Years with G.B.S.; Rowse, The England of Elizabeth; Peniakoff, Private Army and Mora, Californios.

PRINCESS PAT HAIR NETS Not a hair out of place

High School News... The Big Eye

By BEVERLY HILL AND JOANNE VAUGHAN

CO-ED DANCE:

The ballots are counted and we find that the candidates for this year's Campus Queen Hop are Janet Rice of Grade ten, Dorothy Hall of Grade eleven, and Marie Kluck of Grade twelve. These three girls are extremely capable of representing our school. They stand for personality, scholastic ability, and allround good looks—everything we could want in our representatives of Pen-High. A King was elected, of grades ten, eleven and twelve respectively, are the elects. The final voting will be close. It is hard to say who will be the 1951 Campus King and Queen.

The Campus Queen Hop is the pet baby of the Girls' H-Y. The plans and preparations are in the making, and tickets will be on sale sometime in the very near future. Where there is laughter, lights and music, on the evening of May the eleventh, look for one of the season's biggest and best dances—the Campus Queen Hop. It's co-ed, girls, so here's your chance to date the handsomest males in P.H.S.

TRACK:

This "Beat Kelowna" year, as over one hundred students turn out for track practices every Tuesday and Thursday. High-jumping, broad-jumping, ball-throws, relays and all kinds of races are just a few of the many entries we are competing in this year. A talent scout couldn't have looked any happier than Miss Grunland when she discovered a "hurdler" among the girls of grade ten. Marie Pellicano of 10-A takes the cake. Miss G. said, and we quote, "Her form is perfect." Hmmmm. Does she mean Marie's hurdling?

GAMES FOR THE GIRLS:

Summer is well on its way as the weather is doing its best to prove. At noon hour the junior students are playing marbles, hand-ball, and skipping rope. The senior boys are playing football and soft-ball. But what do the senior girls do? Not-

ing! They stand around talking, or go for walks. Don't you think that games of some sort should be supplied for the girls? They like something to do at noon-hour too. There doesn't seem to be enough room for both the girls' baseball diamond and for the boys' football team. Well let's make room! Or would the girls prefer a ping-pong table? Come on girls, what is your opinion? The time for discussing "foreign affairs" is when you are old and grey. Now is the time to have fun!

PENTOKEN WEEK:

This week has been "Pentoken Week", sponsored by the Annual Board. The students have been most co-operative in buying booster tickets, and the display of the tickets has been very heartening for the Annual Board members. Many students believed that the Annual Board was fighting a losing battle, but the sky is brightening, and who knows? Maybe they will put out a terrific new annual. We all hope so, and you have our support, Annual Board.

EXAMS:

The grade tens are feeling rather sorry for themselves, as Mr. Cairns has just told them of a terminal exam in Science they are supposed to write. That isn't all either. Latin and French have to be passed by a terminal exam this year, too. Cheer up grade tens. All too soon you will be in grade twelve, and then you will have exams that will really worry you.

BEV. and JO.

City Firm Wins Wide Recognition

The Penticton firm of B.C. Park or Industrial, Ltd., has won continent-wide attention for its sales of Ferguson tractors and other implements.

The most recent news letter issued by the Ferguson Company lists the local sales outlet as in second place amid the so-called "Top Ten", the leading dealers in the various distributorships.

The Parker showing was exceeded only by Campbell's Farm Supply in Powerville, Mich. It is the only Canadian firm in this top group.

The position of the dealers is figured on the basis of the population in the area served, in relation to actual sales.

Numerical strength of the principal racial stocks in Canada at the time of the 1941 census was, in order, French, English, Scottish, Irish, German, Ukrainian, Scandinavian, Netherlands, Jewish and Polish.

Mrs. Hoagy Carmichael Compares Blue Bonnet — Finds It's Best Buy

Here's a hint from Mrs. Hoagy Carmichael, Compare BLUE BONNET Margarine with any spread at any price. Like the composer's wife, you'll love BLUE BONNET's fresh, sweet flavor! Rich nutrition! Real economy! BLUE BONNET is Canada's fine quality all-vegetable margarine.

BLUE BONNET comes in the famous YELLOW QUIN bag—colors in 2 minutes flat... Also in the economical regular packages, with color wafer.

OT-4

Oliver Memorial Council Plans Active Year; Don Wood, President

OLIVER—The annual meeting of the Oliver Memorial Council was held in the Elks Hall on April 11, with an attendance of about 25 interested residents of the district present.

President Ken Raincock reported on the operations of the council during the past year. The pool had been operated successfully during its second season and had been very well patronized by the young people of the district. Swimming instruction had been given a large number of pupils, the result of the tests given at the end of the season were very gratifying. Miss Dorothy Fox had done a good job as pool supervisor, the president declared. The Oliver Memorial Council had been asked to act as administrator of the funds provided by the Recreational branch of the Provincial Department of Education and had done so. Funds had been provided for instruction of juniors in swimming, life saving, baseball, basketball, and skiing. It is expected that the council will again act in this capacity during 1951.

A start was made on the bath-house and plans are underway to complete the bond drive to provide funds to finish the bath-house for this season. Teams were chosen from the elected executive and this will be undertaken within a few days.

Elected as president for the present year was Don Wood. Ewart Bowering was named vice-president and Bob Shannon continues as secretary-treasurer. The following complete the directors of the council: J. Longmore, C. E. Ritchie, B. Francis, W. Reburn, K. Raincock, Mrs. H. Carter and R. Conrad.

It was noted with approval that the Oliver Jayceettes, who have assisted the council in many ways in the past, have decided to go ahead with their own project this year, the construction of a wading pool for the younger children just north of the swimming pool.

Free Camp For Winners Of Membership Drive

Free camping at Wilson's Landing on Okanagan Lake will be offered to the Penticton boy or girl selling the most memberships in the Okanagan Anglican Camp Society's forthcoming drive for members. Sponsored locally by the Rev. W. S. Beames and C. S. Burth, the drive will continue from April 30 to May 31.

The campaign will be conducted throughout the valley with similar prizes offered in other centres. This summer, the camp will be open for eight weeks, with stays varying from seven to ten days.

While the Canadian Senate has the theoretical power of veto, in practice its functions are largely those of criticism and scrupulous study of legislation passed by the Commons.

"He's so obliging!"

YOU EXPECT the men and women in your local bank to be skilled, courteous, interested in their work and in you.

They are. Because they find satisfaction in meeting the standard of banking you require, rendering the variety of services you expect in a chartered bank.

And there is always the drive of competition. Manager, accountant, teller, junior — they all know that if you are not satisfied at your present bank you will go to another.

You can count on alert and friendly service from the men and women who look after your banking needs.

One of a series by your bank

A COMPANY COMMANDER of the Princess Pats in Korea points out the next objective and briefs his officers and NCO's on the plan of attack. They had just consolidated the hill on which they are standing and have a clear view of the enemy positions across the valley.

From the files of the Penticton Herald

TEN YEARS AGO — 1941

Wendy Stocks, daughter of Mr. A. M. B. Stocks of the bench, was elected May Queen. The princesses chosen to attend her were Helen Robertson, Marian Miller, Margaret Colquhoun and Esther Leir. Each member of the royal party was 11 years old. The Penticton War Services Association collected \$2665. R. Riddell was paid \$20 by council for damage to his trees. W. V. Knox of Penticton was in the Good Samaritan Hospital, Los Angeles, suffering from a broken leg. Council announced that a complete re-assessment of land and improvements would be undertaken by R. B. Reynolds. Mr. and Mrs. Harold Martin entertained the members of the ex-High School Glee Club. James English, superintendent of the local airport, addressed Rotarians on air travel. Mr. English also announced that the final grading of the airfield was expected in the near future. Penticton Board of Trade received a wire from the Trail group saying that 40 members from the south-eastern board would visit Penticton. Garbage dumping in the municipality was declared "disgraceful" by Councillor Ian Sutcliffe. Plans for the new hospital wing were changed and it was expected that the cost would be increased to \$31,000. A full page was devoted to the opening of the fishing season. Penticton Rotary Club was planning a carnival for May 1. A "Buy B.C. Products" campaign was in full swing.

TWENTY YEARS AGO — 1931

The Water Board granted the municipality the right to increase the water rate to \$14 an acre. Rumors that a \$100,000 hotel would be built here were prevalent. Officials of the Penticton local of the BCFGA expressed the opinion that if the Penticton group were to cut itself adrift from the parent body the association would break up. Turnbull's Apriates shipped a full carload of honey. This was the first full car to be shipped in the province. The car contained 25,122 pounds. Dr. C. G. Paine reported that a boy, who had accidentally shot himself with a .22 rifle, was progressing satisfactorily. Council announced that it was certain that there would be no increase in taxation and that a decrease was possible. The CPR announced that the weekday lake-bus service would be discontinued. At a meeting of the Penticton ratepayers a vote of no-confidence in the police board was passed. In addition council was reprimanded. Government Engineer E. Davis inspected the new intake dam here. He declared that the structure was "satisfactory". R. N. Atkinson lost the roof of a 40-foot shed as the result of a "winter". Herbert McGregor returned home after attending University. Some clothing consigned to J. Jurnya of Summerland was stolen from a railroad car.

THIRTY YEARS AGO — 1921

Chocolate bars were advertised at seven for 25 cents. Jas. Wilton Ewing offered the council \$200 for two lots. The offer was accepted. Harold Lloyd was appearing in "High and Dizzy" at the Empress Theatre. Mrs. R. B. White left for a week's visit to the coast where she planned to attend the convention of the IOOE in Victoria. Members of the congregation of the Anglican Church here planned to give the Rev. J. A. Cleland an illuminated address and a sum of money as a token of appreciation and affection on the occasion of his retirement. Messrs. Swan and Augustine were making plans for the Penticton Fruit Storage warehouse on the Inshore. G. A. B. MacDonald, G. L. Docker and E. A. Kay purchased a large quantity of crude oil with the intention of burning the oil as a frost damage preventative. R. J. McDougall presented a fountain pen to Bert Penton at a dance given in honor of Mr. Penton's transfer to Lake Louise after eight years service at the Inshore Hotel. About 80 persons attended the dance. The two-man RCMP detachment was scheduled to leave Vancouver for Grand Forks en route to Pen-

ticton. The remainder of the journey to the Okanagan centre was to be made on horseback. It was announced that a new company to be known as the Penticton Sawmills was to take over the operation of the Leir mills.

FORTY YEARS AGO —

Constable Carpenter, late of the London Metropolitan Police, made Penticton's first arrest for a traffic offence. The culprit was fined \$5. Stainer's "Crucifixion" was to be presented at the Methodist Church here. Solos were sung by Mrs. Pelton, Mrs. W. A. McKenzie, J. Harvey of Kelowna, and L. Farr. Mrs. J. R. Mitchell conducted. The singers were accompanied by C. H. Tupper. Edward Cannell was appointed municipal clerk in a temporary capacity while F. E. Tily took five months vacation. John Griffin, famous American thespian, was to appear in Penticton starring in "Othello" and Goethe's "Faust". A meeting was called to organize a fire department. The Women's Institute bazaar realized \$70 from the sales of provisions and home baked cakes and bread. Flowers were auctioned off by Captain I. M. Stevens. The Rev. J. A. Cleland entertained 12 boys at his home. The boys played baseball before and after tea. A fire in a partly cleared lot on Main street threatened several homes in the vicinity including the home of Councillor Kinney. J. C. Dufresne carried out a hydrographic survey of the Penticton district.

Market Prospects For Eastern Apples Reported To Be Good

KENTVILLE, N.S. — The British apple market is prosperous — although no more Canadian apples can hope to reach it this year. Apples are being loaded from Australia, and meanwhile, British distributors are handling apples from Italy, Denmark, Switzerland and other European countries.

One big importing firm recently expressed the opinion that supplies for the United Kingdom in March and April, would fall very short of requirements and that prices would run at very high levels during that period.

Also expressed is the opinion (or perhaps hope) would be a better word) that "it is highly probable that this will be the last season in which the Ministry of Food will purchase."

Meanwhile, marketing prospects for the local crop remain good. R. K. Bowly, board sales manager, said last week, there were approximately 123,000 bushels of all grades in cold storage in the valley, and that they were reported to be in excellent condition. The quantity is about the same as at this time last year, but the varieties in storage are much better.

Mr. Bowly says that sales continue steady in Nova Scotia and Newfoundland, with a small volume being marketed in Ontario.

Unusual Blessed Event Goat Has Quadruplets

What is said to be the most unusual occurrence is the birth of quadruplet kids to a four-year-old milch goat, owned by Mr. and Mrs. W. K. Dobson, of Coldstream. The little family came into the world last week. All are strong and hefty, were standing up and bleating loudly a few hours after birth, and are being "raised" through hand feeding.

Bridge-Grafting Means Of Repairing Tree Trunks Damaged By Frost

VERNON—Fruit trees which survived the severe cold of 1950's winter, but display injured trunks of only moderate severity may be restored to greater vigor through bridge-grafting, states the District Agriculturist.

While many trees are beyond repair, there are some blocks of trees with trunks exhibiting only small patches of loose bark on one side. Such portions of injured wood may be bridged over with lengths of scion wood applied across the wound between the edges of healthy bark tissue.

WELL MATURED WOOD

"Scion wood" is well matured terminal or sucker wood of last season's growth, the district horticulturist continues in his news release. This terminal wood is usually advisable, but it may not have sufficient lengths for some grafts. Well matured sucker growth is satisfactory, and this wood should be examined for winter injury occurring in 1951.

This should be cut from the same kind of tree as the one to be grafted, and chosen from a wood from a harder type of tree such as Hibernial apple, is given as an example.

If the scion wood was not gathered last fall it should be gathered now. Tie the cuttings in bundles and store in moist (not wet) sawdust or sand in a cool root cellar, or bury in moist soil on north side of a building.

Bridge-grafting may be undertaken when the tree bark can be lifted or slips readily. Usually the early part of May is the most suitable time, but work done later on may be reasonably successful.

The wood is scraped clean to the edges of the healthy tissue. Scion wood or grafts are cut fully an inch longer than the distance to be spanned across the injured wood. The ends of the scion wood are then each tapered with one sloping cut about an inch long. Single cuts of about an inch in length are made in the healthy trunk bark, and the bark is raised slightly from the woody trunk. The scion wood tapered ends are inserted under the bark at the cut and a small nail holds the scion and securely. Cigar box nails are ideal. Grafting wax is then applied over the nails and cuts. Usually the parallel scions are placed one to two inches apart, and run diagonally across the wound.

Many injured trees have sent out strong sucker growth from the crown or lower portions of the trunk. These may be grafted over

wounds into healthy bark tissue in the manner described.

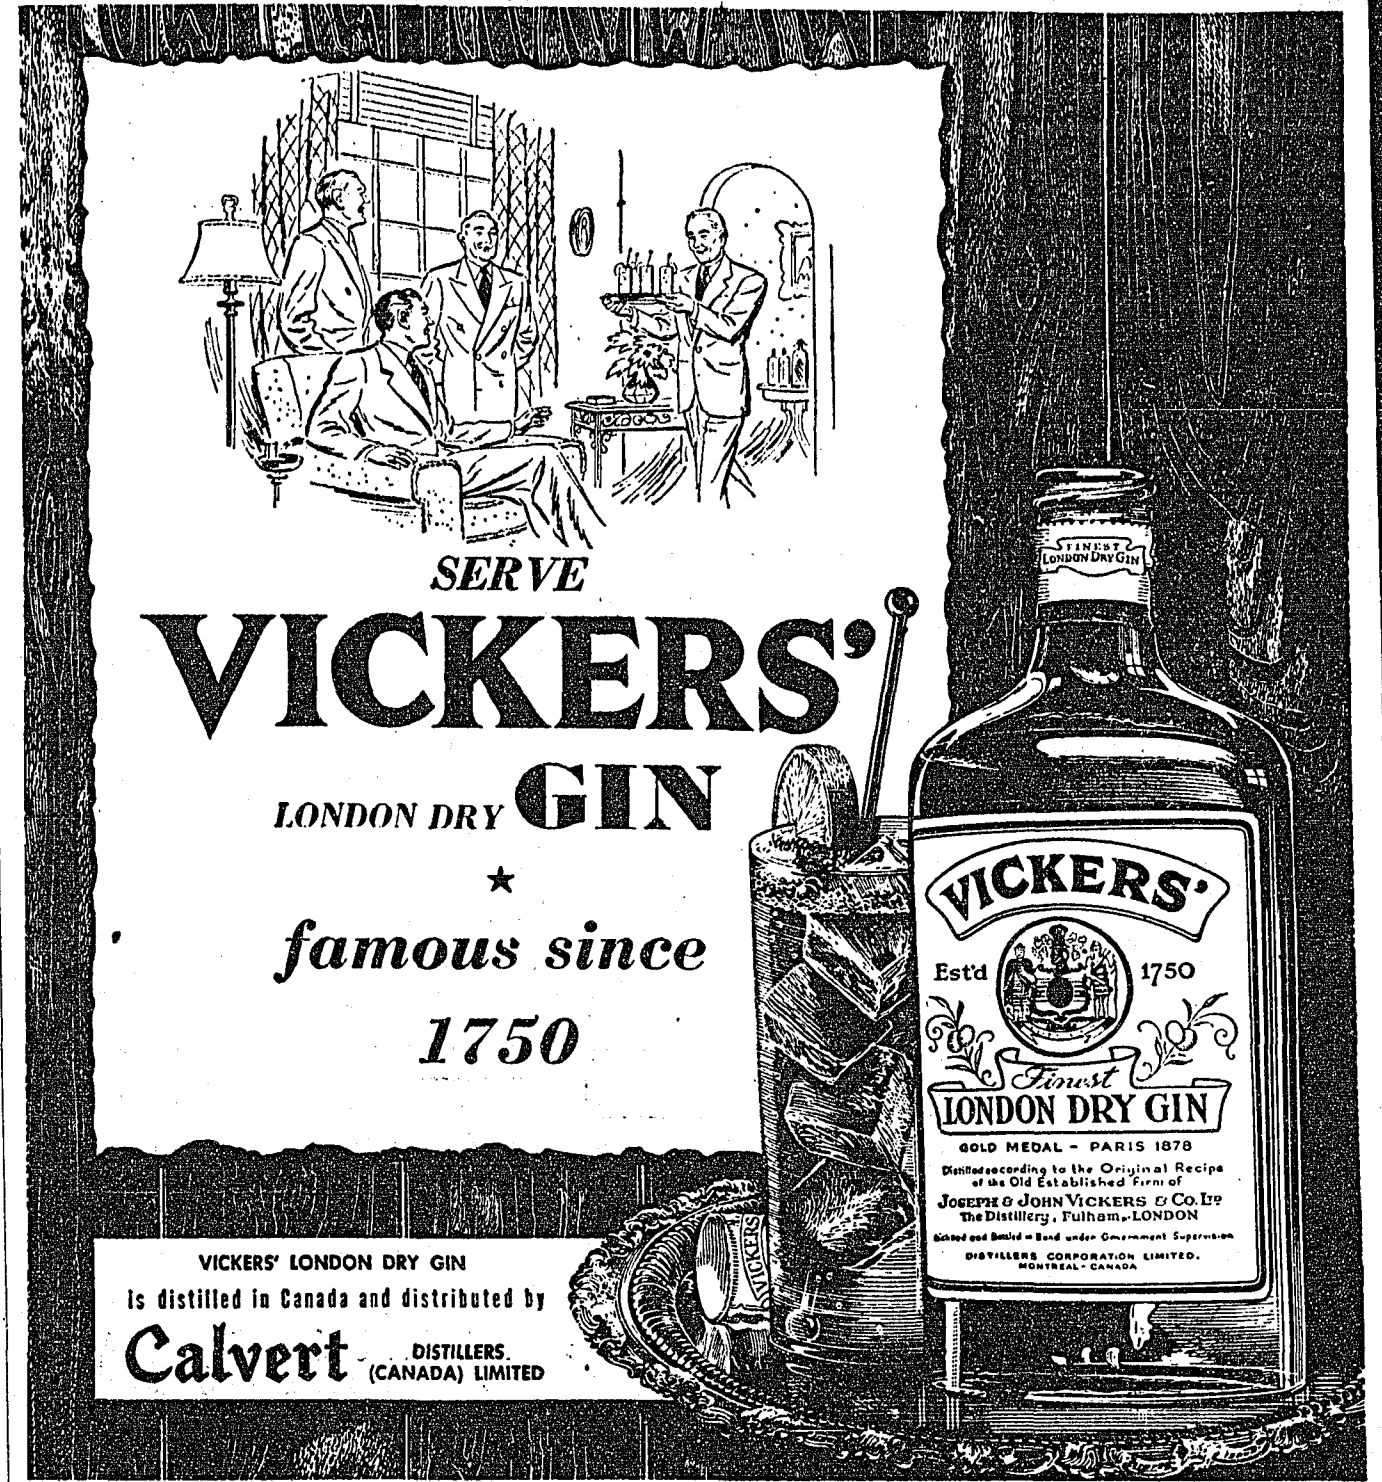

A demonstration of grafting methods and any further particulars can be obtained by contacting the local horticultural office.

Beware of "common" colds if you develop fever, body-aches or weakness. Such symptoms indicate the cold has passed the "common" stage. Call a doctor if such symptoms accompany a cold.

A SIGN OF GOOD FRIENDSHIP

SIR BENEGAL RAU, India's delegate to the United Nations, is greeted by External Affairs Minister Lester B. Pearson at a luncheon in Ottawa of the Professional Institute of the Public Service of Canada. Sir Benegal and Mr. Pearson both served last year on a UN cease-fire committee on the Korean question.

Vernon Ratepayers' Association Suffers From Lack Of Interest

VERNON—"Well, is it the wish of the meeting that the Ratepayers' Association fold up?" Those were the words of Ratepayers' Association president, E. E. Price, after he had stated he would like to see a new president elected at the annual meeting last week but could not get a single person to accept the nomination.

Mr. Price queried whether the lack of attendance at the meeting indicated that people have lost all interest in their city.

A suggestion that the association should be able to get 500 citizens to the meeting caused the president to comment, "Even 200 would be fine."

A total of 25 citizens attended the meeting.

"After reaching the depths of despair concerning the group's future, Mr. Price and G. P. Bagnall rallied the meeting. "I would be exceedingly sorry to see the organization disintegrate," said Mr. Bagnall.

Finally, Mr. Price was prevailed upon to continue and was unanimously voted back into office.

Other officers are G. P. Bagnall, vice-president; H. Hudson, secretary-treasurer; C. E. Hopkins, Miss G. Miller, H. W. Knight, C. Gilbert and A. Hawkins, executive.

Mr. Price reported some of the association's activities during the past year.

Secretary H. Hudson, returned unanimously to office, stated that the association had sufficient money on hand to meet all obligations.

Mr. Price told the meeting of an attempt to have W. A. C. Bennett, MLA, speak to a general public meeting in Vernon. As yet there had been no reply from Mr. Bennett.

Orchid grower Peter Black has just returned to Britain after a two month visit to Canada and the U.S., bringing with him orders for \$25,000 worth of plants which will be flown across. He plans to set up a branch nursery in Canada.

The Member Reports

By O. L. Jones, M.P. for Yale

The budget speech was received with a sigh of relief by the members, who were present in full force on Tuesday night last. The public interest appeared to be greater this year than last, with the result that the galleries were packed to capacity with expectant and anxious taxpayers. The general comment was that the worst was known was that we are getting off lighter than was expected, and far lighter as individuals than the taxpayer in the United Kingdom.

O. L. JONES

The main controversial subject seems to be the general sales tax boost from 8 percent to 10 percent. This particular tax, commonly called a hidden tax, has been under attack by the members for some years, and in view of the proposed powers that will be given the provinces to add still another 3 percent hidden tax for their own revenues, I can foresee that the main discussions on the budget will centre around this particular increase.

For several sessions now, the CCF has sponsored a bill whereby union and professional membership dues would be deducted from income tax, on the basis that dues paid by lawyers and doctors are already exempt, urging that the same privilege be granted to workers whose union dues form a substantial portion of their income. All the agitation that has been carried on for these years at last bore fruit, because Mr. Abbott announced in his speech that union and professional members' dues can now be deducted from taxable incomes.

Mr. MacDonnell, chief financial critic for the Conservative Opposition, charged that the government's new budget did not provide necessary steps to control Canada's rising cost of living. This, he said, constituted neglect and default on the part of the government. He pointed out that in spite of all the glowing figures presented, they failed to alter the fact that there are tens of thousands of people to whom they mean nothing because of the high cost of living. Mr. MacDonnell urged the government to establish a combination of measures, including certain price controls, government economy, higher taxes and other measures fitted into a flexible policy. Only in this way, he claimed, could the government fulfill its obligation to the people of this Dominion.

The cost of living index took a sharp jump, which was announced early this month. It not only caused consternation among all parties in the House but throughout the country as well, as evidenced by the new batch of protests arriving by every mail. So serious has the situation become that the government allowed the official opposition party to discuss the matter on going to supply. Mr. Drew, being the first speaker, severely criticized the government for its lack of effective policy to curb the rising cost of living. Mr. Drew repeated suggestions that he made on February 27th that would, from his point of view, effectively control inflation. I quote the statement:

"There are a number of things that we have urged the government to do:

"First, substantially reduce all non-defence expenditures by the government.

"Second, encourage the production of every line of civilian requirements so that increased production of these things may ease the strain and pressures which cause inflation.

"Third, encourage immigration which will bring to our country vigorous people with the skill and character which will make them useful members of the Canadian community.

"Fourth, remove all restrictions which will discourage the building of new houses urgently needed for the steady increase of population by our own normal growth and by immigration.

"Fifth, take effective steps to make sure we get full value for every dollar spent on defence.

"Sixth, restrain inflation through the control of currency by the Bank of Canada, and by other monetary controls available to the bank under the act which gives it its powers.

"Seventh, introduce emergency controls immediately to the extent that they are required to deal effectively with the cost of living and inflation."

Following Mr. Drew, Mr. Coldwell outlined his party's position regarding price control, drawing to our attention that the particular group has been persistently and continuously pressing for the maintenance of price controls until the economy of the country reaches a stable basis. He also pointed out an angle that is now as far as discussion on this topic is concerned, and I will quote what Mr. Coldwell had to say:

"I believe that if Joseph Stalin has a secret weapon, that weapon is not a fifth column; that secret weapon is inflation. It was inflation that Lenin used following the revolution in 1917 to destroy the basis of the Russian economy of that day, and to bring about the permanent imposition of the bolshevik dictatorship which took power at that time and retained it subsequently. It was inflation that was used in Germany to destroy the German economy. It was inflation that was used

For National Safety...

YOU are needed now
in the
RCAF

In these times, it is the duty of every Canadian to consider first the national safety of our country! It is the duty of every young man to do his part to strengthen our armed forces—to meet aggression—when and wherever it may strike!

The Royal Canadian Air Force is expanding rapidly. More good men are needed NOW in all branches. Particularly there is need for men to train as skilled aircraft technicians to maintain the flying efficiency of Canada's military aircraft.

YOUR ROYAL CANADIAN AIR FORCE HAS IMMEDIATE OPENINGS FOR MEN TO TRAIN AS:

INSTRUMENT TECHNICIANS
ARMAMENT TECHNICIANS
AIRCRAFT TECHNICIANS
AERO-ENGINE TECHNICIANS
RADIO-RADAR TECHNICIANS
SUPPLY TECHNICIANS

If you can qualify: act now.

To join the
Royal Canadian Air Force
you must

- BE BETWEEN 17 AND 40
- HAVE GRADE 8 EDUCATION OR BETTER
- BE PHYSICALLY FIT
- BE A CANADIAN CITIZEN OR OTHER BRITISH SUBJECT.

SOME 60,000 TROOPS of Canada's Special Force took part in a ceremonial parade at Fort Lewis, Wash., for Lt. Gen. G. G. Simonds, Chief of the General Staff. The parade was led by Brig. J. M. Rockingham, Commander of the 25th Canadian Infantry Brigade.

Cap & Bells

O! winnow, winnow, winnow all my folly and you'll find
A grain or two of truth among the chaff.

—W. S. Gilbert.

Did I ever tell you about my first visit to Penticton? I often laugh about it now but it wasn't a bit funny at the time.

It's some years ago now and, being a dyed-in-the-wool Eastern egg, I had never been further west than Toronto. One day I read a government pamphlet about the Okanagan. It seemed marvellous. Beautiful lakes, magnificent scenery orchards, hunting, fishing, bathing and a mysterious lake monster thrown in for good measure.

I didn't know much about British Columbia. Nobody does down East. We had all heard of Vancouver, of course. The murders and robberies there were quite familiar through the press and radio but the rest of the province was unknown country to us.

When I told my friends that I was considering a trip to a place called Penticton everybody said, "Where on earth is that?" When I said it was in British Columbia, eyebrows went up, there were whistles of surprise and heads were shaken.

The consensus of opinion was that the prairies were pretty tough and wild and woolly but that British Columbia (we never used the abbreviation B.C. we were not familiar enough with the place for that) was in a class by itself for toughness and was no place for a city-bred Easterner.

Everybody was much amused at the bare idea of my going to a place where two-gunned hordes roamed the streets. It made me mad. I'm not such a sissy as all that and I made up my mind to go to British Columbia. I would, just to show them.

There was much discussion as to the right kind of weapons to take along. Most of my friends were very much in favor of a couple of automatics. They said the revolver was out of date and very slow in action and everyone knew that speed on the draw made all the difference between walking home and being carried there.

That was all very fine but I'd never fired a gun in my life and, although I wouldn't have admitted it for anything, I'm scared stiff of the beastly things. If I had one of those horrible contraptions tied to my waist I should be scared to sit, stand or lie for fear it went off and hurt me.

Of course, I didn't say so. I just smiled and looked very knowing and said they didn't need to worry about me, I knew how to look after myself.

I bitterly regretted my decision to go anywhere near the darn place long before the time of departure arrived but I couldn't back down. Everyone said how brave I was and all the local societies like The Women's Institute and Ladies' Aid and the rest of them made me promise to give lectures on my experiences when I got back. So I just had to go.

It was quite late when I got to Penticton and I took a taxi to the hotel and went straight to bed. Next morning after breakfast, I spoke to the manager and asked him what there was to see. He said the first thing most people did was to admire the lake. So I went out and admired it. It was a good lake. I never saw a lake that looked better.

Then I wandered into town and up Main street. I was nearing the Post Office when suddenly I stopped dead. Cold chills ran down my spine and the hair at the back of my neck went all prickly. I had realized, all at once, that in every shop-window was a notice, "Be Courteous to Tourists."

I remembered the story we used to laugh at down East. The one about the notice in the Western saloon which said, "Don't shoot the pianist, he's doing his best." I had always regarded that as a

very funny story but, that morning, it didn't seem the least bit funny. The horrid truth was only too clear: I was a tourist. The notices applied to me. Awful memories flashed through my mind of stories I had heard about some tenderfoot dancing frantically whilst bullets smacked around his feet until, when the wretched man was exhausted, someone finished him off. "Plugged him" is, I believe, the correct term.

"Be Courteous to Tourists" was, clearly, the Penticton equivalent of "Don't shoot the pianist."

I cast a terrified glance up the street and horrors! my worst fears were realized. There, coming straight for me, were three grim-looking men, all in dark clothes, tight trousers, high-heeled boots and sombreros. Obviously, all in the same gang.

One look was more than enough. Uttering a wild shriek, I turned and fled at top speed to the safety of the hotel, expecting every split second to feel the shock and hot searing pain of a bullet tearing through my flesh. I knew just what it would feel like. I'd read about it often enough.

I reached the hotel more dead than alive and rushed into the lounge crying, "Help! They're after me!"

There was only one person in the lounge, a small man, very smartly dressed in a light grey suit. He gazed at me in open-mouthed amazement as, in broken words, I poured out my story.

Suddenly, he began to laugh. He roared. He kept on roaring. I began to get mad, in spite of my scare. I suppose he noticed my expression because he stopped laughing and apologized.

He said there weren't any bad men in Penticton and it was illegal to carry a gun. He said the men I had seen were, undoubtedly, ranch hands, amongst the best behaved and kindest of men.

I asked him about the notices and he admitted he didn't understand them either. He said he knew Penticton very well, had been coming there on business for years and had never known anyone to be other than courteous. He said the notices were probably just another stunt of the Jaycees. "You never know what those birds will be up to," he said.

I stayed my full time in Penticton and loved every minute of it. Did I lecture when I got home? I'll say I did! I made it good and strong with myself as the hero of every yarn. Well, wouldn't you?

Study Of Local Improvements Plan Held Up

The Board of Trade is experiencing a little trouble in its investigation into the local improvements plan.

At the meeting held in the Canadian Legion hall last Thursday night, H. G. Wilson reported on his efforts to learn from other centres what form the plan has assumed, and at the moment, he's stymied.

Mr. Wilson stated that he had written letters to civic officials of six cities and "all of them remained incredibly silent except Merritt... and Merritt carried out its plan with volunteer labor."

The committee chairman and vice-president of the Board of Trade is arranging a meeting with City Clerk H. G. Andrew and Alderman J. G. Harris to discuss the problem.

Efforts to gain information on group insurance are still under way. Letters have been written to six cities and to insurance companies and Mr. Wilson will report at a later date after their replies have been received.

Restaurant Men Will Meet In Kelowna

KELOWNA — The next regional meeting of the Canadian Restaurant Association will be held in Kelowna sometime in June.

This was decided at a meeting held in Vancouver last week, when members unanimously accepted the invitation of national director Jack Schell who, together with Johnny Dedora, Vernon, Okanagan and district CRA branch president, attended the meeting. This was held in Nat Bailey's celebrated Senator restaurant.

All branch presidents and national directors of the CRA are expected to attend the June meeting, including first vice-president Don Coburn, Fort William; and national president Clancy Sorenson, Vancouver, and national co-ordinator, Alec Gartshore.

**City Band Wants
Empty Beer Bottles**

Hang on to your beer bottles. This is the request of the members of the Penticton Band, who plan to make some money for themselves next month.

On May 26 the band will arrange a pick-up throughout the city.

Residents who have beer bottles available on that date will be asked to donate them.

The band will then turn them in and use the proceeds to aid their work.

The main thing to remember, the band emphasizes, is that such a pick-up is coming.

So allow those bottles to accumulate until that date—then box them up and have them available for the canvasser.

Look around, too, it is suggested. Attics, spare rooms, basements and garages can add something to the drive.

In the resultant clean-up, one of Penticton's most valuable assets, the band, will be assisted.

B.C. Hotel On Front Street As It Looks Today

RENOVATED THROUGHOUT and, in part rebuilt, the B.C. Hotel on Front Street was officially opened for business on Monday. Sixteen new guest rooms, bringing the total number of rooms to 48, have been provided along with a new restaurant which, in addition to ordinary service, will specialize in Chinese dishes. Beverage rooms are also contained in the new addition. The picture above shows the north-west corner and front of the practically new hotel as seen from Main Street. For further details turn to pages two and three of this section.

**Last Rites Held
For Herbert Clough**

Herbert Clough, 62, a resident of Summerland for the past 20 years died in his home last Sunday.

A native of England, Mr. Clough came to Canada in 1926 and took up residence in Summerland five years later.

A retired baker, Mr. Clough was past president of the Summerland Bowling Club. Besides being a member of the Summerland branch of the Canadian Legion he was actively interested in the Boy Scout movement and he was a member of the Masonic Order.

Surviving him are his wife Elizabeth Jane, two daughters, Mrs. R. M. Lewis of Osoyoos and Mrs. L. Garneau of Westbank; one son, Christopher of West Summerland, and two sisters, Miss Allie Clough and Mrs. J. Dowling in England.

**M. P. Finnerty To Speak
At Liberal Ass'n Meet**

M. P. Finnerty, M.L.A. for Similkameen, will report to his constituents on the current sitting of the Legislature at the general meeting of the Similkameen Liberal Association, Wednesday, in the Oddfellows Hall, at 7:30 p.m.

It is expected that J. Maltman, chief organizer for the B.C. Liberal Association, will also address the meeting.

Also surviving are three brothers Edwin and David of Penticton, and Robert in England.

Funeral services were held in St. Andrew's United Church, West Summerland, today at 2 p.m., the Rev. H. R. Whitmore officiating. Cremation was in Lakeview Cemetery, Summerland. Funeral Chapel was in charge of arrangements.

Lieut. Governor "Red" Graham will pay his official visit to the Penticton Kiwanis Club at the director's meeting tomorrow night.

**Teen-Age Problems
Discussed At Student
Councils' Conference**

More than 50 junior high school students from many valley centres gathered in Penticton last week-end for the first Okanagan Valley Junior Student Councils' Conference.

Following the banquet Friday, the students, including four from Oroville, Washington, heard the problems of the teen-agers aired in a panel discussion, presided over by the Rev. Ernest Rands. The speakers were: Dick Bennett and Lucille Walker, high school students, Grant Dow, school teacher and Mrs. H. Cleland.

PARENTS BLAMED

Opening speaker was Dick Bennett, teen-age pupil of the high school who stated that being a teen-ager was "tough up to a point but not as bad as it was sometimes made out to be."

Referring to juvenile delinquency he declared that the main cause of the trouble was the last war and the present unsettled international situation.

"Parents who spent a lot of time away from home were not giving the right attention to their children. The children often got in with the wrong sort of crowd with delinquency as a result," he contended.

The speaker declared that these conditions existed more in large centres where there were factories. "The teen-agers were allowed to run wild. It is the parents who are delinquent in these cases," he declared.

THE FAMILY CAR

Parents who denied their sons the use of the family car without a "reasonable explanation" were a sore point with the speaker.

"A lot of friction is caused when parents refuse their sons' requests with a flat 'no', declining to explain their reasons for the refusal."

Difficulties in the home also arose from the tendency of parents to refuse to discuss problems with their children. As a consequence the teen-agers went to their friends for advice. The student deplored the lack of interest in report cards. "Many parents don't even bother to look at them properly," he claimed.

OLD AND THE NEW

Mr. Dow used comparisons between present day education and the educational structure of his school days to demonstrate that, today, teen-agers are comparatively well off.

Speaking of his own school days Mr. Dow told his audience of the transportation difficulties that beset the students of the prairie schools. "Sometimes we had to walk two-and-a-half miles to school. There were no buses."

The speaker compared the curriculums of the past and the present. "We had certain subjects, history, English, mathematics and science. There were no alternatives, we had to take what was offered."

Today there is student government. In my day the staff was the government," he stated.

HOME LIFE

Referring to the home life of students Mr. Dow declared that children in his day obeyed their parents without question, while in the present time the youngsters were inclined to object to helping their parents. Mr. Dow also declared the tendency of the psychologists who advocated careful handling of the children in "case they were thwarted. Consequently children frequently behave as they wish while parents smile and talk of inhibitions."

The modern tendency to give a child a large allowance was criticised

by the school teacher. "In my days we had to work for our allowances. I remember raising a calf which was sold for \$35. That provided me with an allowance for a year and I bought some clothing out of it."

Graduation parties were also cited as costly affairs "with father footing the bill."

"When orchids, taxis have been paid for a man is lucky if he has anything left out of \$15," he said.

Mr. Dow's final comparison was between the past and present travel facilities. "Today we have cars and buses and good roads. In the old days we were lucky, at times, if we could get to school."

Summing up Mr. Dow declared, "If you think today's conditions are tough, then I think it's about time for someone to write a new dictionary."

Miss Walker defended her kind. She admitted that it was not tough to be a teen-ager but she also submitted that it was not easy.

"Adults tend to think of children as brats or delinquents," she contended. Referring to the belief of parents that children of today live at a fast pace, she stated that, in this regard, the examples of the parents were being followed.

Miss Walker admitted that the high standards of living were an advantage to a teen-ager. "Girls have a better chance these days. At one time there were only the nursing and teaching professions open to them."

IQ EQUAL OF ADULTS

Referring to the problems of the teen-agers, the speaker asserted that frequently parents will not talk to their children or answer their questions and, as a consequence, the children are compelled to go to libraries and magazines for the answers, a course that was not as satisfactory as finding the answers from the parents.

The speaker blamed the unsettled international situation for the attitude of some teen-agers, who have lived in unsettled times for most of their lives.

The speaker also contended that most teen-agers have I.Q.s equivalent to those of adults and consequently they should be allowed to vote. "The government expects a youth of 18 to give his life for his country but denies him the right to decide who should tell him to die."

In conclusion, Miss Walker advocated better understanding between children and parents.

Mrs. Cleland substituting for Mrs. J. R. Parmley, who could not attend owing to illness, looked at the problems from the points of view of the children and the parents.

She asked her audience if the teen-agers of today did not believe

that there was nothing they could not do, nothing they could not have for the asking or anywhere that they could not go.

"Then it becomes hard for the parents," she said. "Teen-agers start being teen-agers at 11 years old and that is quite young for them to have anything they ask for."

Referring to the casual way in which children of today address their parents Mrs. Cleland doubted if the children meant the hard kind of things they said. "It is just their manner. These things are everyday phrases to the children but to the parents they sound cruel. Often the older people brood over the attitude of their children."

LACK OF UNDERSTANDING
"In a lot of cases there is a lack of understanding between the child—

Renovated B.C. Hotel Now Officially Opened

An additional 16 hotel rooms and other amenities for tourists and residents became available this week with the opening of the newly renovated and, in part, re-built B.C. Hotel on Front Street.

In addition to the 16 new guest rooms, all with bath, the hotel now boasts a restaurant, specializing in Chinese dishes, and spacious beverage rooms.

The hotel has undergone many changes since the project was started on December 1 last year. The owners, the Valley Hotel Company with R. J. Adams, managing director, made plans that included the complete re-wiring for the hotel and the replacement of floor coverings and runner carpets. Structural changes included the demolition of three guest rooms at the east end of the building to make room for the new reading and writing room.

A new wing has been added to house many of the guest rooms and the beverage rooms.

Feature of the new wing is the new boiler house, built onto but insulated from the main body of the hotel, as a precaution in case of fire. Previously the boiler room was located in the basement of the main building.

With the addition of the new rooms, each with its own bath and toilet facilities, the hotel's capacity has been increased to 48 rooms.

Each room is adequately equipped with modern furniture and a spacious clothes closet.

On the main floor, next to the redesigned and renovated rotunda, is the new Flower Grill, with seating capacity at the coffee bar and at the tables for nearly 50 persons. In the adjacent Jasmine room, decorated with a Chinese floral motif and imported Chinese evergreens another 38 diners can be seated. The decoration of the Jasmine Room will be completed with a flower covered trellis-work wall at one end.

Operated by Mr. and Mrs. H. Yip, specialists in Chinese cooking for many years in coast restaurants, the grill will specialize in Chinese dishes.

The all-electric kitchen is designed for cleanliness and quick service. Feature of the kitchen is the special sink and counter that will be used for the preparation of the Chinese foods. To ensure fresh vegetables, the operators of the grill will grow the special vegetables for the chow mein and chop suey in their own

Presentation Of Summerland Group Delights Audience

A. K. Macleod as Bunthorne, the fleshy poet, and Dorothy Bates as Lady Jane, an "oldish" rapturous maiden, were outstanding among the excellent cast in the Summerland Players and Singers Club's presentation of Gilbert and Sullivan's "Patience" in the high school auditorium here last Thursday.

The polished comedy of the featured players drew delighted chuckles from the Pentiction audience which showed its appreciation of the two by bringing them back for an encore in the "That's What I Would Say" duet.

The hardworking cast of 47 showed fine enthusiasm for the difficult tongue twisting songs that tell the story of two poets, both separately adored by the 20 village maidens and the unsophisticated milkmaid, Patience.

Ably commanded by Pentiction's Jack Stocks, the score of Dragon Guards, who are alternately loved and ignored by the maidens, highlighted the adequate stage settings with their great bearing and splendid scarlet uniforms.

Directed by Bud Stewart, the musicians and singers, acquitted themselves with honors and produced a performance that sent the Pentiction audience home singing.

Drift bottles, released in Hudson Bay 20 years ago to check on water currents, are still turning up. All returns are from Hudson Bay shore points.

The beverage rooms with a seating capacity of 300 are decorated with red and green upholstery, varying between leather on the hardwood chairs and fabric on the chrome chairs.

Across the hotel on the corner of Forbes and Front streets the company has purchased two lots that are now levelled and in use as a parking lot for hotel patrons.

City Trailer Camp "Not For Sale" Say Park Commissioners

A Vancouver real estate firm, enquiring if the city planned to sell the trailer camp, received a decisive "not for sale" reply from the board of parks commissioners Friday.

The request was made in a letter stating that, if the city wanted to sell, a buyer could be easily found at the coast and also, if the board wished, the property could be placed on the agent's list.

Some \$3,000,000 is being spent each week in Alberta in the search for new oil deposits.

Canada's new One Dollar stamp, issued in February, emphasizes the great wealth of Canada's fishery resources.

More Tourists Here If Fishing Improved

This general area would be even more of a tourist Mecca if fishing conditions were improved in Okanagan and Skaha lakes.

Such was the emphatic submission of Avery King, of Penticton, president of the Interior Fish, Game, and Forest Protective Association, when he spoke before the Rotary Club at its luncheon meeting in the Inco Hotel on Monday.

When a fishing enthusiast comes here as a tourist visitor, Mr. King pointed out, he is almost always impelled to go farther north to the Shuswap or Cariboo. Fishing in the Okanagan has gone down sharply, and mountain lakes hereabouts have to some extent been fished down.

"If we only had the fishing for them here that we once had," the speaker emphasized, "we'd vastly increase the number of visitors and the number of days they'd stay here. We'd all benefit."

In his interesting address that covered many features of the fish and game situation, and which included a question-and-answer period, Mr. King also expressed his concern about pheasants.

Their scarcity at the present time may be the result of a cyclical decline, with hope for a return to better conditions at some future time. Or it may be the result of several factors, all working against a return to good shooting. Some thought is being given to the development of a pheasant farm in the Vernon area, he pointed out, but this is not yet finalized.

To John Coe's query as to the deer situation, Mr. King remarked that "cattle, sheep, and orchards are moving in on the old wintering grounds of the deer with very bad results for the hunter."

When C. G. Bennett pointed out that Pennsylvania, once almost denuded of deer, now has splendid hunting, Mr. King explained that that state had "spent millions, leased and bought lands, protected the wintering grounds, and been favored by good weather in recent years." The result was a great increase in the deer. "In fact they shoot does there now."

The speaker also conceded that there had been a return to much better deer conditions just south of the line. Okanagan County had a "crop" of about ten thousand deer last year.

He predicted that there might be a short season on moose in this vicinity in about five years' time.

The big animals have been coming down from the north, and have appeared on the west of Okanagan lake, though not yet on the east. This has brought down wolves, too.

"The wolves are back of Naramata now," he reported.

One bright part of the hunting picture involves grouse.

The coming season's shooting of this bird should be the best in a great many years' time.

The idea of the authorities is to thin this peak out, so that the good hunting can continue for an extended length of time.

In 1948, Canadians on the average attended motion pictures 18 times and paid about \$7 each in admissions.

THE GOVERNMENT couldn't order hens to lay regulation size eggs, so did the next best thing. The jumbo size hen fruit now has a special government category, Grade A Extra Large, to distinguish it from the ordinary "Large" grade. Toronto stenographer Audrey Greaves, who holds a jumbo size and pullet egg for comparison, wants to know if the hen who does all the work is going to get anything out of it. The answer is: No.

Kelowna Ups Tax Rate Three Mills; Record-Breaking Budget Approved

KELOWNA—Kelowna ratepayers had a double dose of tax increases last week.

Less than 24 hours before Finance Minister Abbott brought down his 1951 budget, Kelowna's City Council also submitted a record-breaking budget, calling for an increase of three mills on this year's taxes. The 1950 mill rate was 45 mills.

But the increase, amounting to around \$3 for every \$1,000 of taxable property, will be offset by a ten per cent discount on electric bills and reduced commercial and industrial power rates. To meet the million-dollar budget, council must raise \$363,739 by taxation.

The increase in the mill rate is necessary due to increased cost of education, debt servicing, labor and materials and necessity for an extensive road program.

In explaining the budget, Finance Chairman J. J. Ladd stated reduction in light rates will be equivalent to the tax increase. He said the tax rate of 48 mills is the lowest at which the city can be soundly administered.

A breakdown shows that 7,453 mills (\$56,482) has been set aside for general purposes; 12,406 mills (\$94,008) for debentures; 23,972 mills (\$181,656.34) for schools; and 4,169 mills (\$31,592) for school debentures.

Highlight of the budget was the announcement that provision has been made for hard-surfacing four miles of city streets with two and a half inches of asphalt at a cost of \$51,600. At the same time \$9,800 has been set aside for paying the city's share of constructing sidewalks under the local improvement act.

Hard-surfacing of city streets will probably get underway in the near future. Contract will probably be awarded to a large road building firm.

Monday night council agreed on what streets will be included under the four-mile hard surfacing program. They were:

Pendol Street, curb to curb from Bernard Avenue south to the bridge near Harvey Avenue; 24 foot width from bridge to the city limits.

Clement Avenue from Glenmore Road to Ellis Street.

Ellis Street from Bernard Avenue north to Clement.

Water Street from Bernard Avenue north to Doyle.

Abbott Street from Bernard south to entrance of park.

There is a total of 36 miles of streets and avenues inside the city limits. If the road-paving policy is carried out in future years, every road will be hard-surfaced in nine years.

Provision has also been made in

the budget for patching and repairing other roads that have broken up due to the winter frost. This work will be proceeded with as fast as possible, it was stated.

After Alderman Ladd pointed out that wage boosts in the various city departments were partly responsible for an increased budget, Alderman Dick Parkinson suggested that work projects get underway immediately. He pointed out that with the possibility of wage structures moving upward, council should speed the work and get as much done under the present wage scales as possible. The fruit industry can absorb surplus labor in the fall, he said. There was a shortage of labor last year and he thought it would be worse when this year's crop is harvested.

The reduced electric light rates will come into effect next July, Alderman Ladd stated. A surplus of \$22,000 is anticipated from the city-owned electric light department. The reduction in light rates will be equivalent to the tax increase.

Mr. Ladd said the proposed expenditure for 1951 is \$1,114,567. Estimated revenue from sources other than taxation amounts to \$750,836. This includes monies to be realized from trade licences and professional taxes; permits and fees; provincial government grants; fines and costs; rental sale of electricity and water, together with \$39,000 appropriation from the surplus account. Estimated revenue from property taxation is \$363,740.

Kelowna Red Cross Drive Tops Quota

KELOWNA—Kelowna and district Red Cross quota of \$10,000 was exceeded by a total of \$601.88, Colin Sutherland, campaign manager, announced Monday. The drive was officially closed Saturday night despite the fact there are several areas where canvass is incomplete. It is anticipated when last minute donations are received, the fund will reach the \$11,000 mark.

Mr. Sutherland paid tribute to organizations and individuals who assisted in making the drive a success. Total expenses of the campaign in the Kelowna area will be less than \$20.

Several Penticton Kiwanians are expected to attend the inter-club meeting at Tonksset Tuesday evening. The meeting is part of the Kiwanis "Goodwill Week" celebrations.

ABOUT YOUR INCOME TAXES

A CHARTERED ACCOUNTANT CAN HELP YOU BY:

- 1 Analyzing the taxation features of your business, with a complete knowledge of the income tax act.
- 2 Advising you of advantages and benefits of which you may not be aware, and which, in view of recent sharp tax increases, are of vital importance.
- 3 Advising you which of the various income tax returns are to be filed and when tax payments are to be made.
- 4 Preparing your business and personal income tax returns, and dealing with the Income Tax Department on your behalf at the time your returns are checked.

Consult a CHARTERED ACCOUNTANT...

He is a man who trained for five years (less, if a University graduate) under the direction of a C.A., gaining knowledge and practical experience through intimate contact with a wide variety of businesses. During this period he pursued an extensive course of studies and passed a series of rigid examinations set by a Dominion-wide board. His professional standing in business (C.A.) compares with that of M.D. in Medicine; that of L.L.B. in Law.

ren and their parents. The children are quite often misunderstood," she contended.

"Parents of today were brought up in a smaller world than we live in now," she declared. "Sometimes it is hard for parents to realize that their children are growing out of the circle the parents are bounded by." Speaking of the standards that parents had set for themselves, Mrs. Cleland asked her audience if the teen-agers tried to understand their parents?

Mrs. Cleland spoke firmly for discipline in the home.

"Every ship must have a captain. It may not seem essential while everything is going smoothly but when an emergency arises there must be someone who must chart the course," she said.

The speaker asked the teen-agers to know themselves thoroughly and in conclusion she advised "be ready. Don't wait for your opportunity to come, and then prepare for it. Be ready beforehand and take your opportunities when they come and you will get what you want."

Of Canada's 174,000,000 acres of land, some 70,000,000 are in grass.

More than 12 million homes in 37 of the United States use natural gas piped from US wells through more than a quarter of a million miles of pipelines.

MISS BIRTHA RYSGAARD, 20, and her tiger pet, three-year-old Bongo, stroll through a Copenhagen, Denmark, park. Birtha who lives in Jutland loves animals, as do millions of others, but it's doubtful if many people have an affection so strong it runs to tigers. Bongo is being shown in a Copenhagen exhibition of pets which include such inoffensive little animals as rabbits. Just to prove she's not only "tiger conscious", Miss Rysgaard also has a horse and a number of dogs.

Funeral Services For River Tragedy Victim In Okanogan

Funeral services will be held in Okanogan tomorrow for Francis Robert Dagnon, 30, victim of a river tragedy near Cawston last week when three men were drowned.

A native of Okanogan, Washington, Mr. Dagnon had lived in this province for three years, two of which were spent in Cawston where he was employed as a sawyer. The logger, formerly a member of the USAF, was a member of the Canadian Legion.

He is survived by his wife, Viola and two daughters Reta May and Heresa Lynn; three sons Patrick Dale, Michael Henry and Eugene Ralph. Also surviving him are his mother and father, Mr. and Mrs. Francis Dagnon, of Okanogan, and three sisters, Mrs. Joe Abbey, of Seattle, Wash., Mrs. Earl Burnett of Okanogan, Wash., Mrs. Arthur Schiewiet of Elmer City, Wash.

Mr. Dagnon is also survived by four half brothers D. H. Henson, Roy Henson and T. E. Henson all of Tacoma, Wash., and J. L. Henson of Okanogan, Wash.

Remains will be forwarded to Okanogan, Wash. Penticton Funeral Chapel is in charge of arrangement.

marks. "Some people say there is no such thing as surplus, only a lack of distribution, and fundamentally that is true," he explained. But there are problems which continuously confront the industry and create difficulties in obtaining that distribution.

The economic problems of the world are the main difficulties confronting this industry and he reminded the trade board that no solution has yet been found by world leaders.

Originally, the B.C. fruit industry was designated to take care of the non-producing areas of the prairies and to a lesser degree B.C., he pointed out. The anticipated increase in population was to care for the expected increase in acreage production here. But it failed to do so and thus the first surplus was created.

A VULNERABLE TARGET

Holding a perishable product with a fixed storage life, one becomes a vulnerable target for exploitation, Mr. Lander explained. Producers have little or no time to argue or bargain because their production activities take up their energies and any delay may result in a total loss.

This industry has solved most of its storage problems by building nearly 6½ million box storage buildings. He termed this a great achievement outstripping any other perishable producing area outside the Iron Curtain.

Before central selling was introduced, Mr. Lander declared, this great industry realized that if it was to survive it would be necessary for burdens to be borne equally and risks taken by the whole, not by small parts.

When central selling was adopted the principle that the wishes of the grower majority must rule was paramount and this principle still applies, he emphasized. There is and always has been provision for expression of views by all growers.

The board of governors is appointed by the growers to follow the policy laid down by the growers in operation of the sales agency.

REVOLUTIONARY DEPARTURE

This move in 1939 was a revolutionary departure which is still unique, he pointed out. Growers have been able to control their own marketing destiny. The pooling system is another weapon never yet available to B.C. growers' competitors, he continued, declaring that in the war years he saw plenty of producing groups being exploited but not so the B.C. growers.

In the war years were bound to rise but he felt that the officials of Tree Fruits should be credited with taking advantage of every opportunity which arose.

"But a sales agency cannot produce artificially prosperous prices," he reminded the trade board.

"The law of supply and demand is still the basic one, but he felt that more of the consumers' dollar is being funnelled back to the grower through the central sales effort than would otherwise apply.

He instanced that Tree Fruits has been extremely careful in dealing with reputable wholesale firms. As a result, bad debts have only amounted to \$200 on a turnover of \$230 million.

ADVERTISING LAUD

Mr. Lander praised the expanded advertising program, which has enabled B.C. fruit to work into every available market and onto ones never dreamed of ten years ago, including 36 states in the union to the south and every province in Canada.

"Unfortunately, chaotic world conditions have confronted us in world markets which we took for granted were ours, provided that we could supply them with our superior product," added Mr. Lander.

Now the UK market is entirely unreliable and the industry has never known in advance if it could export to that country. This past season 1,440,000 boxes of apples were exported to the Old Country.

In looking into the future, Mr. Lander declared that the biggest single handicap confronting the fruit grower is that his product, while highly desirable, is not essential to the point that markets cannot be obtained for the quantities which the industry wishes to put into circulation.

Future Of Valley Fruit Industry Remains Bright J. B. Lander Declares

SUMMERLAND—Sound advice to fruit-growers striving to maintain the first-class status of their industry in the Okanagan Valley was delivered by J. B. Lander, sales manager of the B.C. Tree Fruits Ltd., at a meeting of the Summerland Board of Trade Thursday night.

They have no reason to be pessimistic about 1951 operations, so long as they "continue the high standards and reliability of our best products, abandon haphazard methods and make an honest effort" for improvement.

Asserted Mr. Lander: "The future of the fruit industry need not fill us with alarm. It is as bright as in the past if we adopt the creed that we must... do a job just a little better than our competitors."

In an hour-long address, Mr. Lander took Board of Trade members over the difficulties which have been encountered in the past, which made necessary the creation of a central sales agency, told of present-day problems and then came up with an optimistic note for the future.

Mr. Lander gave four factors which loom largely in the present-day fruit industry problems. They are cost of production, cost of preparation, freight rates, distributors' margin.

COST OF PRODUCTION UP

Cost of production, he declared, has outstripped the other three factors in the rising cost of getting fruit from B.C.'s interior to the consumer. Material and labor in the packinghouses have doubled in the past ten years.

Incidentally, Mr. Lander declared box shock prices will probably go up 2 to 3 cents this year. He made no reference to labor's demands for \$1 per hour minimum wage.

"We have protested the rises in freight rates time and again, but they have gone up 43 percent," he continued, instancing that in 1939 it cost 50 cents to ship a box of apples to Winnipeg, now it costs \$7 cents. Cost to Ontario and Quebec is over one dollar.

"And yet we shipped over a million boxes of apples east of Port William this season," he added.

In dealing with the fourth factor, Mr. Lander noted that many growers have sought elimination of the wholesaler or retailer in the deal between consumer and producer. In his opinion, the wholesaler cannot be eliminated as long as the interior continues to produce so much of its commodity.

Whereas he agreed that wholesalers sometimes charge an exorbitant mark-up on scarce or imported items, he added that "our distributors have been reasonable in this regard."

EXORBITANT MARK-UPS

Whereas he agreed that wholesalers sometimes charge an exorbitant mark-up on scarce or imported items, he added that "our distributors have been reasonable in this regard."

He explained that competition among wholesalers limits the margin of mark-up.

Mr. Lander looked forward to the day when monetary problems are wiped out, and a resumption of free trade allows the B.C. interior to regain its world markets. He declared that the sales agency is in constant touch with its former export markets, who desire to buy from the Okanagan but who are prevented by the \$125 offshore subsidy given by the US Government to US apple producers.

This subsidy, plus lack of US dollars, has meant the loss of anywhere from 250,000 to 290,000 boxes normally shipped to Brazil, besides loss of markets in Holland, Belgium, and many other countries because of B.C. shipments from the US.

"The producers' entire attention must be concentrated towards producing a product which can withstand the upward trends," as outlined in the four factors, Mr. Lander enumerated.

"EYE APPEAL"

The consumer won't pay the price for a product which isn't attractive but will pay a premium for merchandise which attracts impulse buying by "eye appeal," he declared.

Reduction of ice grade and elimination of undesirable varieties must come about, as they cannot withstand the rising costs of production, preparation, transportation and distributors' mark-ups, he considered.

Henson for commencement of the sales agency was the surplus which was being produced in the B.C. interior, explained Mr. Lander at the outset of his remarks.

Canvas Footwear For the Family

Womens Connie

Cool and durable, light weight play shoes in step-in pump style with multi-colored elastic instep strap. Fine shoe fabric with natural crepe rubber soles. **3.95**
